Some ... personal news:

New York City must navigate the pandemic, and recovery efforts, while battling compound pre-existing conditions: racial injustice, inequality, and climate vulnerability. Local accountability journalism will make all the difference in the world to the shape we emerge in.

The team at @THECITYNY has an incredible record of impactful reporting, and I can't wait to join them in January. Some examples:

Labor reporting for the new world of work: https://t.co/XlyYezlFNl

Campaigning reporting on solitary confinment in New York jails https://t.co/vzW0dzSa6x

A story they have stayed on relentlessly: https://t.co/0JMLKhGmNP

Sustained reporting on the city's COVID response: https://t.co/QqqQAk9MN6

Backed by data: https://t.co/q0Mx8zZAwY

Like everything else about this pandemic, obituaries are unequal, whiter and more male than those we have lost. A project to memorialize every New Yorker who has died from COVID-19. https://t.co/WhHoUj409S

And a virtual memorial service to mourn and celebrate all of them: https://t.co/Nu8laVn3QW
