3.2 billion people use Chrome as their browser…

But no one knows all the best extensions Chrome has to offer.

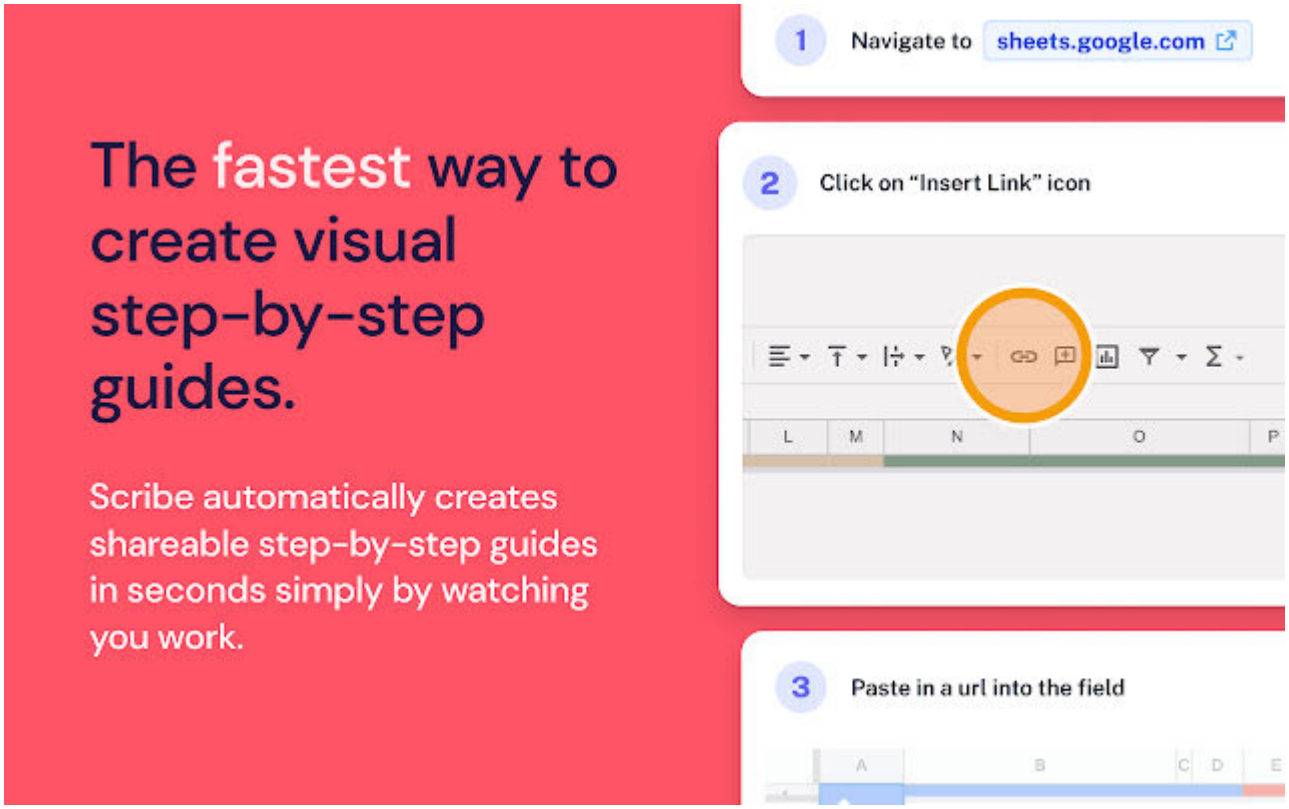

Here are 13 extensions that you shouldn't live without…

1) ScribeHow

Scribe allows me to record a video going over something and automatically puts it into a step-by-step guide.

