@LoftedLearning

3.2 billion people use Chrome as their browser...

But no one knows all the best extensions Chrome has to offer.

Here are 13 extensions that you shouldn't live without...

1) ScribeHow

Scribe allows me to record a video going over something and automatically puts it into a step-by-step guide.

Saves me time when:

- teaching clients
- onboarding
- making SOPs

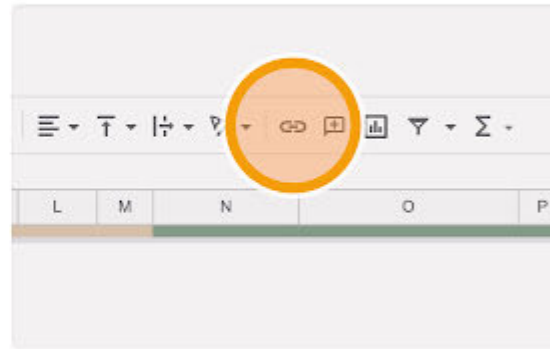

<https://t.co/8e8ryT4boP>

The fastest way to create visual step-by-step guides.

Scribe automatically creates shareable step-by-step guides in seconds simply by watching you work.

1 Navigate to sheets.google.com

2 Click on "Insert Link" icon

3 Paste in a url into the field

2) Similar Sites

- find sites that are similar to the one you're on now
- allows you find better resources
- great for shopping, content, travel, or business and research

<https://t.co/ljRvTvhVHX>

A screenshot of the SimilarSites.com website. It shows search results for 'amazon.com'. The results include a table with columns for 'Monthly visits', 'Category rank', and 'Country Rank'. The top result is 'amazon.com' with 3B monthly visits, rank #12, and rank #4 in the United States. Below it are 'ebay.com' and 'walmart.com'.

The SimilarSites logo, which consists of a gold star inside a gold circle, with a red ribbon banner below it.

SimilarSites

is the No.1

research and lead generation tool

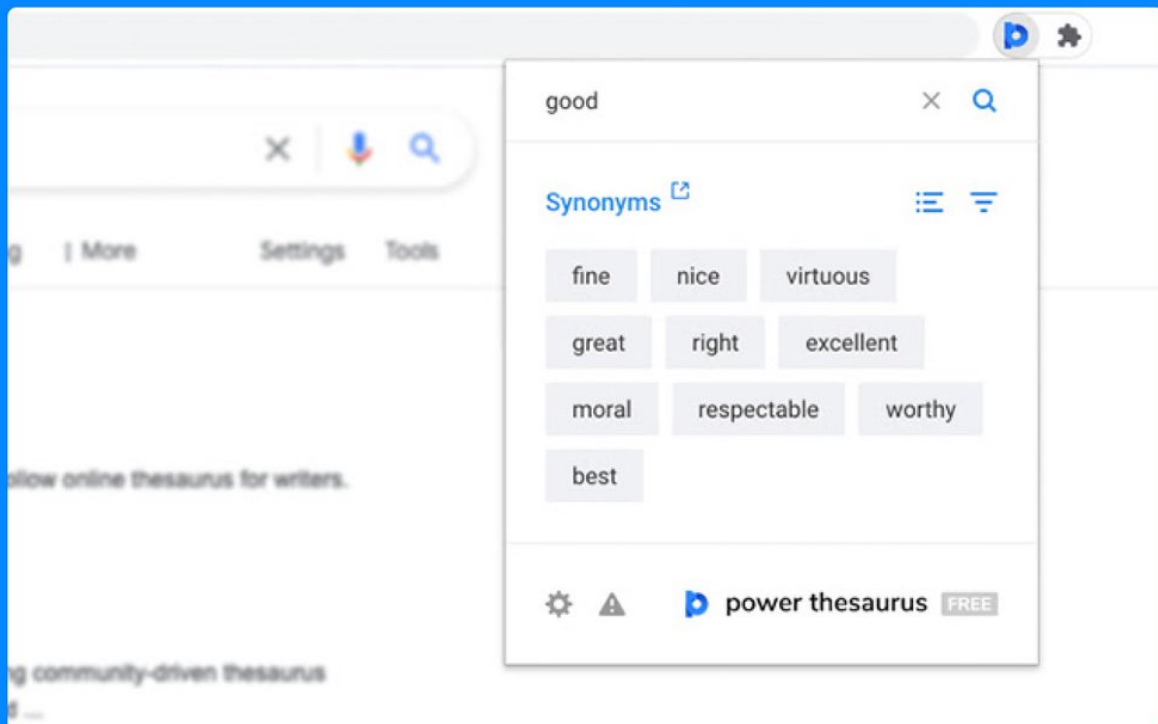

The SimilarSites logo, which consists of a blue circle with a white star inside, followed by the text 'SimilarSites'.

