Explained you same concept with Elxsi. The real test of a strong Breakout is that the big hand will not give you another chance to buy the share at the breakout level. They will absorb all the selling of weak hands. I mean "STRONG breakout". https://t.co/7fxFqGQl3p

Tata Elxsi ---

In the last 10 minutes, all the selling was absorbed despite intraday positions being squared off (if not converted). will wait for the EOD data. However, the chart structure is extremely strong. https://t.co/pci7GCDBEO pic.twitter.com/1NBD9V3mKc
