Sua and Siyeon have been enemies for 4 years. This is their final year in college, will they make amends? Maybe become something even more? Maybe the verbal sticks they threw were a facade.

2. I hate her!

"You're finally done!" Minji exclaims as she pulls Bora out he door. Bora pushes Minji away as she scoffs, "you think it's easy to look as beautiful as me?" Minji chuckles and just walks faster, Bora chase her as she threatens to push her onto the road. Minji just shakes her head as she continues walking, as they enter the school gates, they see 2 other people entering. Now, they didnt think much about it at first, until they realised it was Siyeon and Gahyeon. Bora glared at them and snarled, "bitches" she mutters. Minji looks in her direction and scowls. "At least their friend Yoohyeon isnt here yet. Shes the worst" minji exclaims. Bora shakes her head, "Siyeon is way worse." She states. Just then, Siyeon turns her head to look at Bora. Bora immediately looked away, she really didnt want to interact with Siyeon right now.
