I have other work to do at the moment so I have not finished this but here's a peak at my break down of #AmberHeardIsAnAbuser's claims against #JohnnyDepp #JusticeForJohhnyDepp and the evidence that proves they are FALSE.

Example B: The Painting Incident.

Buckle up this is a long and bumpy ride...

Hang in there...

Wait for it....

Have you forgotten the cause of "The Painting Incident" ???

We still aren't done....

Are you confused yet?

Here comes the BOOM...

But wait.... THERE IS MORE.....

Now, Amber is FORCED to commit to March 22, but don't worry, it won't stop her from lying her ass off and still fucking up the landing here....

Ah who cares about details like dates, locations, EVIDENCE....NOT AMBER!

March 21 2013.

March 23, 2013.

So riddle me this IF you can....according to #AmberHeardIsAnAbuser
1: What date did "the painting incident" happen?
2: In what location was she assaulted?
3: Is the "painting incident" the same as the "disco bloodbath" incident?
4: Is the painting incident the same as VAN PEE?

5: How many pieces of evidence, submitted by Amber and her sister, do not align with her claims?

If you can unravel THIS incident.... MAKE IT MAKE SENSE.
