Burger thang.

#Detroit, Cass Ave, 1980-2020. Of the 3 structures seen in the 1980 photo, only the one at left, built in 1895 & reno'd in 2003, remains. The other two were rooming houses. A British war hero died in the center building in 1965, penniless & alone. A @freep story led to a tribute. pic.twitter.com/bNa6N3MrqO
