Breakdown of the offers that have been scaled past the 1,000 buyers per day

EPISODE 1

=== THREAD ===

If you are a marketer, an entrepreneur, or simply somebody that is selling something (not necessarily online), you CAN'T AFFORD to avoid reading this thread

It is packed with persuasion lessons and shows how this person was able to influence over 1,000 people PER DAY to buy it

So, for the first episode the subject is the sales letter of "The Incredible Sex Video Series."

Here's the sales letter: <https://t.co/65W9xwrSjB>

Without wasting time, let's go over the page.

Let's start with the headline.

The main emotion here is curiosity.

A mysterious doctor (dead over 100 years ago) did something so extraordinary that for everybody is considered almost impossible (over 2 million orgasms).

Shortly before his death in 1899, an Infamous Doctor writes down
THE SECRET TECHNIQUE HE USED TO GIVE
WOMEN MORE THAN **2 MILLION ORGASMS.**

However, his manuscript **Mysteriously Vanished** and was lost for over a century...

...UNTIL NOW

On top of that, his manuscript was “Mysteriously Vanished” for over a century until now (■■).

Even the greatest playboy would be curious about how the fuck he managed to do this.

Don't tell me you wouldn't

It starts in medias res (in the middle of the story).

Notice how the story is captivating. You can clearly see the scene in your head thanks to the perfect choice of words.

“Butterfly Technique” gives a feeling of curiosity and authority --

I peeled off my skin tight dress, and his fingertips began gently exploring my body...

His hand slowly made its way **up my inner thigh** and grazed my pussy.

I took a deep breath in and allowed myself to relax...

As he started to apply the *Butterfly Technique*, my eyes rolled to the back of my head, and **I lost control of my breathing.**

My hips began to writhe, my back arched, and the muscles between my legs contracted involuntarily.

I could hear myself moan as I dug my nails deeper into his chest.

I began to buck wildly as if riding a crazed bull in the rodeo.

My moans became screams, and I was sure the neighbors could hear me from all the way down the block.

I didn't care. I just didn't want him to stop.

Then I came. HARD. Harder than I ever had before. A wave of pure ecstasy washed over me, as my pussy juice flowed down his fingers.

Still shaking, I could not believe it but I had just experienced the **most intense, body-quaking orgasm of my life...**

Better than the kind I'd read about in erotic novels.

anyone who reads this thing would be curious on what the heck this technique is and how it's so powerful.

PLUS a woman's point of view is different from a man's one. It is clearly more believable, cause the man could be bragging about something that didn't happen.

The main pain point is being ashamed of not being able to make a girl come, so what she is selling is the CONFIDENCE of being able to please every single woman on command.

So she promises she's about to give the reader the secret technique to do it.

When I looked into his eyes, I saw a level of confidence I had never seen before...

THE SAME KIND OF
CONFIDENCE & POWER YOU
ARE ABOUT TO EXPERIENCE...

Now this is REALLY powerful. She's selling revenge.

Everyone who has been humiliated by someone wants revenge, ESPECIALLY when we're talking about sexual experiences.

After the bad stuff, she flips it over and gives them a vision -- how would it feel if it went the other way?

THINK BACK

Think back to every girl who has **rejected you...**

Every girl who **picked another guy over you...**

Every girl who ever **laughed with her friends about you** behind your back.

Think back to every girlfriend, friend with benefits, random hookup, or one night stand who was **underwhelmed** and needing more once the sex was over.

And instead, imagine how it would feel if every one of those women swore that *you* were **the greatest lover she ever had.**

She keeps magnifying the promise.

How it will change your woman's sexual life -- and she will literally WORSHIP you.

This way she isn't simply selling "how you can give pleasure to your woman", but she's selling ATTENTION and EXCLUSIVITY. Much more powerful.

Once I came to my senses, it became very apparent the Butterfly Technique was **the most incredible sexual technique ever discovered**.

And even days later, **I couldn't stop thinking about him** and how he made me feel...

Plain and simple, I was addicted.

I found myself unable to sit or stand comfortably.

It was as if **my pussy was now missing something and wanted it back**.

And don't be surprised if you see an **incredible transformation** in your girlfriend, wife or lover - **the very first time you use this Technique**.

In fact, it's completely normal for your lover to feel an aching between her legs, an almost painful **sexual void** that will stop her from concentrating on anything else.