Saves me time when:
- teaching clients
- onboarding
- making SOPs

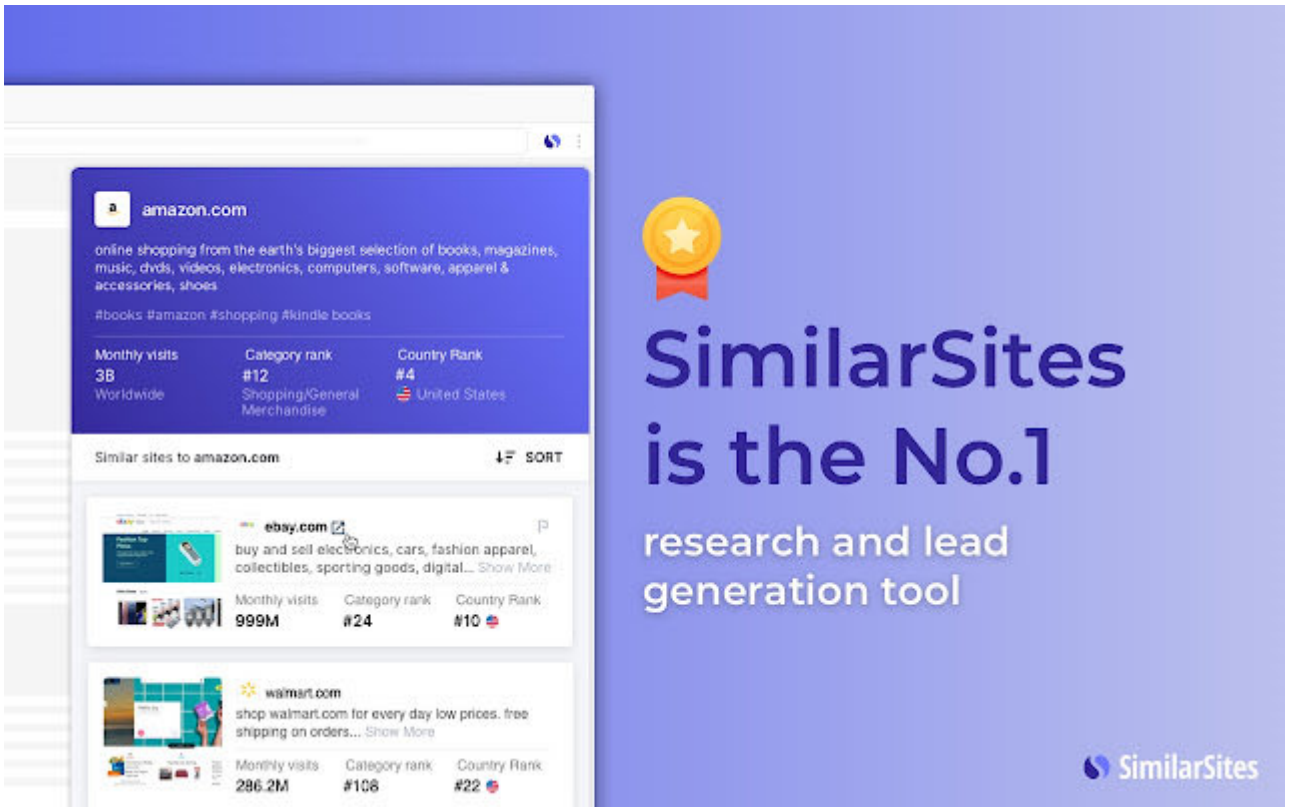

https://t.co/8e8ryT4boP

2) Similar Sites

• find sites that are similar to the one you're on now
• allows you find better resources
• great for shopping, content, travel, or business and research

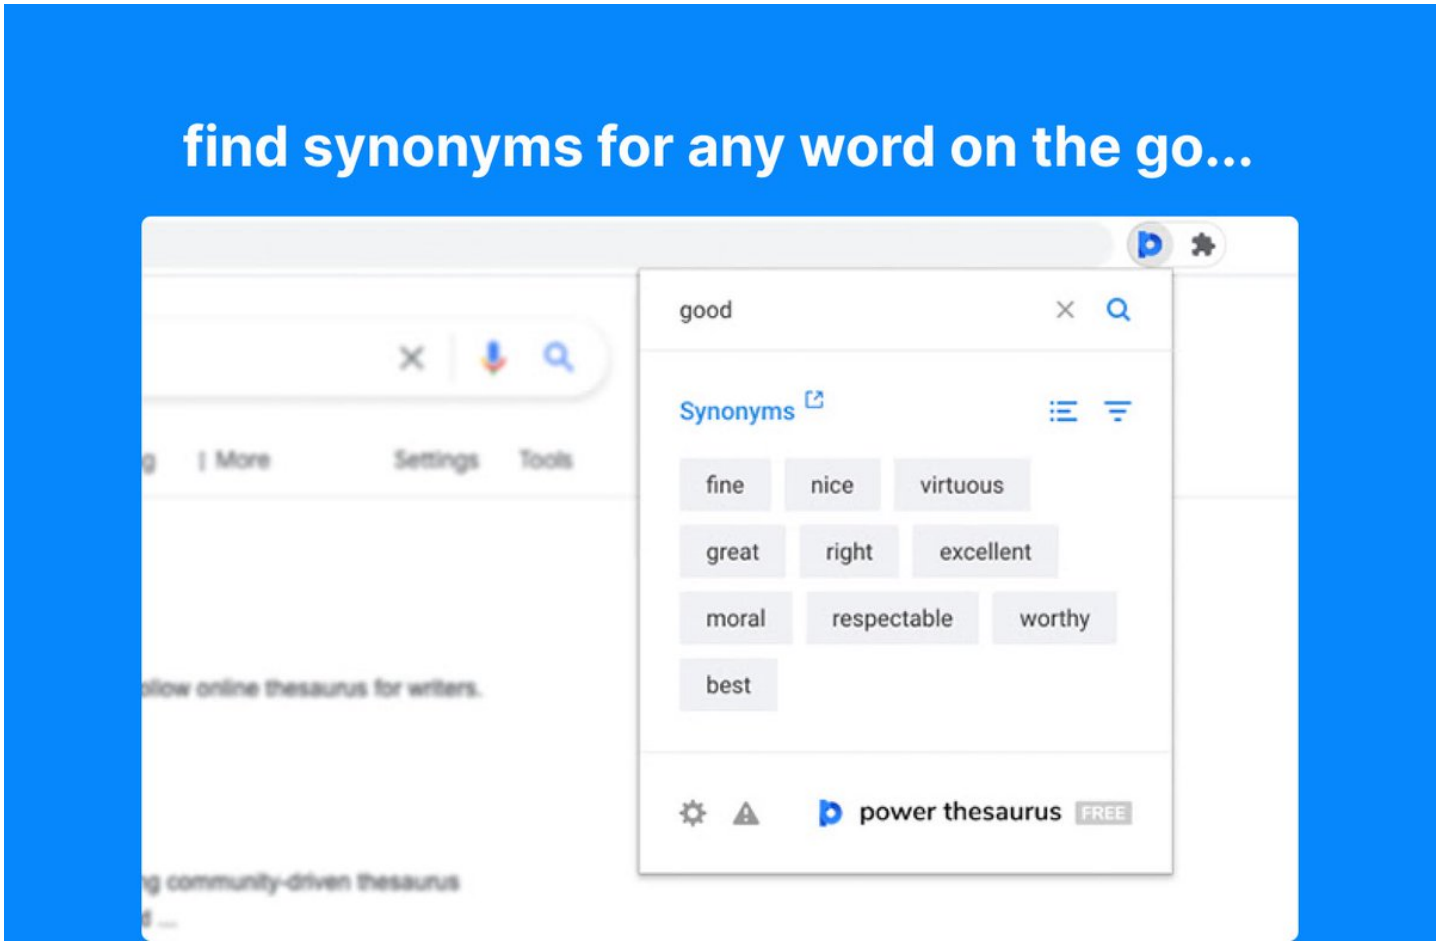

https://t.co/IjRvTvhVHX

3) Power Thesaurus

• replace powerless language
• find synonyms to words in your copy or writing
• great at finding attention grabbing words for your headline

