#PORTFOLIO UPDATE

CDSL

CMP: 1258.55

One of my long term PORTFOLIO STOCK is getting ready for the next phase.

Will be a good point to add more quantity. https://t.co/KaidnjSWpY

A lot of friends ask for stocks that they can invest for next 5 years. I personally believe and personally invested into

1. IEX
2 CDSL
3. IRCTC
4. NAZARA TECHNOLOGIES

Please do not take this as an investment recommendation. Also my entry price is lower.#investing