And she'll know that this combination of soreness and emptiness **can only be filled by having you inside of her...**

No matter how cold, distant, introverted, or conservative in bed she may be...

She'll find herself **uncontrollably tightening and clenching her pussy** right before she explodes with orgasmic pleasure...

She addresses all the objections any reader could have.

It is basically fool proof.

Everybody who has two hands can do it. Even if you DONT have a cock.

This gives hope even to the most desperate readers.

It doesn't matter if you have the world's smallest dick...

It doesn't matter if you have trouble getting it up...

It doesn't matter if you rarely last more than 30 seconds...

It doesn't even matter if you've never given a woman an orgasm before in your life...

When you use **the technique I'm about to share with you**, you'll be able to turn the woman you're currently thinking about into **your very own personal nymphomaniac**.

She'll be desperate to slide her tight, wet pussy up and down your cock...

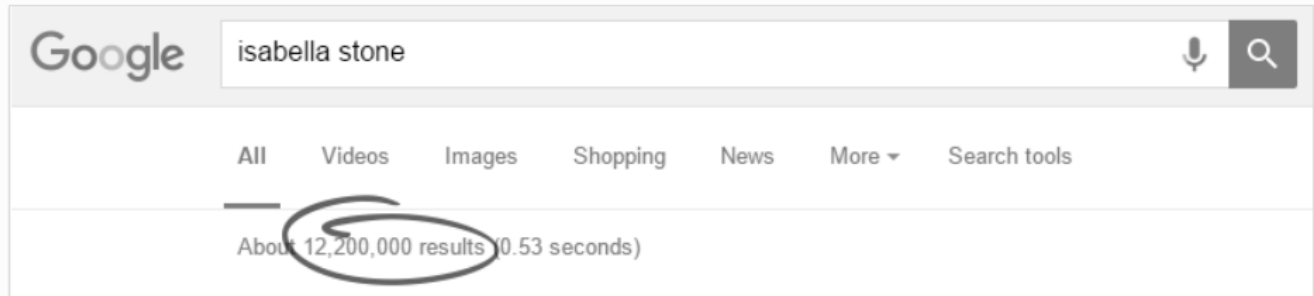

ANY TIME YOU WANT

She addresses the authority part and stresses the fact that - despite she's an expert and she thought she knew it all - this technique still shocked her.

If this shocked EVEN AN EXPERT... it's gotta be something hot, right?

And why am I so confident that you'll see results like these when you use this one simple technique?

My name is **Isabella Stone**, and my sexual training advice has been quoted on over **12 million** websites and blogs around the world...

I've been featured on the Howard Stern Show, Penthouse Magazine, Playboy Radio, the New York Times, and over 75 other major media outlets...

Crazy story about how this Doctor apparently found the cure to an old problem (hysteria), but with an alternative "unorthodox" method

--> alternative methods by an underground (nobody trusted him at the beginning) are LOVED by people

You see, during the late 1800's in England, when a woman would suffer from insomnia, unpredictable, or erratic behavior, disobedience, fits of lashing out at their husbands, or simply not behaving in the way women were expected to at the time...

Doctors would often diagnose them with **Hysteria**, which is a form of insanity...

Husbands would bring their wives to local physicians who would try and **cure** the women of their hysteria by using everything available at the time...

Various drugs that ranged from **completely useless** to **toxic** to **poisonous**...

All the way up to **dangerous** and **potentially fatal surgeries** where they would actually **drill into the woman's skull** and puncture certain areas of the brain...

However, one doctor, **J. Mortimer Granville**, had an entirely different approach. He believed he could cure female hysteria in a much safer manner...

BY FOCUSING HIS ATTENTION BETWEEN HER LEGS

Continues the story of the doctor and how he made A FORTUNE with his methods

--> this reinforces the authority since he used the methods on tens of thousands of women.

UNTIL...

Several days later, the wife returned to Dr. Granville's office, **only this time she was by herself...**

She explained that she was starting to feel some of the same symptoms she had originally and asked if he would **treat her once again...**

The woman excitedly **stripped off her panties** and laid down on the table, which now had **leather restraints** on it to ensure nobody else fell off...

This time when Dr. Granville performed his technique, the woman's **pussy muscles tightened** so much they clamped down on his fingers and cut off the blood supply to his wrist — to the point where **he thought his hands were going to fall off...**

As he once again gave her a mind numbing orgasm in only a few seconds...