3) Power Thesaurus

- replace powerless language
- find synonyms to words in your copy or writing
- great at finding attention grabbing words for your headline

<https://t.co/VAwodh791D>

find synonyms for any word on the go...

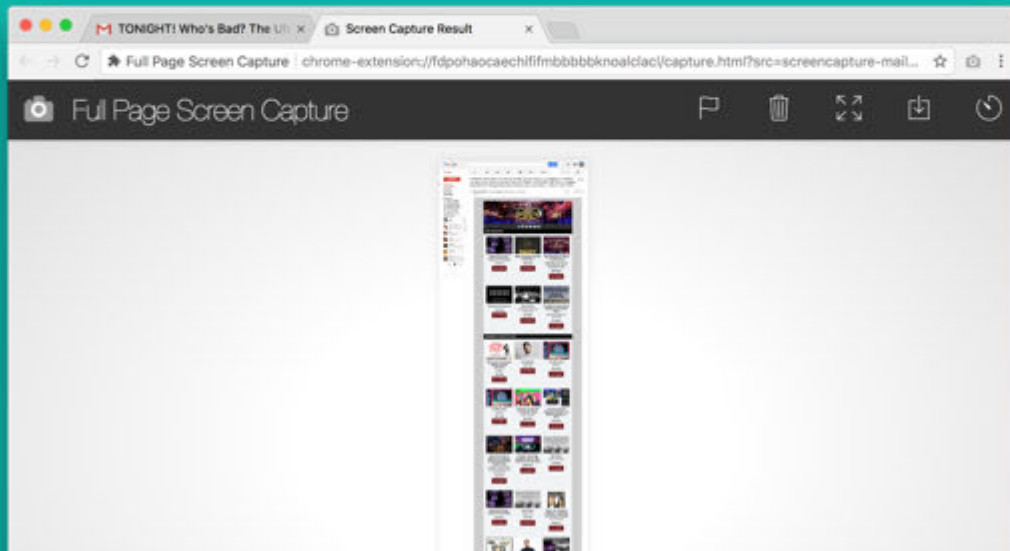

4) GoFullPage

- screenshot full web pages
- PNG, JPEG, or various PDF options to download
- fast and easy to use