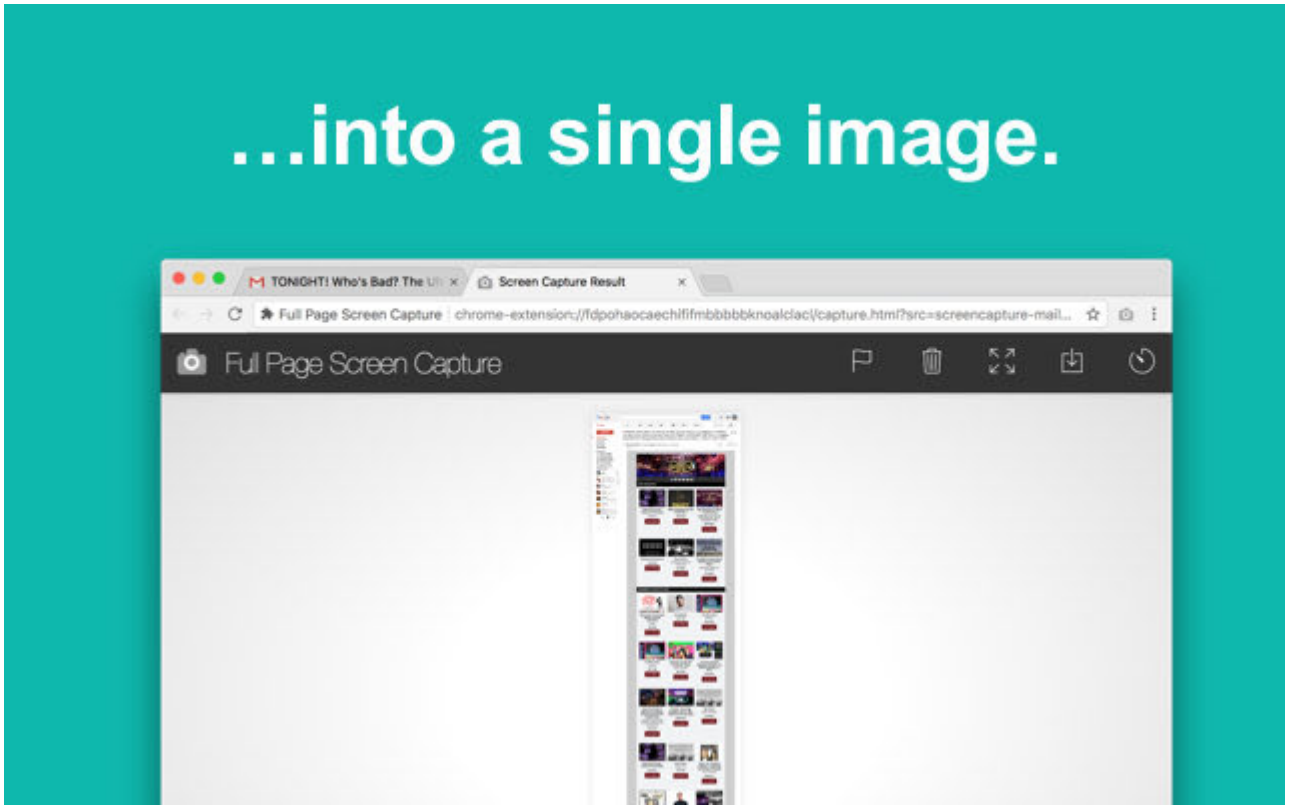

https://t.co/VAwodh791D

4) GoFullPage

• screenshot full web pages
• PNG, JPEG, or various PDF options to download
• fast and easy to use