And when he was done, she looked up at him with amazement in her eyes and in a quivering voice said, **"Thank you doctor, but I think I need to come back again next week."**

And just like clockwork, the following week the woman found herself back at Dr. Granville's office...

Only this time, she wasn't alone...

.. he had a serious health problem to his hands, so he was FORCED to stop with practising his methods.

But he casually invented the vibrator (keeps reinforcing authority. If he invented something that is used till today, it means the story is true, hence the methods work).

BUT THIS CAME WITH A SERIOUS COST

Doctor Granville would go home and **soak his hands in buckets of ice** to try and ease the **pain of the crippling arthritis** that was starting to form...

Dr. Granville feared he would be forced into an early retirement, as it was becoming more and more difficult to perform even the simplest of tasks such as brushing his teeth or tying his shoes without feeling **excruciating pain...**

He believed that he was stuck with **two terrible options...**

Number one would be to **retire from medicine altogether** and most likely **watch everything he worked for disappear** because all he could do from that point on was sit at a bar and drink day and night...

And that's why he stopped using this secret technique that, later in his life, he decided to write in his notebook to make sure it won't be lost forever.

So, let's recap: she closes the loop he opened with the title.

Obv the story ISN'T 100% real, let's call it plausible.

But she makes an amazing job tying it with things that happened really.

Clears also the "why can't you perform it on yourself" objection, making you feel even more exclusive (if you don't do it, nobody will).

Plus she tells of when she first tried it, reinforcing the concept that it's REALLY powerful and creating a new vision.

Dr. Granville also wrote that **it's anatomically impossible for a woman to perform the Butterfly Technique on herself...**

I tested it out, and he was right...

No matter what I tried, I **simply couldn't get the right angles...**

This means **your lover will be forced to come to you** anytime she wants to feel this level of incredible pleasure...

And since this is **the first time** the Butterfly Technique is being made available to the general public, you can bet that **no guy has ever performed this on her before...**

I was desperate to feel for myself just how incredible the Butterfly Technique is...

Here's how the product was born.

→ Social proof.

Lots of people used it and were amazed by it. So amazed that they offered lots of money to teach it, etc.

She renews the promises made at the beginning, creating a deep burning desire in the reader.

Before I knew it, I began receiving calls from guys all over the country, begging to learn this technique...

Some guys even offering to **fly me out to them first class** and **pay me thousands of dollars** just to know Dr. Granville's long lost Butterfly Technique...

Now I had been working as a sexual trainer for several years at this point, and I got into that field because **my goal in life was to make the world a better place one orgasm at a time...**

And as amazing as Dr. Granville's technique is, there was so much more I wanted to share in order to **turn you into a living, breathing sex god...**

That's when I decided to take all of my **years of training and experience** and create the ultimate **step-by-step video training program...**

And that brings to YOU.

You you you you you you you you you.

You can NEVER repeat this word enough in your copy.

YOU'RE NOT THE SUBJECT.

AND THAT BRINGS US TO YOU

And whether or not you're going to **allow yourself** to learn from
The Incredible Sex Video Series too...

That might sound weird.

I mean **who *wouldn't* want to have the skills of the doctor** famous for giving more women orgasms than anyone else in history...

As well as **the encyclopedia** of other incredible **orgasm-inducing techniques we've discovered** along the way...

I know this **sounds like it's magic**, but remember **it's science...**

Almost **two hundred years of medical science** that has been **proven** to make even the shyest, most conservative, or sexually repressed woman **completely lose control** when she's with **you...**

And you're about to have **this same power over any woman** lucky enough to let you **use these techniques on her...**

So are you ready to do all these fantastic things?

Is your desire fucking burning?

I know it is.

Notice how she gets you to say yes in your head multiple times.

This way you will be prone to say yes even when she asks you to buy it.

Subtle but very powerful.

SO, ARE YOU READY TO EXPERIENCE WHAT IT'S LIKE?

To **have any woman begging to get you in bed** every single night?

Offering to try just about anything your dirty little mind can come up with?

Even **cheating on her boyfriend** just to feel what it's like to have a **real man** pleasure her?

And happily **inviting her girlfriends over** so they can also experience this level of **orgasmic ecstasy**?

I think we both know the answer...

Introducing the bullets.

Super important.