<https://t.co/luxMpZqZse>

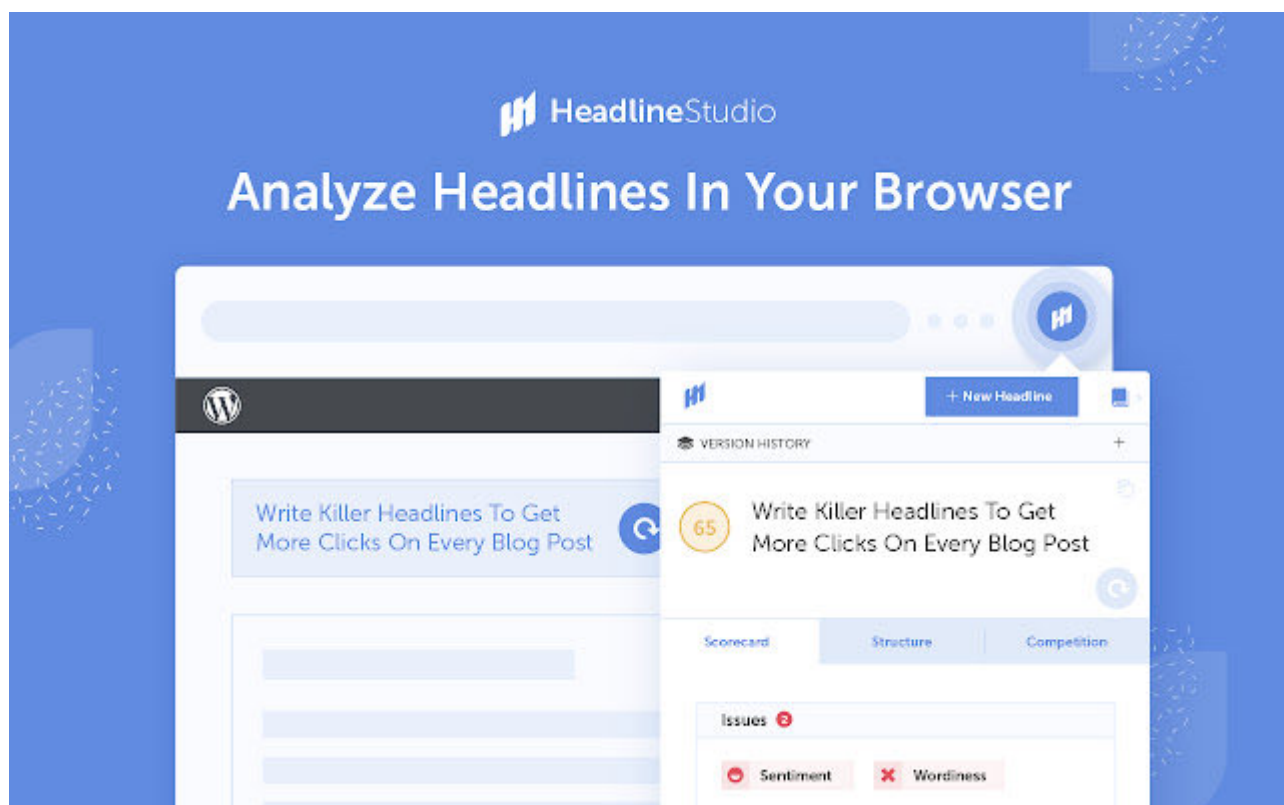

...into a single image.

5) Headline studio

- score your headlines instantly
- improve your headlines with suggestions
- break through writing blocks with word banks

