jimin: who loves me the most is taehyung — an emotional thread

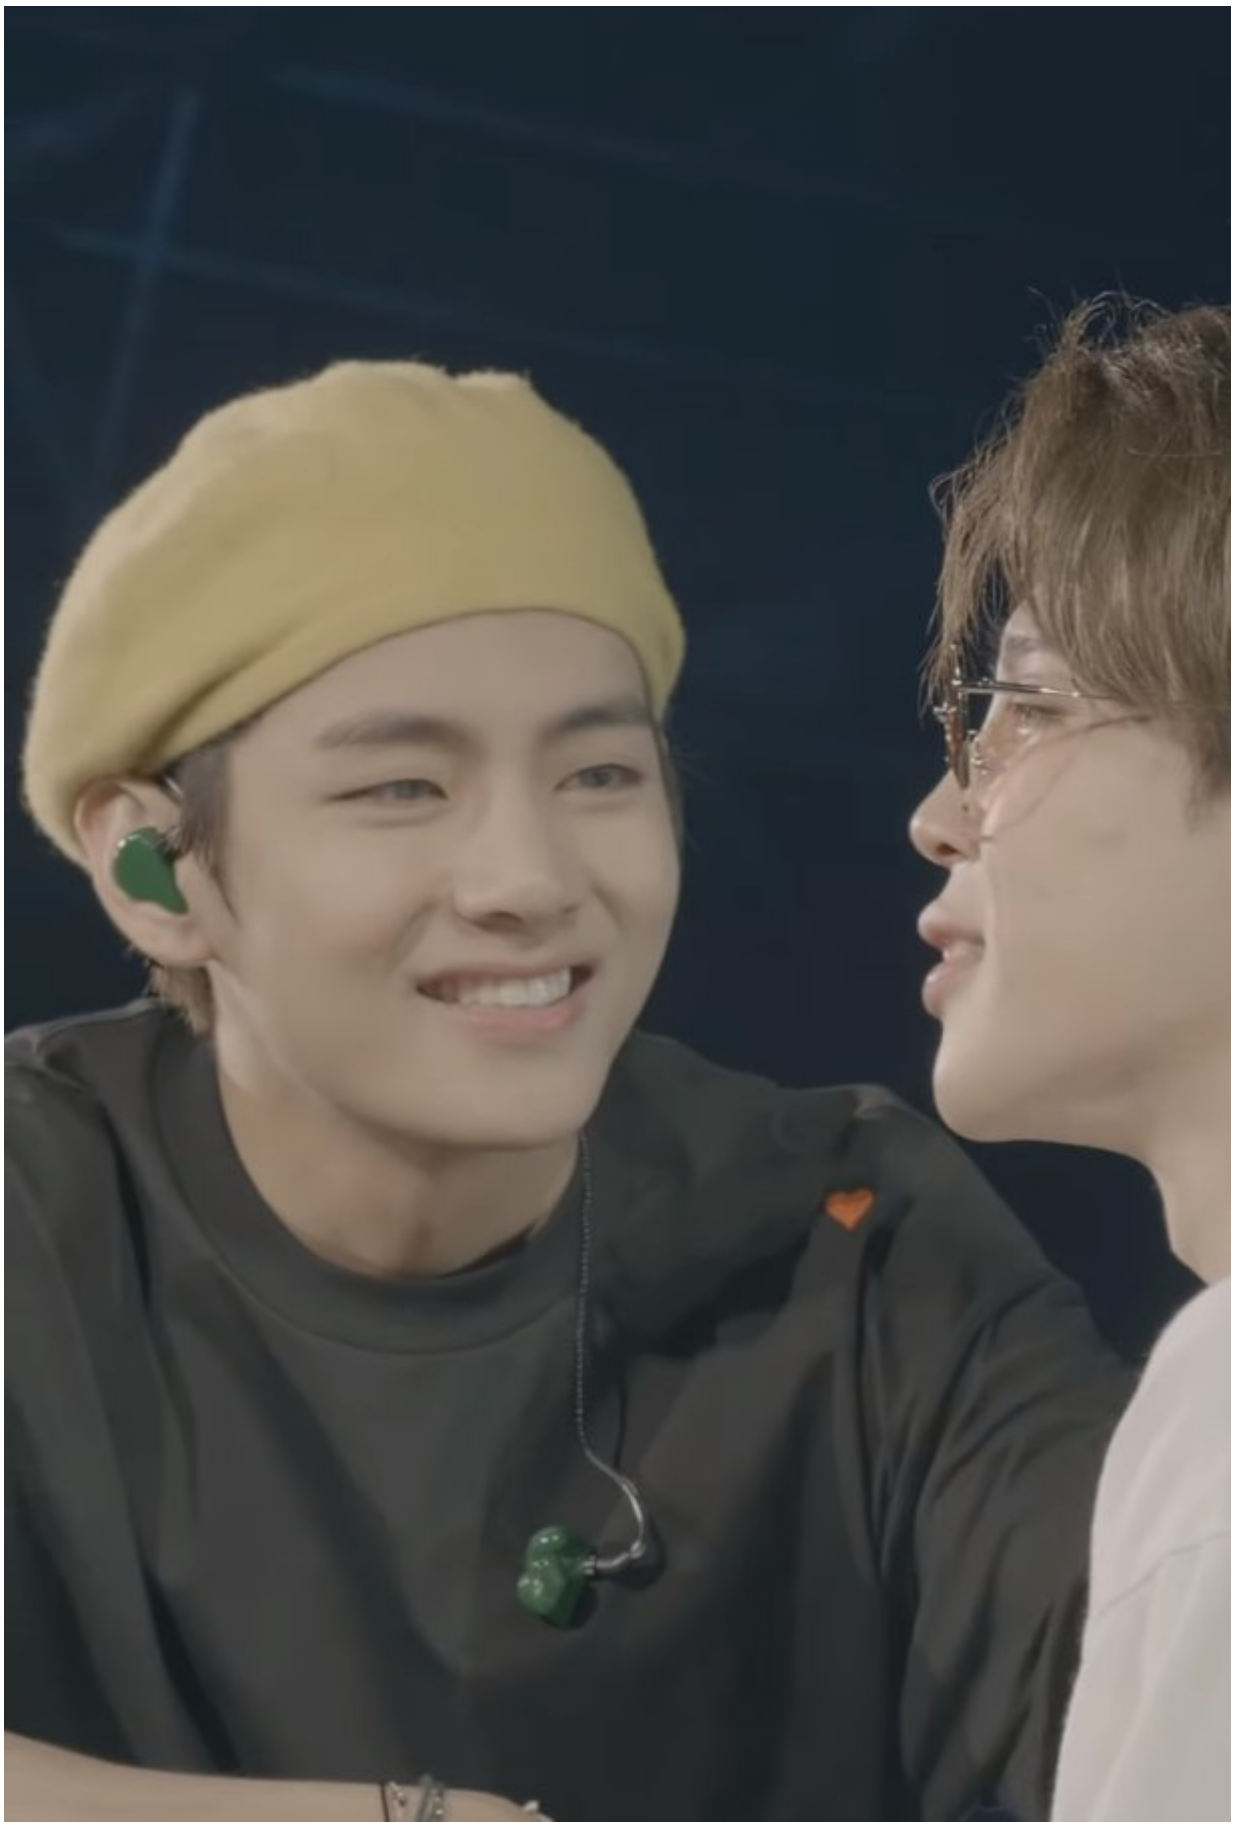

i will start with this and i guess nothing can top this so I'll go cry

To Jimin

Hi Jimin
Writing you this since your letter makes me cringe but I'm trying to go on. Please understand. Since our trainee days, we came to Seoul without a clue. We woke up, put on our uniforms and attended the same school. We ate together, went to practice and got back to the dorm. Then we'd talk at night. After such 6 years, you're now my dearest friend. Before our debut, you once got anxious about it. At that time I had a company meeting. They asked me what I would think if Jimin is on the team. I thought it over and said that you're there when I'm up or down, the only one who cried and laughed with me. I said that I'd like such a good friend to debut with me as a team. It felt good to say that and I am glad that I was able to debut with you. All our good memories make me happy. And I'm sorry since I'm always on the receiving end. When I'm in the bathroom

im so sad rn