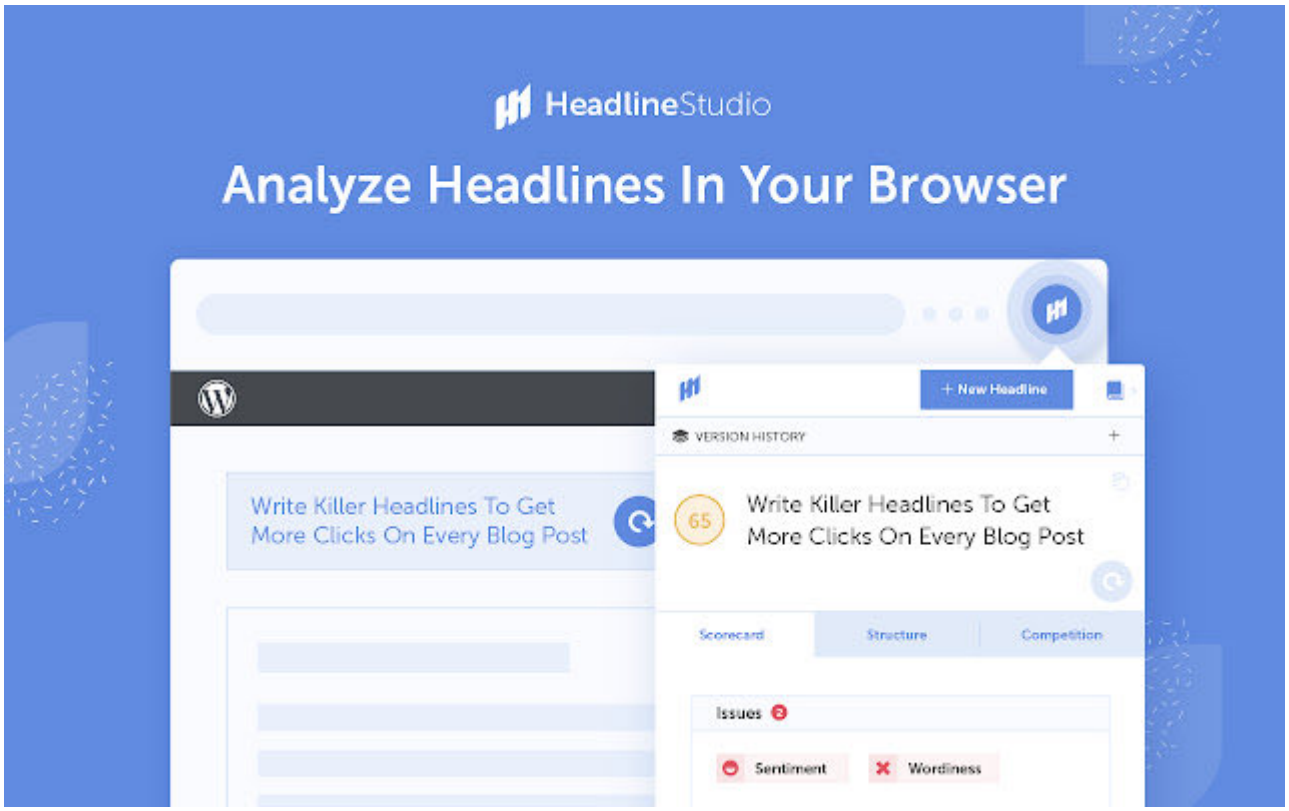

https://t.co/IuxMpZqZse

5) Headline studio

• score your headlines instantly
• improve your headlines with suggestions
• break through writing blocks with word banks

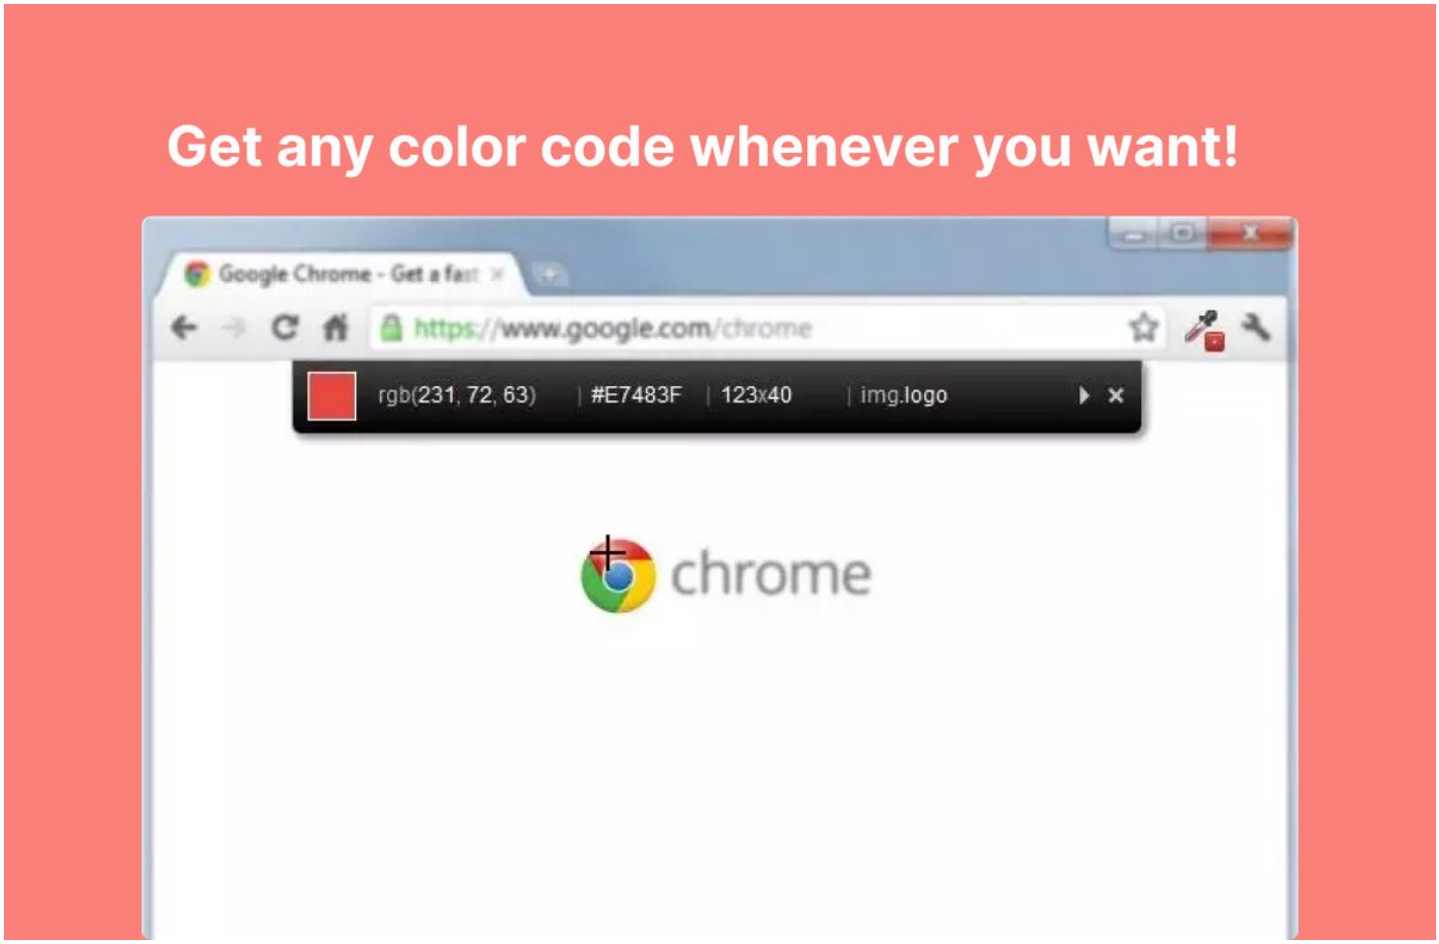

https://t.co/SOutXG9Mo4

6) Color Zilla

• Eyedropper - get the color of any pixel on the page
• Advanced Color Picker (similar to Photoshop's)
• Gradient Generator
• Webpage Color Analyzer - get a color palette for any site