<https://t.co/SOutXG9Mo4>

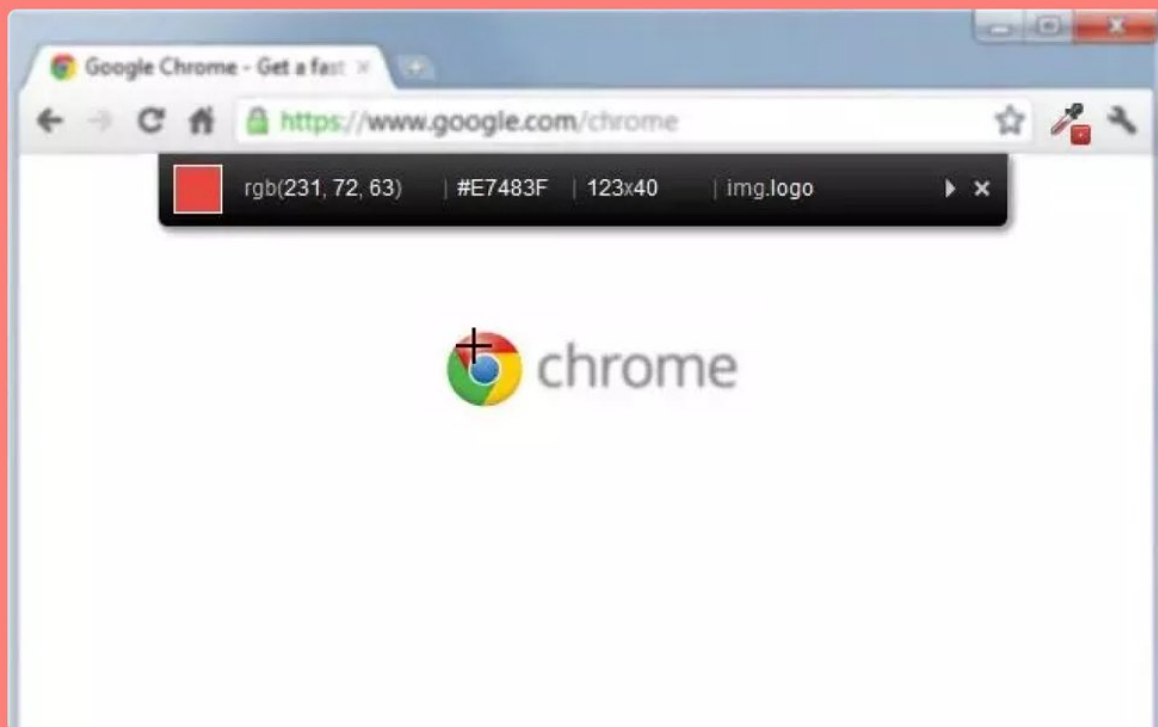

6) Color Zilla

- Eyedropper - get the color of any pixel on the page
- Advanced Color Picker (similar to Photoshop's)
- Gradient Generator
- Webpage Color Analyzer - get a color palette for any site

<https://t.co/LW0IQlatjn>

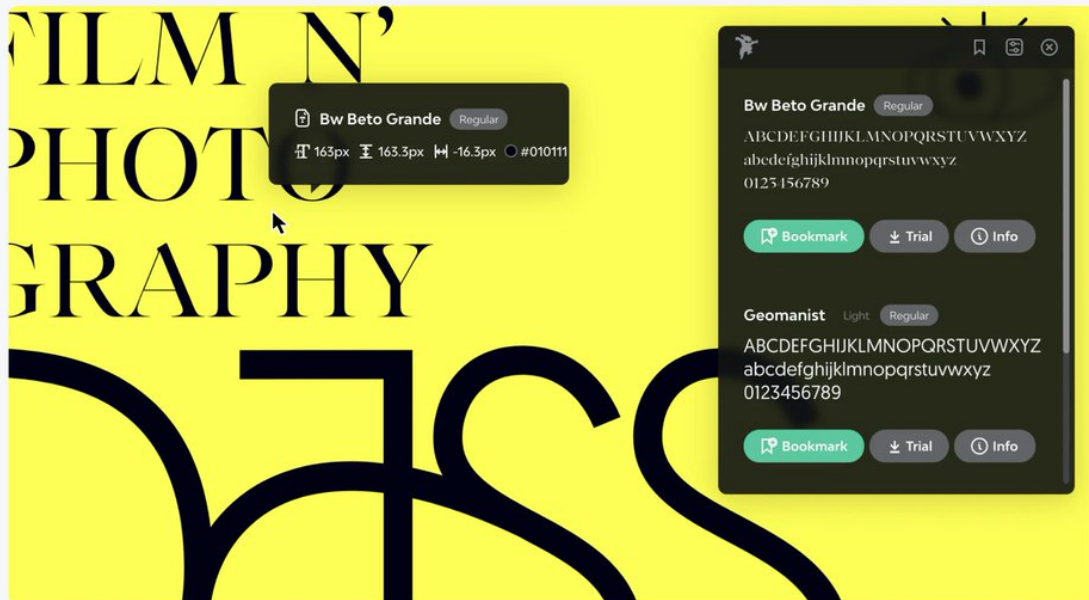

Get any color code whenever you want!

7) Fonts Ninja

- discover fonts on any website
- inspect fonts to see size, letter spacing, line height, and color
- try fonts in different applications

