■ wherein jaehyun is the new boy at school and loner taeyong falls head over heels.

■■■■■■■■■■:

this story belongs to me. the characters used obviously are not, and any occurrence in this story that could relate to any real life event is purely coincidental. I also DO NOT own ANY of the photos used in this AU.

now, I'm sure you all know this but:

- . do not comment, just quote.
- . do not copy or steal.
- . ignore the timestamps.
- . ignore any typos I make.
- . I am from Australia so I may use some Aussie slang in my writing.
- . ■■■■■■!

■■■■■■■■!

there will be angst. if the story triggers you in any negative way, do NOT continue. this is not a horror nor thriller, but inside may contain certain elements that may be triggering for some.

This will include bullying. That's a main focus of this au. And there will be h\*mophobia as well, from the bully. The bully won't have a platform, and is not based on an idol. This will be a comedy-angst so if the angst isn't your cup of tea well.

Anywho !! Enjoy !! I'm looking forward to writing this! ■■■■