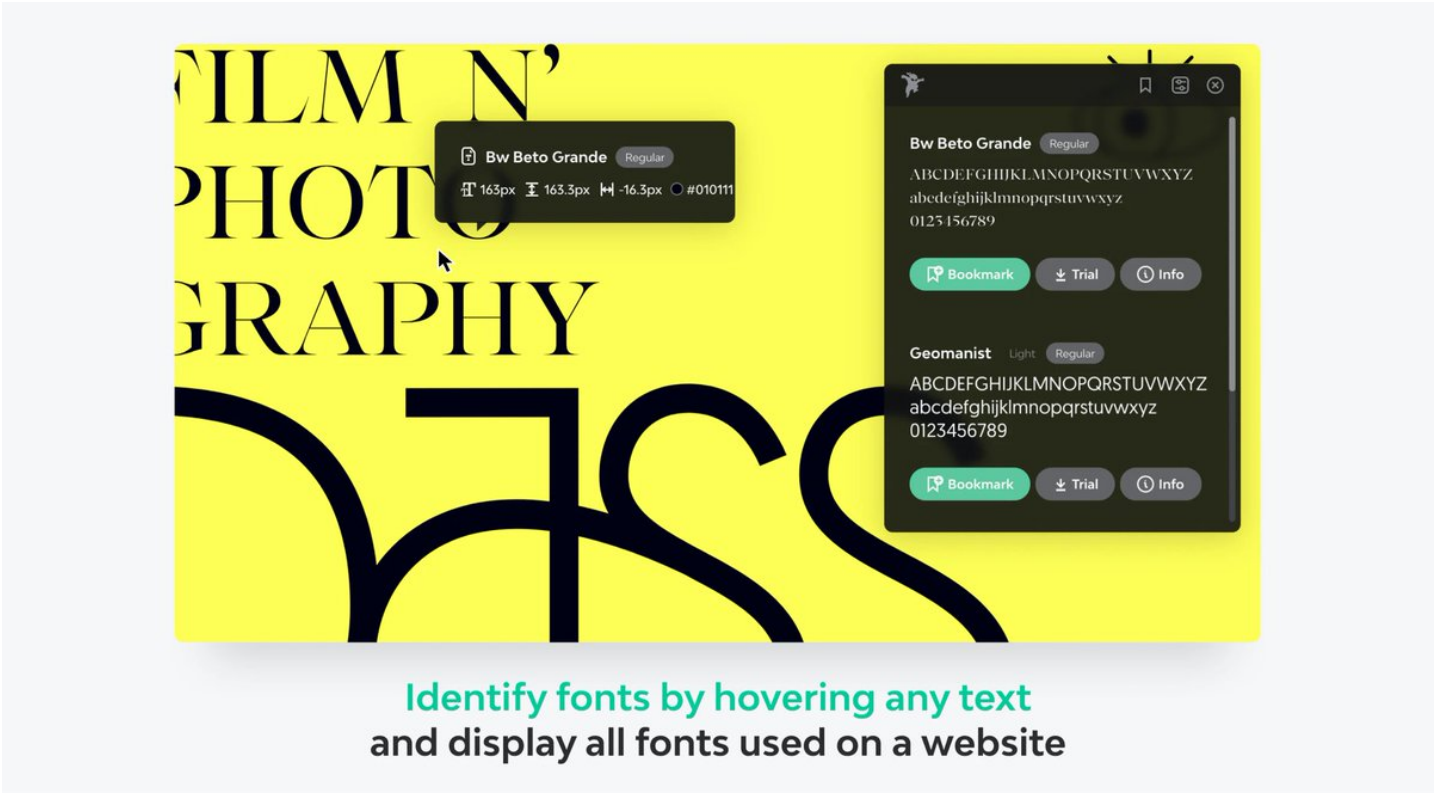

https://t.co/LW0IQlatjn

7) Fonts Ninja

• discover fonts on any website
• inspect fonts to see size, letter spacing, line height, and color
• try fonts in different applications