<https://t.co/A7k2C1O4Nc>

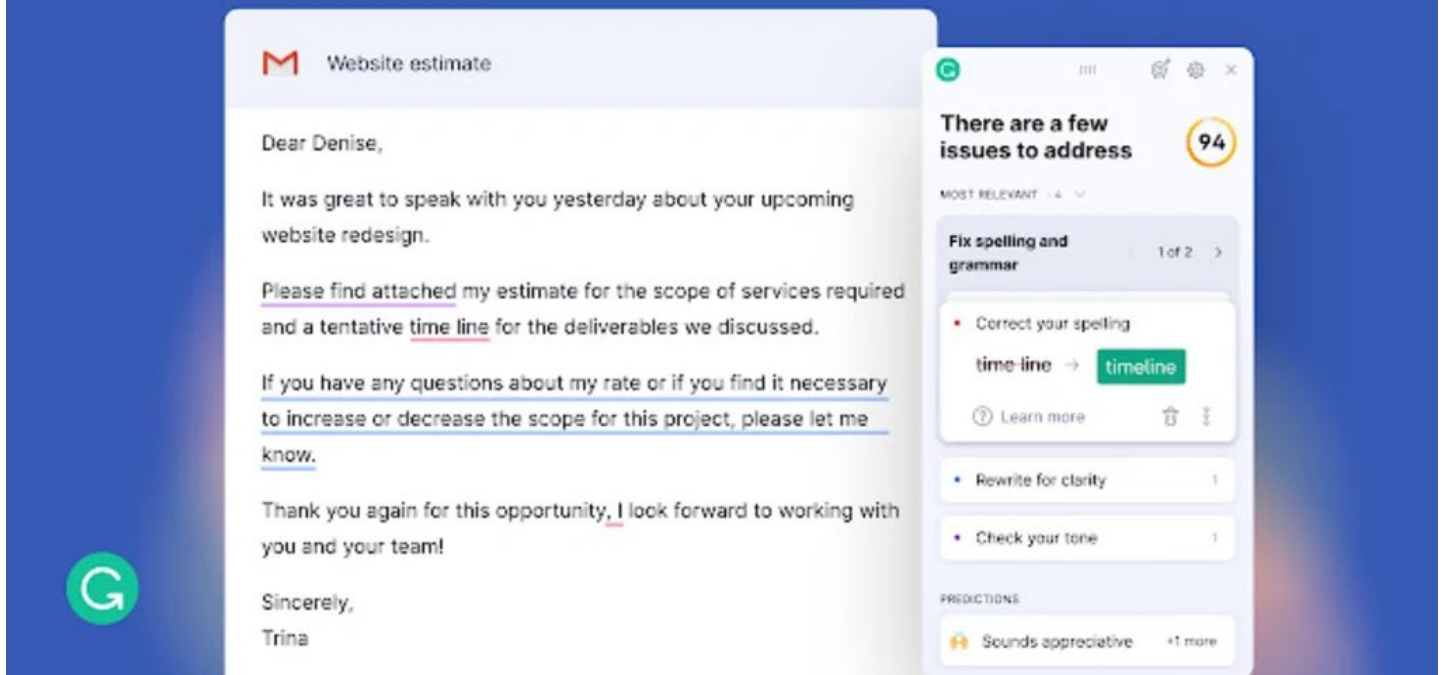

Identify fonts by hovering any text
and display all fonts used on a website

9) Grammarly

- fix grammar
- spelling
- punctuation issues
- help you revise sentences that are grammatically correct but unclear

<https://t.co/1yzaaiMGwt>

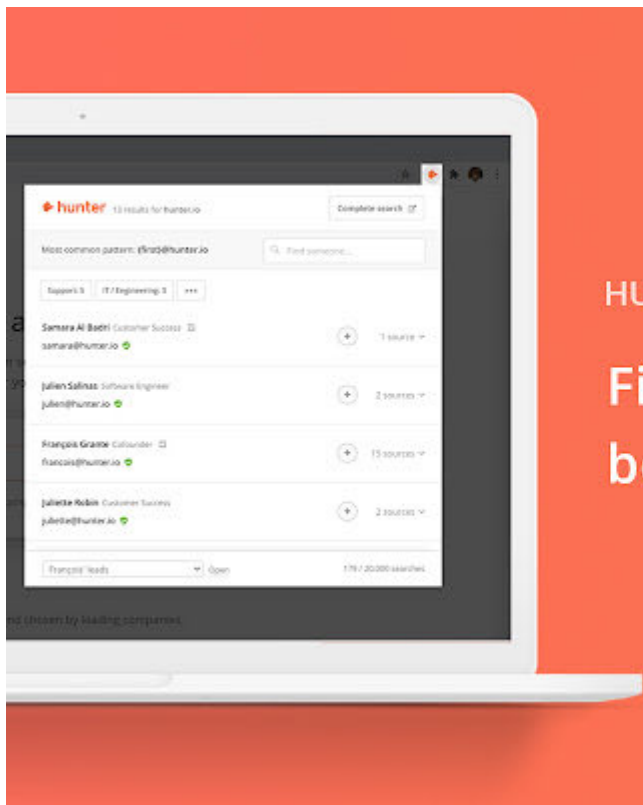

A better way to write

10) Mail tracker

- lookup email addresses of people on the site you're visiting
- track your email opens right from Gmail
- find authors within the website you're on

<https://t.co/kn5FBL3fmL>

A laptop screen displays the Hunter for Chrome web application. The interface shows search results for 'hunter.io' with a list of contacts including Samara Al Badri, Julien Salinas, François Grasse, and Juliette Robin. Each contact entry shows their name, job title, and the email address found. The background is a solid orange color.

