1/ #CapitolRiots fueled by #AlexJones' propaganda.

Alex Jones paid $500K organize the event, admits he was directed by #Trump to lead the crowd to the Capitol.

.@FBI Pls Investigate Free Speech System's & Trump's communications, donors & pre-election funding of infowars.

2/ .@FBI please investigate. My kids were taken away for countermanding defamation & because I spoke out against infowars, which I used to own. Pls investigate due process violations in D-1-FM-15-005030 & official oppression to silence anti-Trump speech.

3/.@fbi investigate why Alex Jones' DUI charge was dismissed w out trial and all Travis Co rulings to protect him, investigations not pursued by DA and (indicted) AG for racketeering, perjury. Investigate $6500 donation to judge prior to order entry...

Flashback to 11/20 Militia leader Stewart Rhodes on infowars boasts about having armed men prepared to go in, says #Trump must be bolstered or “we end up in a bloody fight..We have men already stationed outside D.C. as a nuclear option in case they attempt to remove (Trump)”

Flashback Nov 5, 2020 Alex Jones instigating, screaming about bringing a fight and chanting 1776 at the Maricopa County Recorder’s Office:

Subthread: Thanks to all for your support.

Praise God, my youngest child is finally safe with me, although Alex is actively distressing her, w intention.

It's not enough & Alex's counsel has pressured me while she has been in the ER 4 nights & while Alex was in DC inciting..

Subthread 2: I remain very concerned about all my kids & will never give up on doing everything I can to protect & morally instruct them.

I will not be pressed to trial in Alex Jones' latest cruel & unmeritorious lawsuit pursued solely to harm & to stifle my speech in secrecy..

Subthread 3: During this case, my children were left in danger, in a home w domestic violence & alcoholism.

They were denied medically necessary care &/or providers' recommendations ignored.

The hearings in the case were sealed w out due process.

This has protected Alex &...

Subthread 4: When a court punishes a mother for protected speech & political speech after it has unlawfully sealed a case & hearings, while telling Alex Jones he (and he alone) has done nothing wrong & "has his free speech," federal law enforcement & America must oversee..

I seek public oversight & assert my First Amendment rights to Free Speech & Open Courts.

My child is ill and my attorney is overwhelmed.

Any citizen, attorney or organization can move to unseal Travis Co. D-1-FM-15-005030 under Rule 76(a) of TX Rules of Civil Procedure..

Subthread 5: This is a matter of public safety & the coercion & silencing of a mother, by a Court, using threats of taking her children (& having done so) because she tweeted in defense of defamation, against propaganda outlet infowars & for attempting to get public oversight..

I can not accept the steal of the election from trump. Chicom JOE will never be my president. I pronounce the democratic party as terrorist and the republican party as a bunch of PUSSIES! ANTIFA and BLM have to be destroyed before the take over from within. Sores and all the new world order terrorist have us in concentration camps. As far as the murdered patriots go, this can not be let go. A new patriot army needs to be formed along with a Patriot party to fight in the white house against the democrat terrorist Chicom party

Thank you .@godboltjb for if this is for real, the possible criminal implications seem to be verrrrrry serious.

Congress sat on their asses for 4 years. Trump even had them all at the White House to give them a free lunch. Meanwhile thousands of conservative accounts were eliminated. Did they think this would not happen tp them? Now a full scale purge of conservatives is underway. PREP FOR CIVIL WAR.

Active serious and dangerous comments on infowars, amid treasonous and coercive threats to "Hang Pence" by disturbed people in our troubled nation. This is from "moderated" comments. If they allow it they are party to it.

Everyone needs to show up in the millions, armed and willing to stay until they government gets the hint.
we don't want them and we don't need them.

they won't and can't gun us all down.
even if a few people in the front lines were gunned down it would be the end of all of them

I believe any American would be concerned about the content & am reporting it according to my duty.

Will post clips when I can

Tried to post BannedVideo clip w Alex Jones/infowars raging at the front of the march.

An unidentified man (Security of some sort??) turns to the March & seems to say, "Alex! It's time to storm the Capitol! Backstage!"

Cannot post, tagged as "harmful." Why .@TwitterSupport?

Some retweets & comments are jumping to conclusions. Sounds like "Time to storm the Capitol! Backstage!" I'm not sure, though, &this a matter law enforcement should investigate. I feel it's important to be responsible & not presume or accuse. The pros at the .@fbi have this.
