Die Forschung mit Virenmanipulation und mRNA Impfstoffen geht dem schon seitlich weit voraus.

Nachfolgend

- zum Bau des Labors in Wuhan durch BioMerieux -> Bancel jetzt Moderna
- Werbebroschüre BioMerieux (CEPI GAVI Einbindung)

However, through the Bancel (WEF), James Le Duc, Biomerieux gateway France still stayed pretty well in the game - however, sophisticatedly covered. Quite a camouflage masterpiece.

@Keane1975 DARPA ' ADEPT '

2013 Moderna Funding

<https://t.co/zBotlFgYII>

.

I'm referring to the fact that DARPA created mRNA vaccines under their secret program code-named "ADEPT".

DARPA funded Moderna in 2013 with \$25 million. Then they ran the first ever human mRNA trials in Fall of 2019.

Amy Jenkins was program manager. <https://t.co/URkw8O378D>

Aber, es gab ja noch einen 'geheimen' vierten Impfstoff.

Moderna 2017

Bcs trials for Moderna's only small market product had to indefinitely be halted,

Moderna had to move into the vaccine market.

Also a loss maker in 2017.