HUNTER FOR CHROME

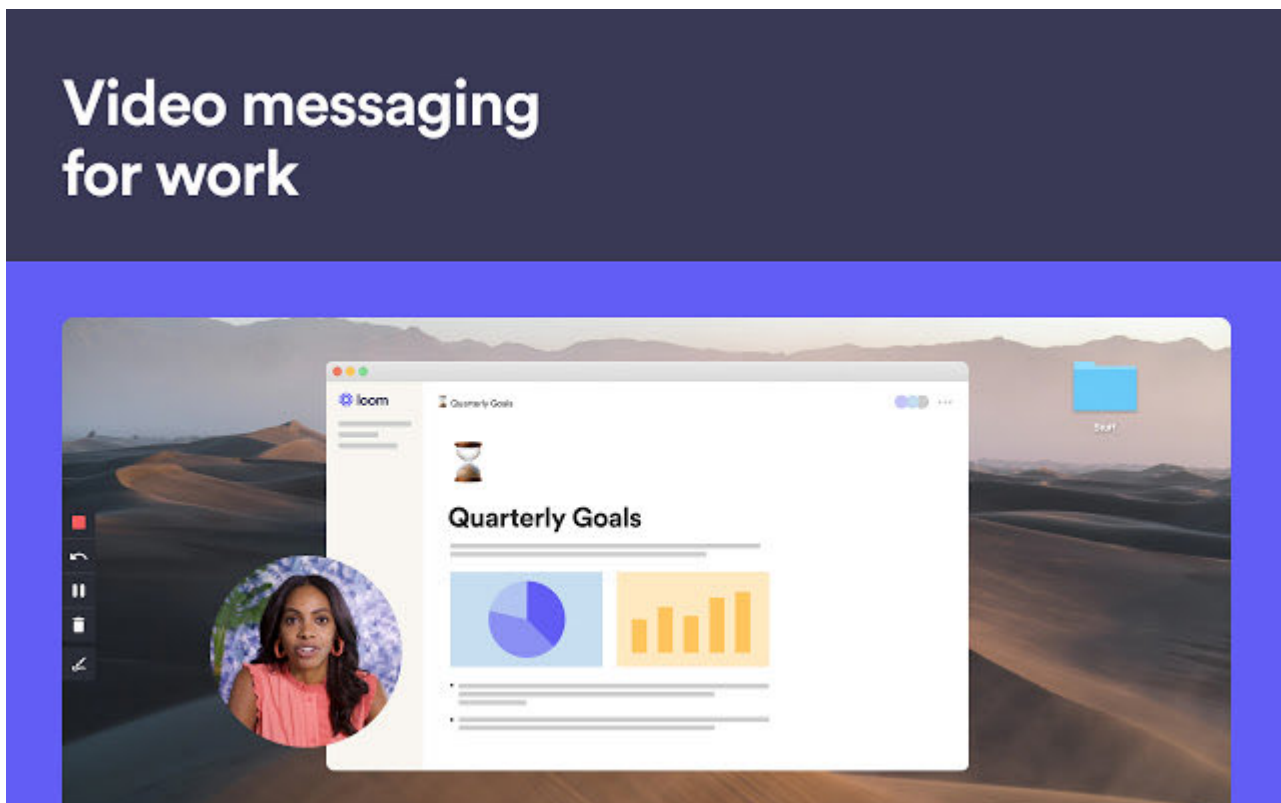

Find the email addresses behind any website.