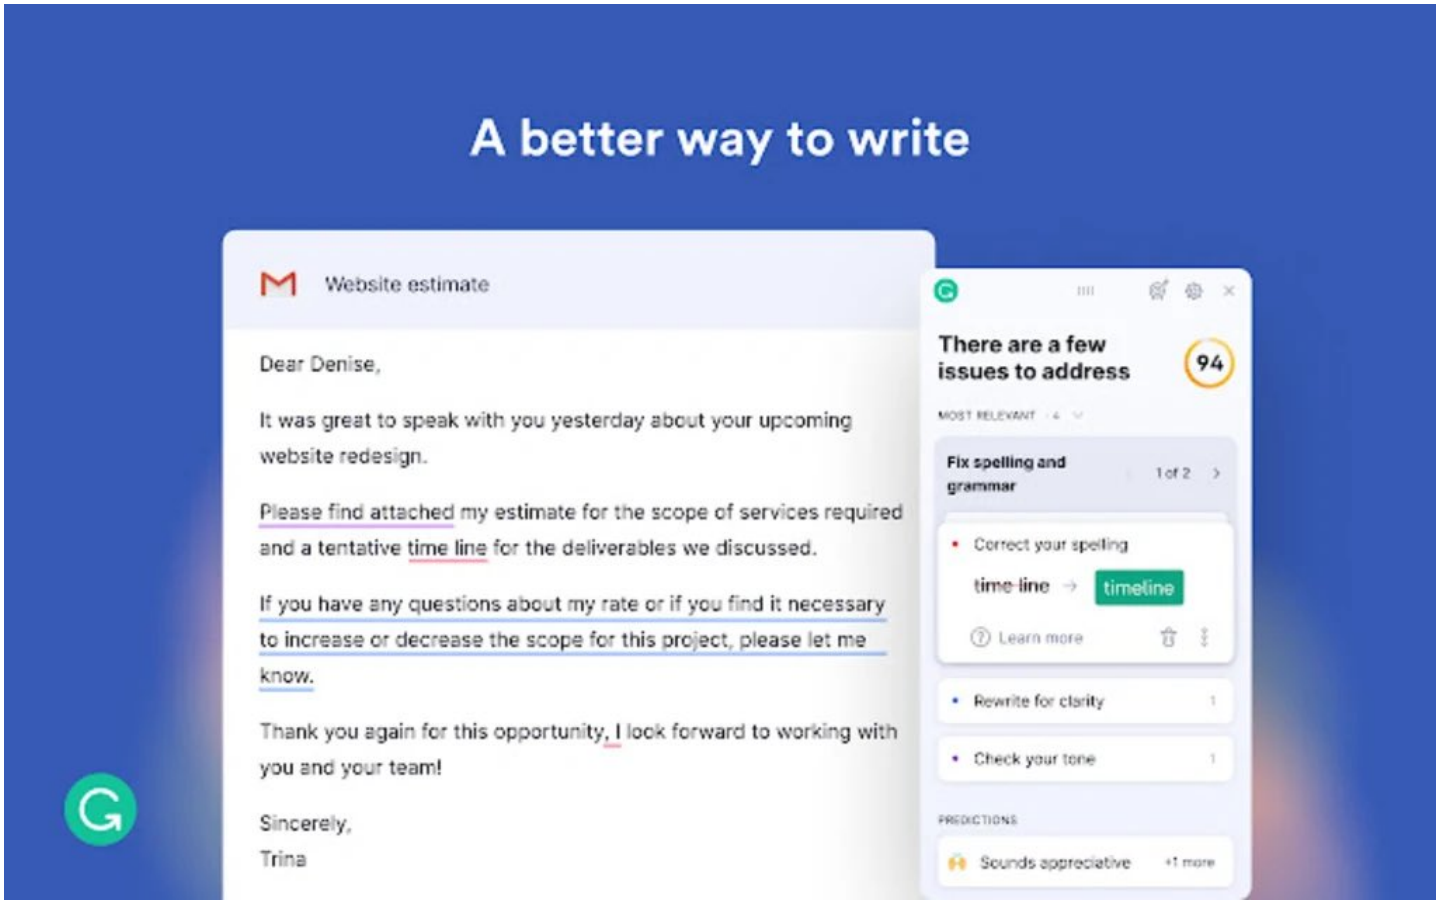

https://t.co/A7k2C1O4Nc

9) Grammarly

• fix grammar
• spelling
• punctuation issues
• help you revise sentences that are grammatically correct but unclear

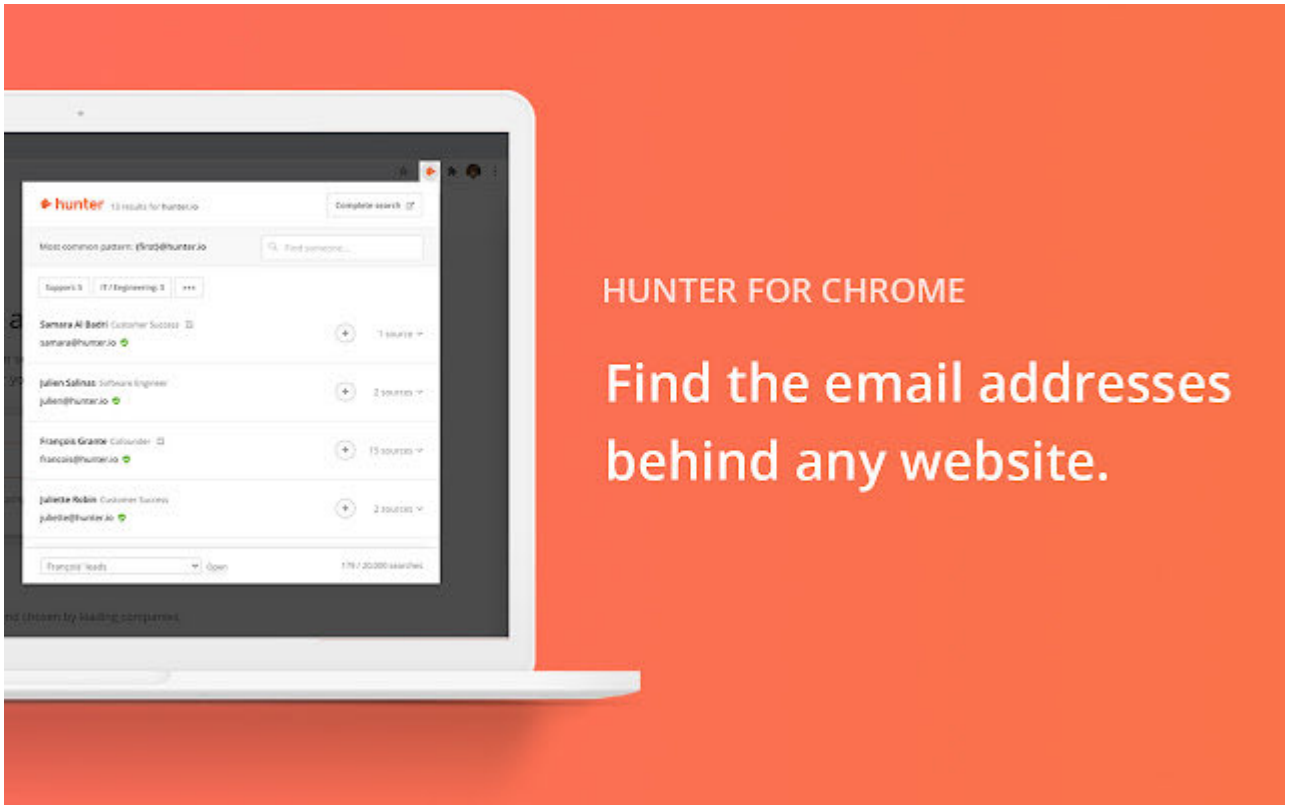

https://t.co/1yzaaiMGwt

10) Mail tracker

• lookup email addresses of people on the site you're visiting
• track your email opens right from Gmail
• find authors within the website you're on

