This post is doing the rounds on fb ....?????

US text message - Genuine or Q ?

■ PLEASE READ■ ....I have just received this from a friend with contacts in the #US

Direct from High - Up #Military:

According to the latest schedule everything will be exposed some time between Sunday afternoon and Monday night. The timer has been set for those two particular days. During that time the EBS (Emergency Broadcast System) will be activated.

President Trump will send out a message,
My fellow #Americans the storm is upon us.
There will be 7 presidential text messages sent from him via Air Force One following the message The Storm is Upon Us.

That puts us under full global martial law.
Via the EBS, on authorized devices there will be an 8 hour video played 3 times a day for 10 days straight with video confessions of high profile elite individuals being exposed for their crimes against humanity

at their military tribunals. While the movie is being played 500,000 plus people will be taken down worldwide. This repeating movie will be extremely painful for most of us because it involves people we thought we could trust committing unthinkable crimes.

We understand that no one will be allowed to leave their residence until completion.
During this moment in history we will transition to Gesara/Nesara. There will be a full rewiring of planet earth. It is our understanding that media and internet will be shut down.

This is not a transition from President #Trump to #Biden. It is a transition that President Trump in conjunction with the military have composed restoring things back we the people. Now you know why General Flynn was pardoned (key asset to this entire process).

We are preparing for a brand new future where humanity is free from the constraints of former powers.
There will finally be a world free of division amongst the people.Everyone must understand this is serious so please have enough food, water, batteries and necessities

for the duration of ten days. It is better to be safe than sorry. You are receiving this message to give you ample time to prepare for what is coming in the next few days.
