THREAD: Yesterday following a pro-Trump/anti-lockdown protest in Salem, OR, riot police fired sting balls at conservatives and Proud Boys who refused to step back while trying to confront counter-protesters.

Filmed by @MaranieRae for @N2Sreports. Contact me for licensing.

In the moments before the sting-ball incident, portions of the right-wing crowd including Proud Boys came across a group of counter-protesters they identified as "antifa" and began chanting "Fuck antifa!" before police stepped in between.
