1/ Today is Winter Solstice. We
WAKE UP to the DARKEST DAY of the Year.

2/ but hey, it's 2020! So?

3/ this year, for the first time in 800 years, we have the same SKY EVENT that WISE men traversed and followed in ~4 BCE.

The CHRISTMAS STAR illuminating our way.... https://t.co/p0vqEn9x6o

4/ ... seeking, with COURAGE, to find WISDOM.

5/ Many of us have been AWAKE for several years, AWAITING the BIRTH of a NEW NATION...

an END to the Corruption, and a Govt once again By the People, For the People, Of the People.

HOW LONG do we WAIT for a BIRTH?

Ob/gyn's inform us it's
9 mo.
280 days.
hmmmm■■

6/ March 16, 2020 was the first day to Slow the Spread.
Our New Nation's CONCEPTION date?

With our NEW BIRTH DATE coming on WinterSolstice 12/20/20?
Birth = emerging from DARK to LIGHT?

Conception date = Conceived.
Lincoln's Gettysburg Address:
CONCEIVED in Liberty

7/ the Wise Men's CHRISTMAS STAR appears today. We Celebrate the Wise Men's visit and Gift presentation to the Christ Child on Epiphany, Jan 6.

Epiphany = also a DARK to LIGHT DAy.
= a "light bulb moment" of Realization. https://t.co/x1fWlcmkFY

> 7/ oddly enough? there are l7 days between Dec 21 2020 winter solstice and epiphany Jan 6, 2021.

8/ We are also in between Hanukkah, 12/10-12/18, a celebration of DARK to LIGHT and a FULL MOON COMING Dec 29.

Today, Winter Solstice starts PHASE III of the Moon, before the Dec 29 coming Full Moon.

What's Phase III you ask?
