1. Georgia : China

"China is a TOP source for imports and our 3rd largest exports market. We welcome thousands of Chinese visitors each year to the Peach State..."

- Governor Brian Kemp

Welcome Chinese companies to settle in Georgia

Georgia has a thriving international community. The Georgia Economic Development Agency has representative offices in Qingdao and Shanghai. A first-class global business environment, preferential taxation and policy support, the most developed logistics network in the United States, a large number of skilled workers, and emerging high-tech companies are all the reasons why Chinese companies have settled in Georgia.