11) Loom

- free screen recorder up to 5 minutes
- paid plan is cheap
- use your camera while recording
- easy to share and store videos

<https://t.co/TGIwlnDol3>

Video messaging for work

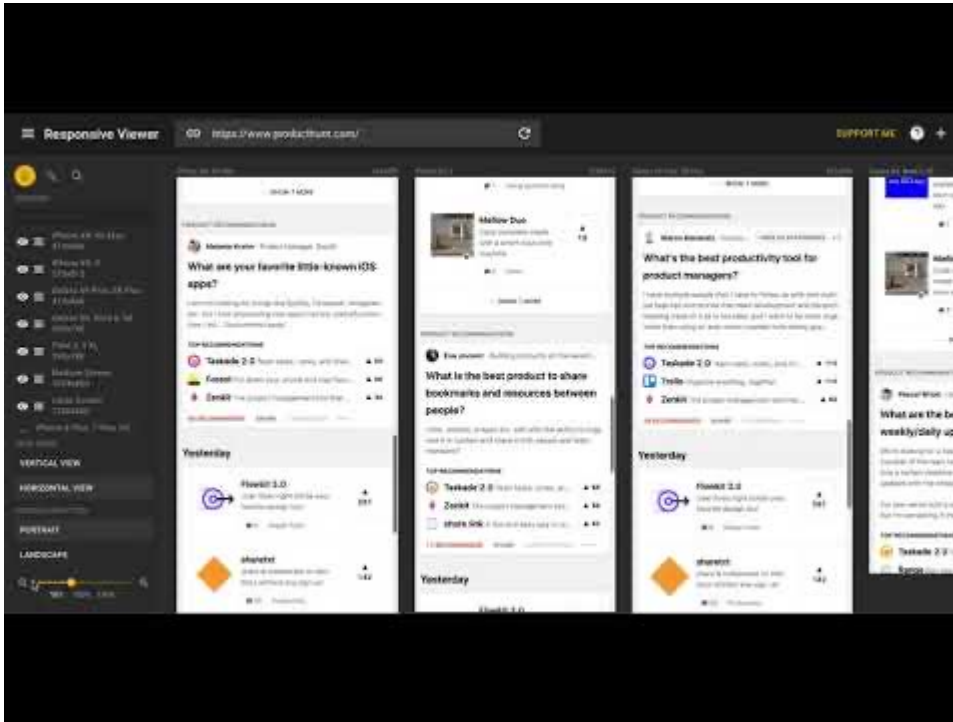

A screenshot of the Loom video messaging interface. It shows a circular video feed of a woman in the bottom left corner. The main area displays a document titled 'Quarterly Goals' with a pie chart and a bar chart. The background is a blue gradient with a desert landscape image.

Quarterly Goals

12) Responsive Viewer

- shows multiple sized screens at once
- design testing
- bug finding
- really helpful if you make websites or landing pages