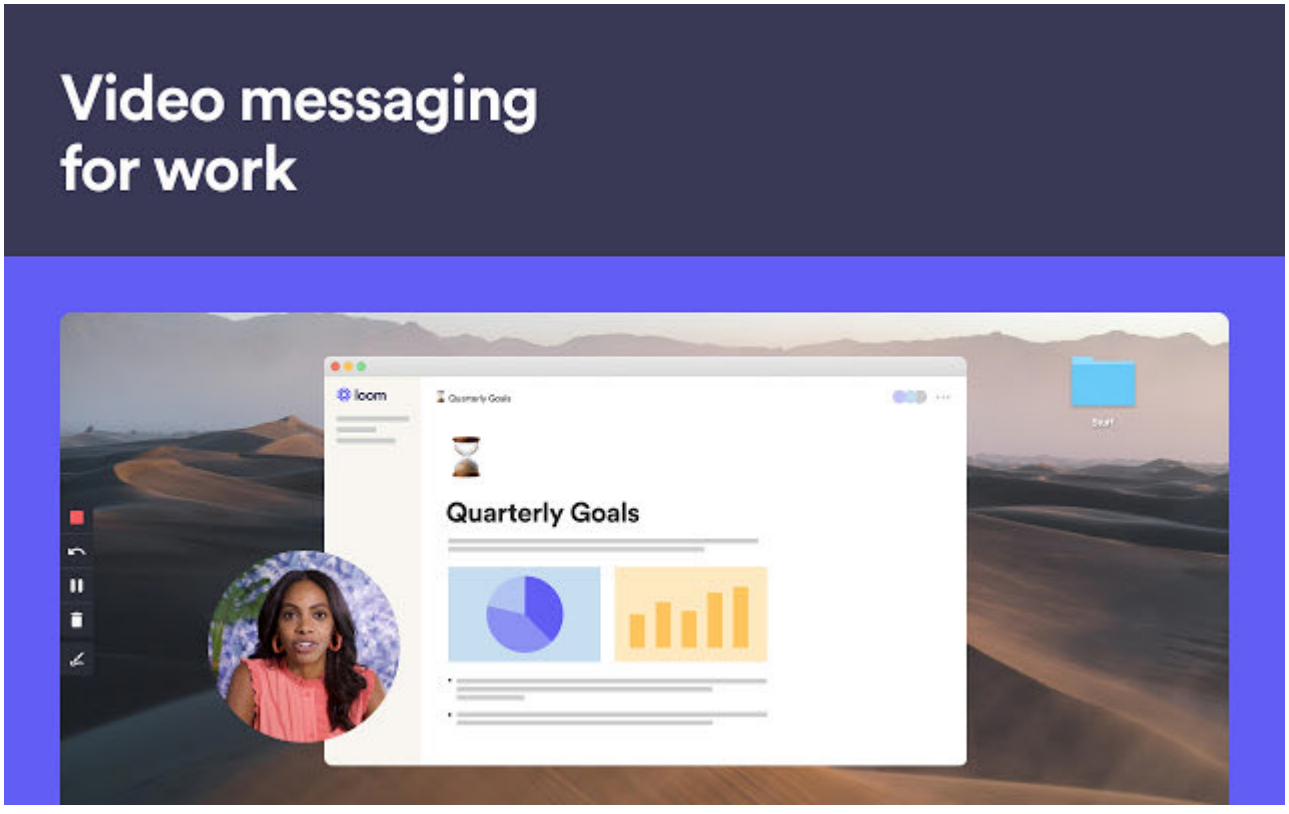

https://t.co/kn5FBL3fmL

11) Loom

• free screen recorder up to 5 minutes
• paid plan is cheap
• use your camera while recording
• easy to share and store videos

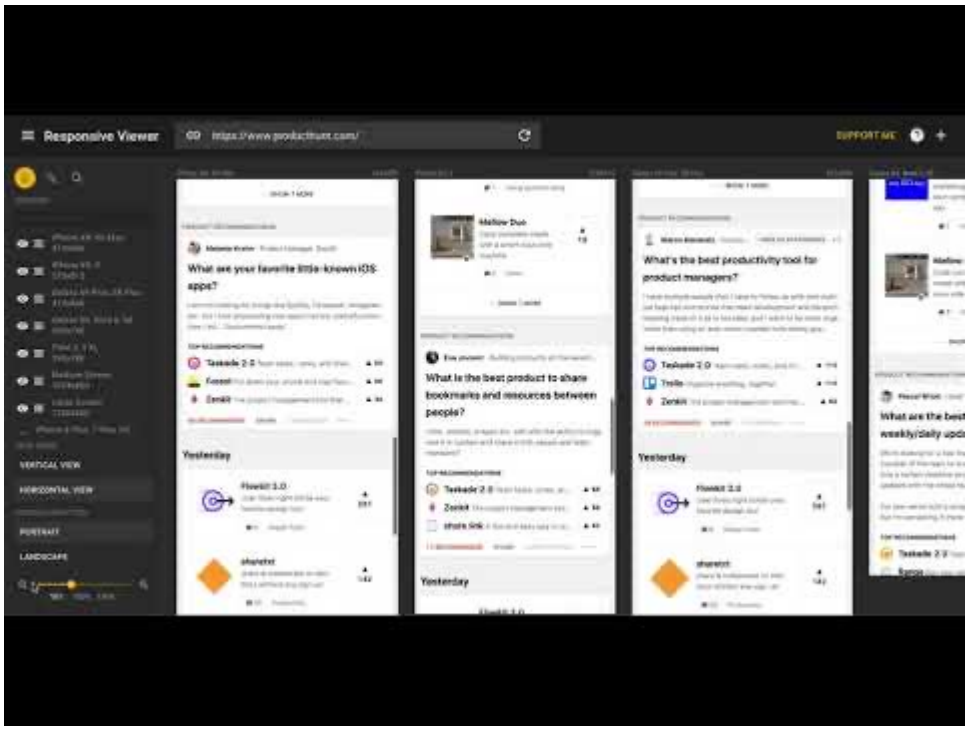

https://t.co/TGIwlnDoI3

12) Responsive Viewer

• shows multiple sized screens at once
• design testing
• bug finding
• really helpful if you make websites or landing pages

