@benbbaldwin

Lunch break chart dump for final 2020 regular season numbers

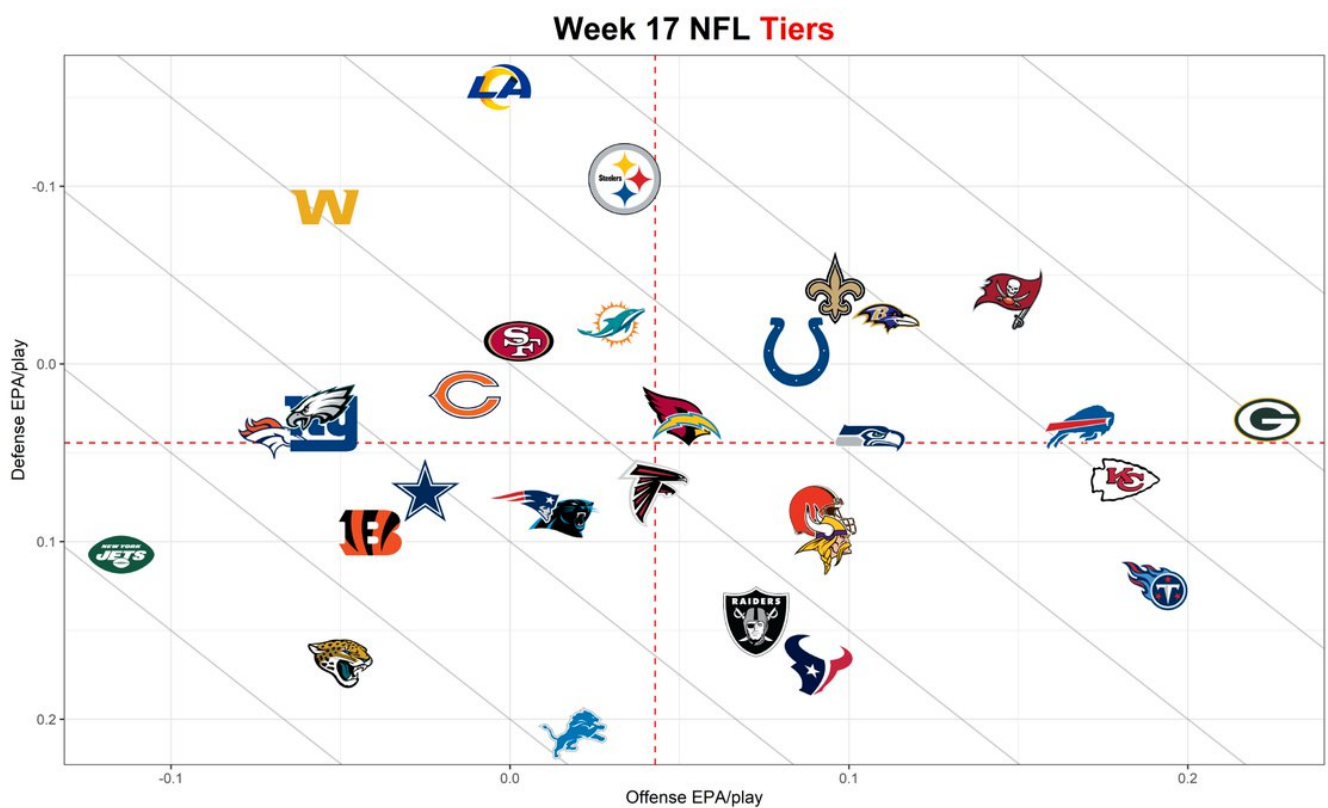