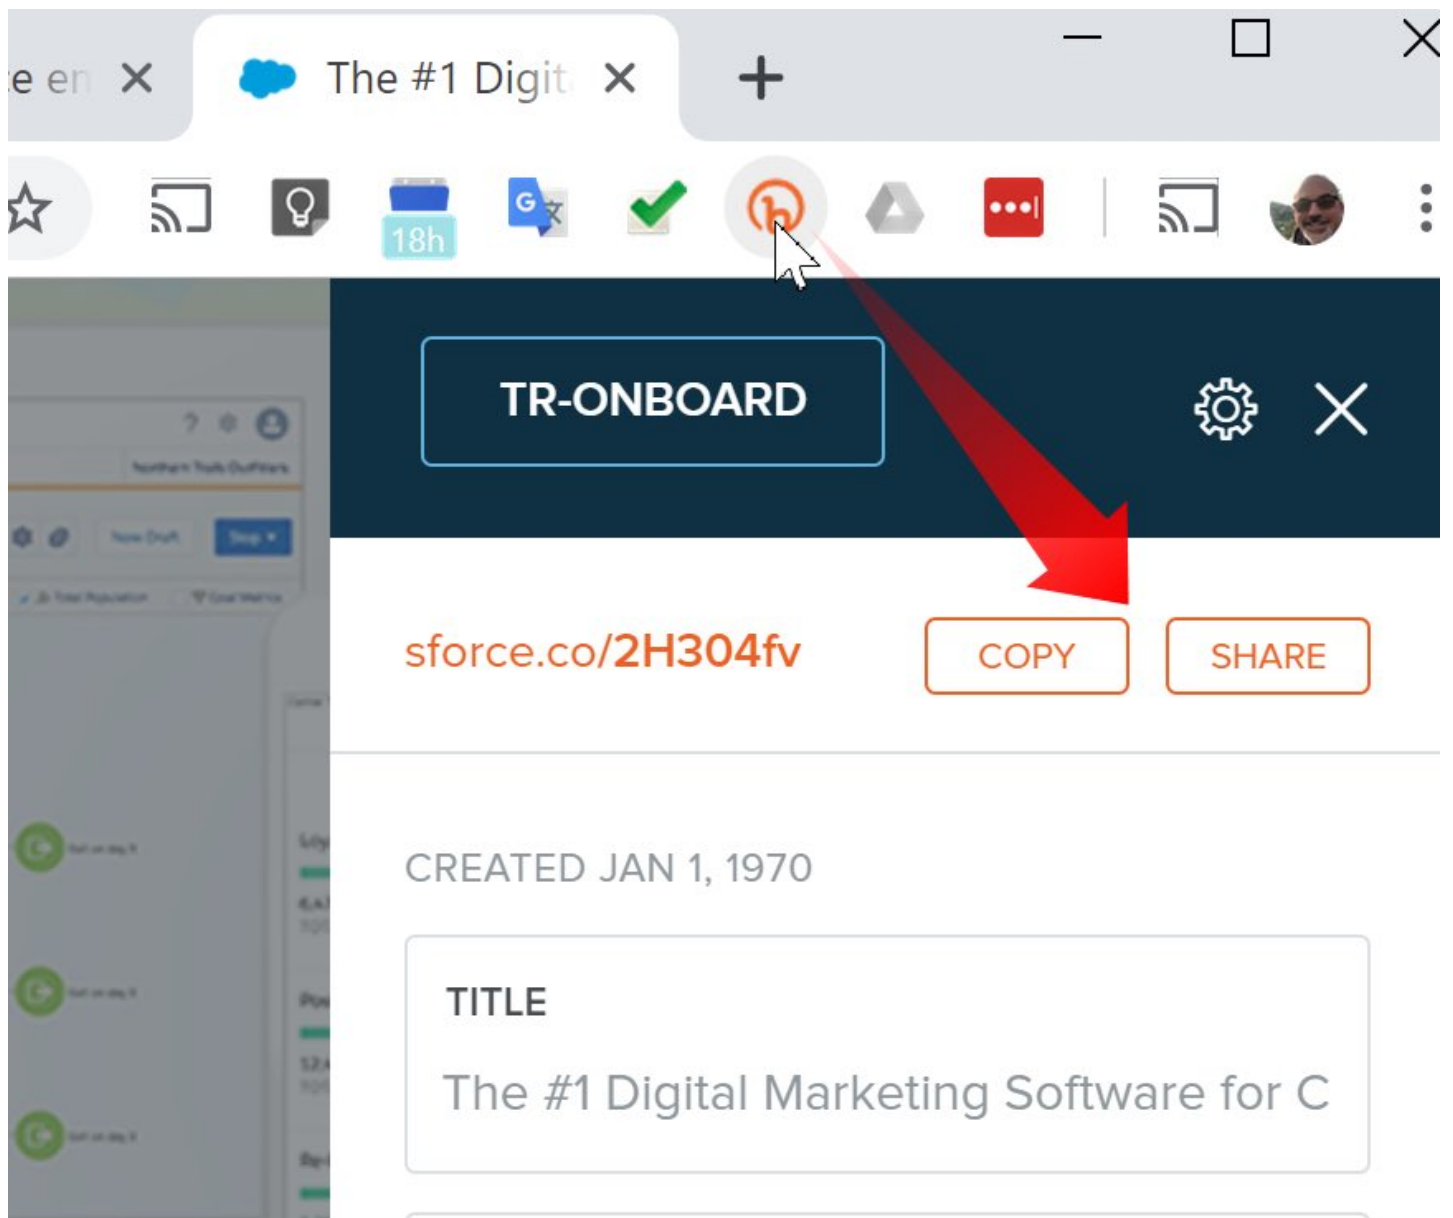

<https://t.co/gNzJzk9Wwe>

13) Bitly

- shortens long links
- customizable
- paid plan allows you to add your own domain

<https://t.co/bvXeby9O4L>

I help coaches sell their high ticket offers.

I have a system that can get you 10 high ticket clients for you in a month or less.

DM me to learn more about this or my landing page rates.

Head over to [@adleriantheory](#) for daily quotes from 'The Courage to Be Disliked' and more info on Adlerian Theory...
