Top 10 Crusader Kings III patch notes, that could just as well act as advices about life in general:

10. ‘No Beard’ is now the top option in the barbershop

9. You now get a toast when you change your primary title

8. Characters are no longer angry at their new friends

7. People will now be a bit miffed if you raid them

6. Compassionate characters are now told that blackmailing people is stressful

5. Fixed a child’s favorite toy crashing the entire game

4. Good things now happen to good chancellors

3. If you’re trying to blackmail someone over something that, according to them, isn’t shunned or criminal you will now be told that properly

2. You cannot confide in friends you do not have

1. Spouses and lovers will only act as your wingman if they’re ok with you bedding someone else