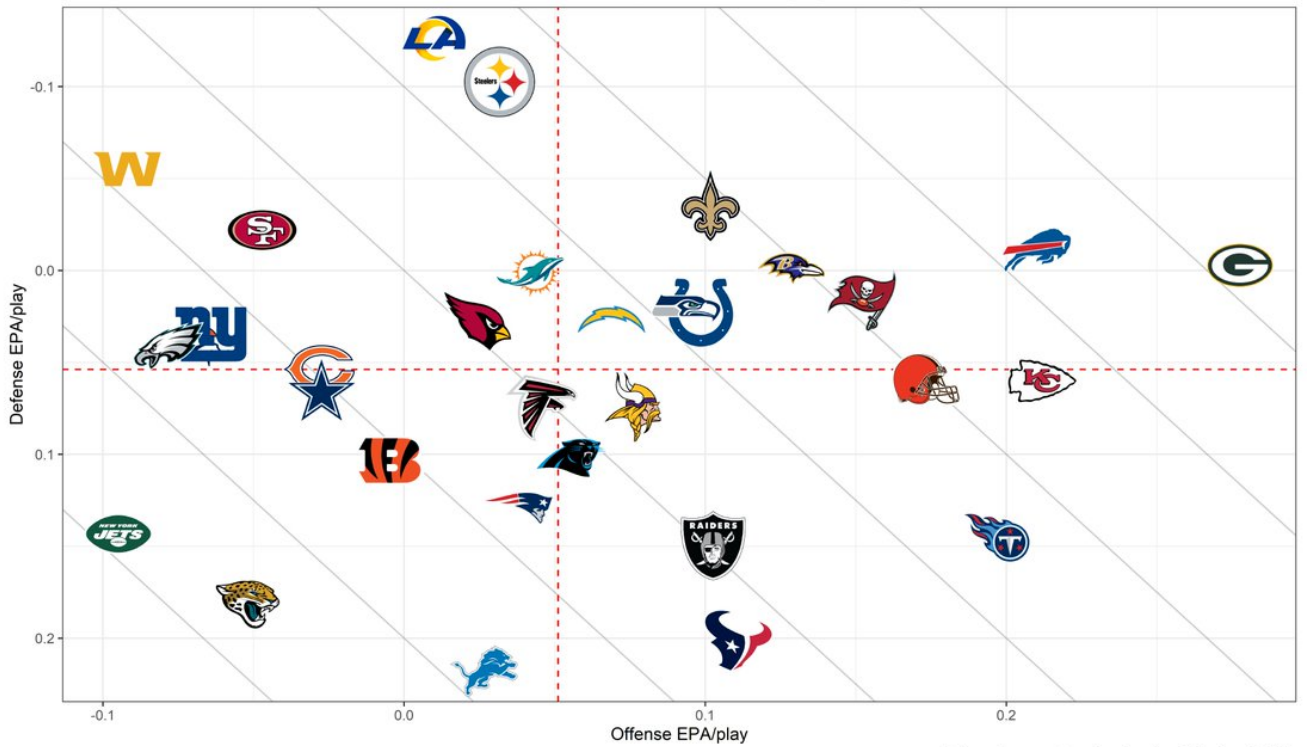

Figure: @benbbaldwin | Data: @nflfastR | 2021-01-04

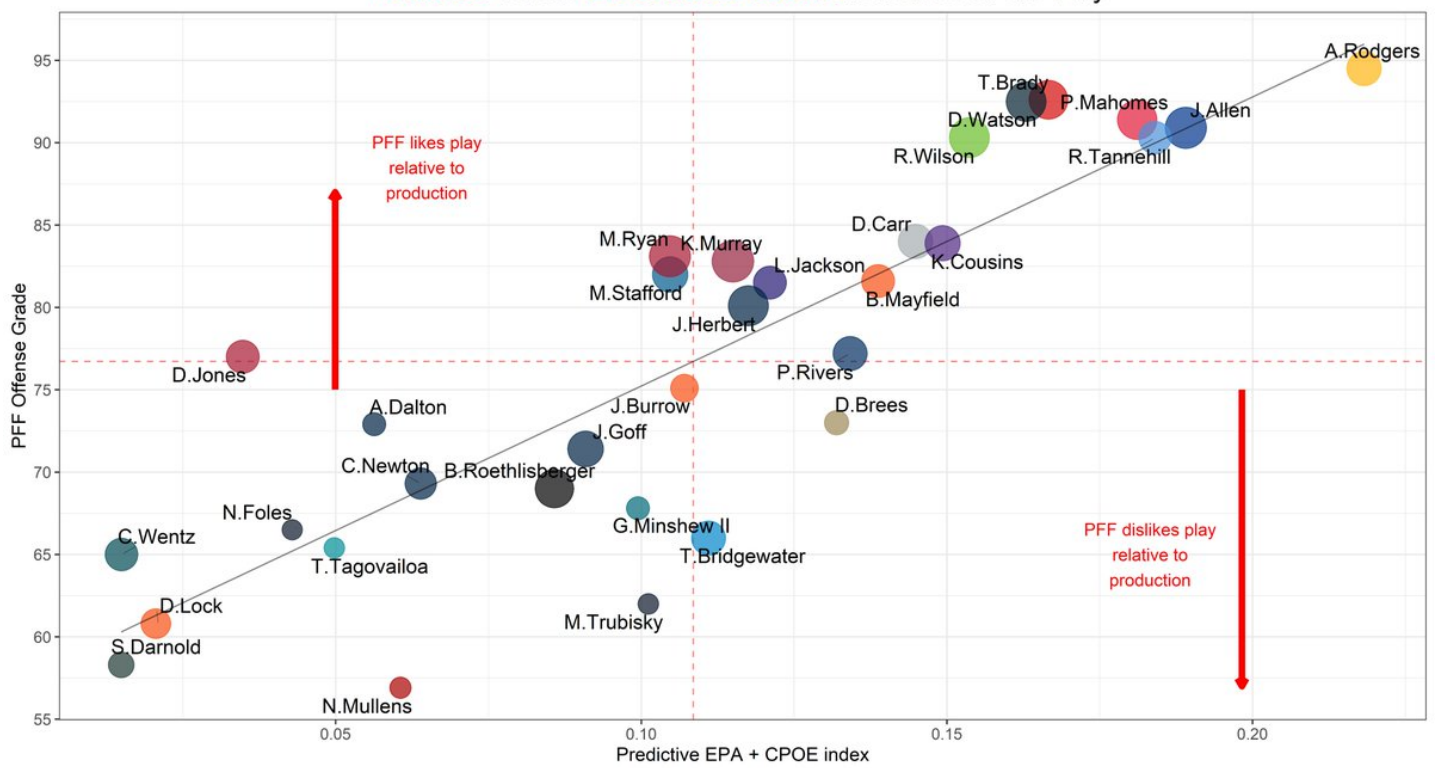

Sheesh Packers/Bills