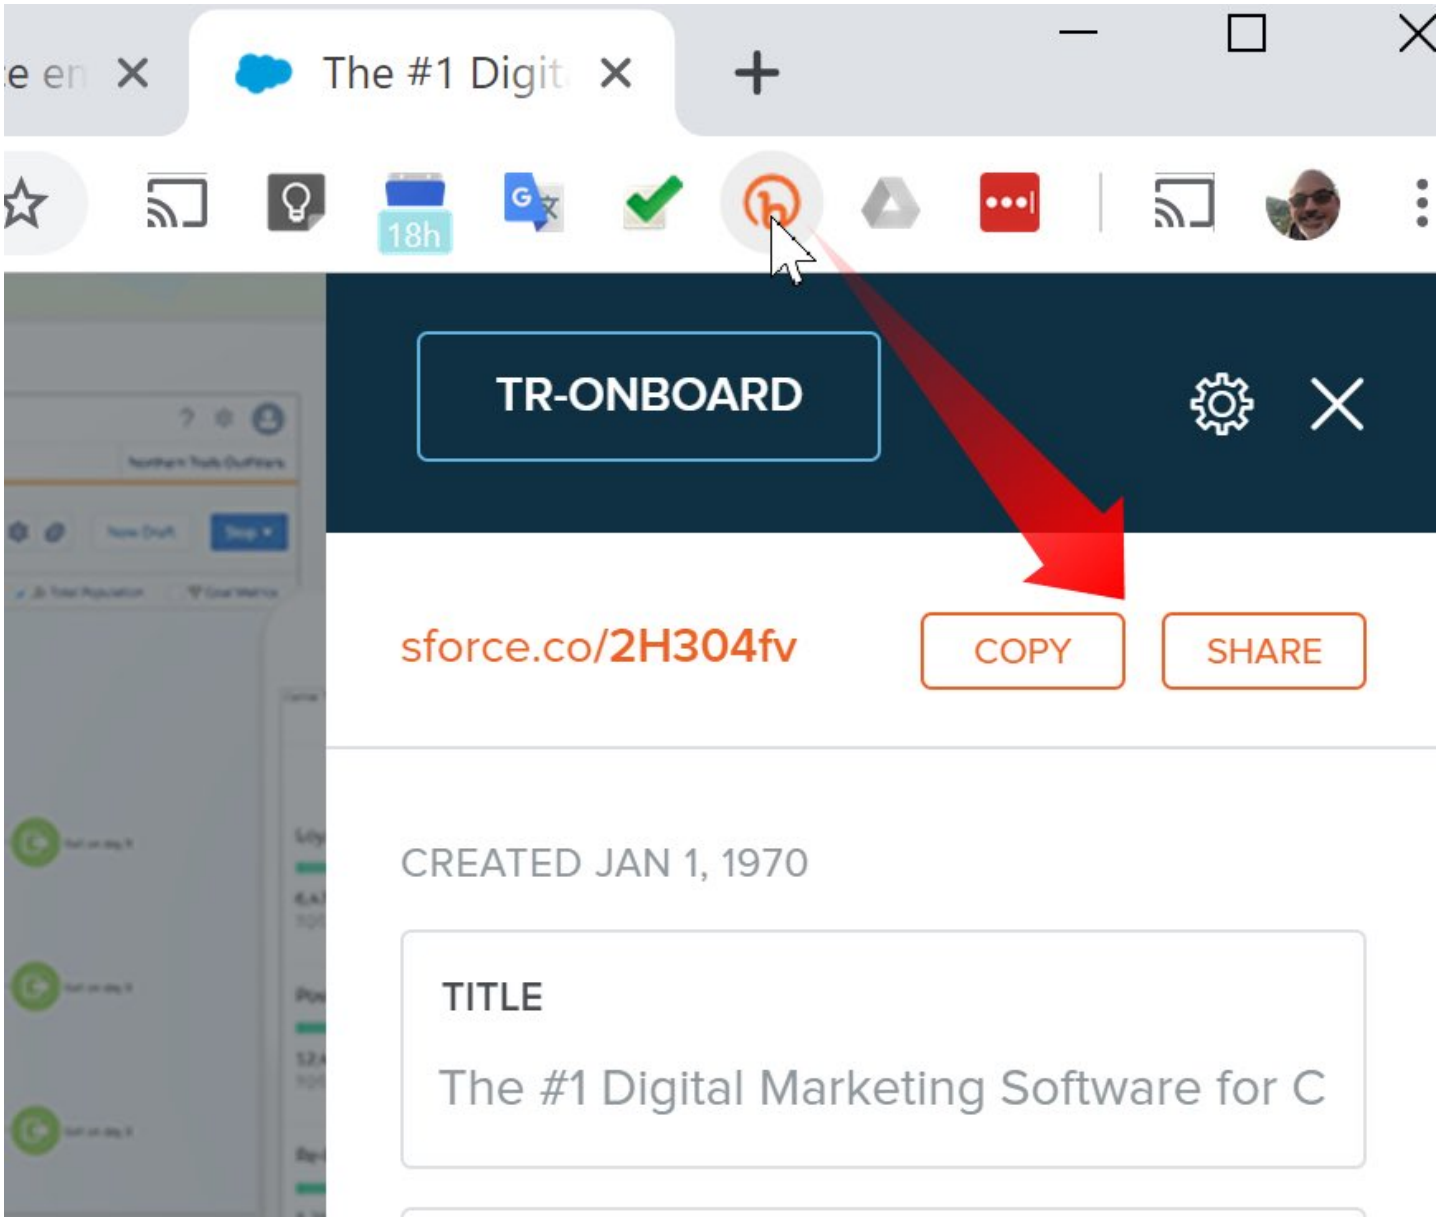

https://t.co/gNzJzk9Wwe

13) Bitly

• shortens long links
• customizable
• paid plan allows you to add your own domain

https://t.co/bvXeby9O4L

I help coaches sell their high ticket offers.
I have a system that can get you 10 high ticket clients for you in a month or less.

DM me to learn more about this or my landing page rates.

Head over to @adleriantheory for daily quotes from ‘The Courage to Be Disliked’ and more info on Adlerian Theory…
