2020 has been filled with many challenges and our community has had to adapt in unprecedented ways.

We invite you to take a moment to look back with us at what has been an unforgettable year, and what YOU made possible. (Thread)

At the onset of the year, the coalition convened in January to plan the strategy for Secular America Votes - 2020, which was headed up this year by [@SecularStudents](#) who did an amazing job turning out the the vote of secular students this Nov!

In February (*way back* when we could be together in person) we hosted our annual Member's Meeting with key staff from our 19 member orgs. Attendees lobbied Congress and attend a meeting of the Congressional Freethought Caucus (CFC) where they present their priorities.

When the pandemic lockdown began, Director of Policy & Gov Affairs [@CaseyBrinck](#) pivoted to virtual lobbying, contacting not only Congressional leaders, but [@SBAgov](#), [@HUDgov](#), and the [@US_FDA](#) as well. Making sure your leaders were held accountable.

This year was dark for so many. We saw many atheists and humanists around the world persecuted for their views including Nigerian Humanist leader Mubarak Bala. Our coalition continues to stand in solidarity, demanding his freedom [#FreeMubarakBala](#)

These inhumane blasphemy laws finally got the Congressional condemnation they deserve with this year's passage of #HRes512 and #SRes458. We thank [@RepRaskin](#), [@SenatorLankford](#), and [@SenCoonsOffice](#) for their leadership helping these resolutions pass.

S.Res. 458 - **Adopted**

This year was also wake up call to the continued persecution in our own country. While racism has long been aided by Christian Nationalism, we continue to improve the intersectionality of our work.

Our movement benefits from the many Black atheists and humanist voices #BLM

Our coalition is full of diversity and that was shown & celebrated this year in various ways with @BNonbelievers' billboard campaign, @LGBTQHumanists' 'Centering the Margins' Conference & @FreethoughtScty's Secular Day of the Dead. SCA is proud to have supported these efforts!

Our movement saw many of our annual traditions and gatherings moved virtually but that did not deter us!

One highlight for us was facilitating & conducting interviews with CFC members @RepRaskin and @RepHuffman for @SecularStudents' virtual Lobby Day. <https://t.co/8cFCBmd1oB>

Speaking of which, the CFC has grown significantly this year with the additions of @RepRashida and @RepDonBeyer!

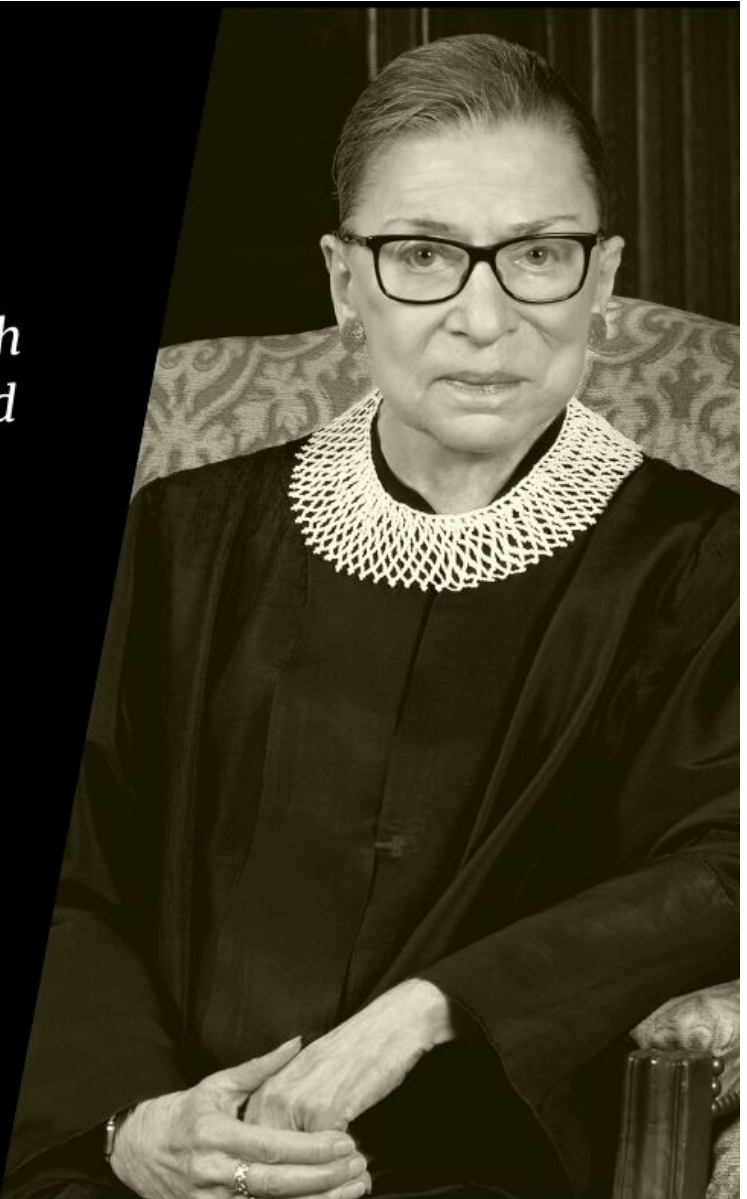

The increased visibility and inclusion of nontheists in politics is something we do not undervalue. This year was historic in that regard.

This year was filled with loss and grief for many. Many in our coalition have lost friends and loved ones, as well as influential figures who championed secularism and skepticism like Justice Ruth Bader Ginsburg & James Randi.

We honor them in our memories and actions

“

Our Constitution was designed to separate church from the state...Each should stay out of the other's business.

”

JUSTICE RUTH B. GINSBURG

Atheists. Agnostics. Humanists. Americans.

2020 was the year the Secular Vote made its voice heard. With President-elect Biden's inauguration around the corner, we are optimistic about adoption of our priorities laid out in our in our Secular Agenda for the 117th Congress and Biden Admin: <https://t.co/ByxLE3aPaI>

We can only do this work because of your support. If you appreciate the work we are doing, and want to be a part of our efforts, we hope you will consider giving today: <https://t.co/Wq71AeLuC7>

2021 is going to be another big year for SCA

Today is not only the last day of 2020, it is the LAST DAY to have your donation doubled! Our 2021 lobbying efforts begin Tuesday, and with a lot of damage done to the wall of separation over the last four years, there is a great deal of work to be done: <https://t.co/Wq71AeLuC7>
