■ Find the data collection process here: https://t.co/KUgySaugtj

YouTube and 1001Tracklists are, right now, the only sites where I can retrieve data (in other words, I know how to do it), so if you want to help me, send me a DM! ■

■ Threads are posted with a delay of 2 weeks compared to the reference week, time for me to listen to enough music.

See you next week! ■