Week 17 NFL Tiers, excluding garbage time

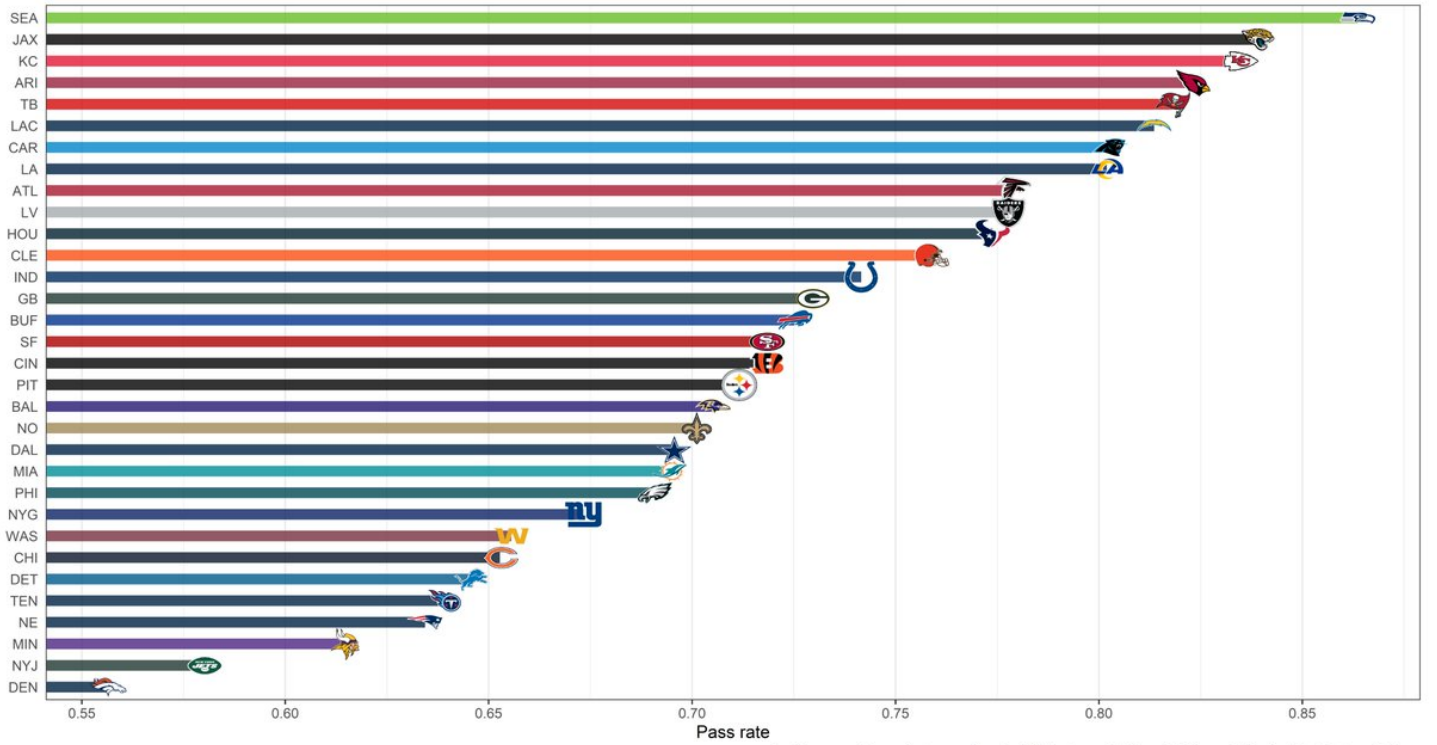

Rodgers finishes with a big lead over everyone

