GEORGIA! ■ @GaSecofState sent a letter to Congress on Jan 6th refuting claims of election fraud in GA asserting his office had thoroughly investigated. He now admits that transfer documents compromising hundreds of thousands of ballots in Fulton County are missing. @RealAmVoice https://t.co/w34gBN0Woq

RE: Point by Point Refutation of False Claims about Georgia Elections

Dear Congressmen and Senator Loeffler:

Thank you to each of you for your service to our country. I am addressing this letter to you because each of you have publicly stated that you are going to object to Georgia's electors elected in the November 2020 election. You are certainly entitled to your opinions. However, I want to ensure that your colleagues in the House and Senate have accurate information on which to base their votes to your objection. I respectfully request that you enter this letter into the Congressional Record. Once these refutations are considered, I am confident that Georgia's validly elected electors will be accepted.

Like you, I am disappointed in the results of the 2020 Presidential Election. However, my office has taken multiple steps to confirm that the result is accurate, including conducting a hand audit that confirmed the results of the Presidential contest, a recount requested by President Trump that also confirmed the result, an audit of voting machines that confirmed the software on the machine was accurate and not tampered with, and an audit of absentee ballot signatures in Cobb County that confirmed that process was done correctly. Law enforcement officers with my office and the Georgia Bureau of Investigation have been diligently investigating all claims of fraud or irregularities and continue to investigate. Their work has shown me that there is nowhere close to sufficient

New revelations that Fulton County is unable to produce all ballot drop box transfer documents will be investigated thoroughly, as we have with other counties that failed to follow Georgia rules and regulations regarding drop boxes. This cannot continue.
