Dr Bertram is a well-recognized advocate and technical expert for the #cancer community, for the brilliant work to support efficient & effective global ■ cancer control planning!

Find more at: ■■■

She led the developments of the first exercise of @WHO @UN @SDGoals #BestBuys recommendations for #Cancer, turning the Impossible into the possible:

■■■■ achieve cancer- specific goals in low- and middle- income countries, where #cancer should NOT be a sentence of death!!

Bringing help, expertise, strong passion (and smiles!) to help countries develop #NCDs & #Cancer effective health policies @UNDP

Working on #Cancer when... It was a "Western Countries health problem"
@dcp3

.

Then, enforcing the development of a resilient community for global cancer control!
