Thread – Why the Latest Pelosi-backed $2T Stimulus Bill Went Nowhere

1. The Dementiacrats have been holding more virus relief hostage in order to force Republicans to cave and vote for another $2T Dementiacrat porkulus bill instead.

2. Senate Dementiacrats have voted against the Republican's $500B relief bill targeted at REAL PEOPLE (small business and the jobless) multiple times.

3. A $2T virus relief bill was ramrodded through by House Democrats in March through July when it was signed into law by the President. It contained junk that had nothing to do with virus relief but was the price that Republicans had to pay to get relief to suffering Americans.

4. Dementiacrat bill that San Fran Nan wants to push down our throats now contains $2T more of this crap, as well as relief directly targeted at Blue states to cover pension shortfalls and other past Dementiacrat mismanagement.

5. It's no wonder why Republicans are telling her to "piss off" on the latest $2T porkulus bill.

6. The below is from the 'Net and summarizes what was in the first $2T that was supposed to have been aimed at "virus relief." You can decide for yourself if the Dementiacrats are interested in relief for real people or subsidies for Dementiacrat constituents instead.

7. American population: 330,483,530

Stimulus bill: $2,000,000,000,000 ($2 Trillion)

Dividing the cost by every person in America is $6,051.74

The government could have given every person over $6,000, but instead will give $1,200 to each adult under a certain income.

8. Do you want to know where the missing 96% of your tax dollars went in that July $2T that was passed into law?

22. I can see passing the $500B relief bill in the Senate targeted at the jobless and small businesses, but that is it! F**k San Fran Nan and the Dementiacrats (and the legacy media who spout the Dementiacrat narrative)! ///The end.