Charted versus Production-based Measures of QB Play

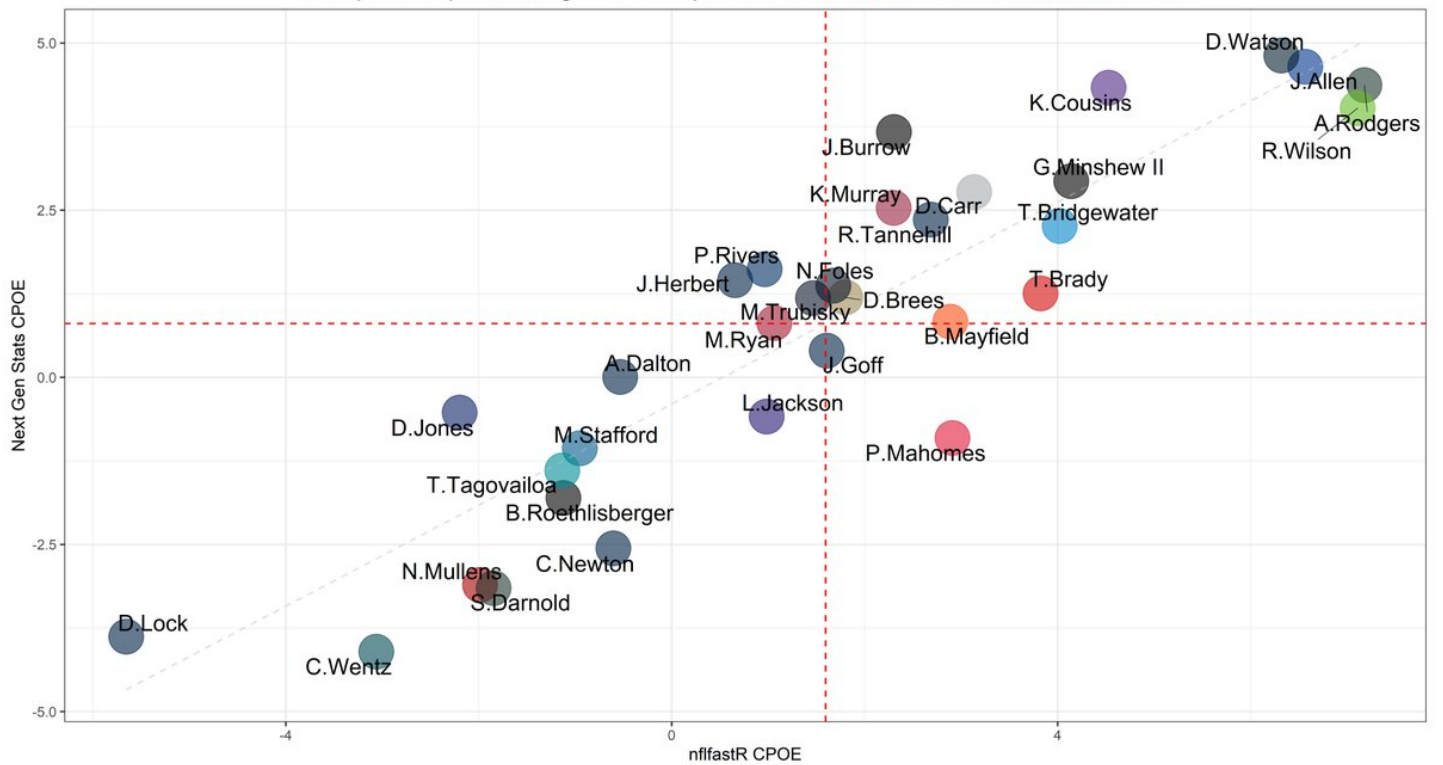

Which teams were best at avoiding rush attempts in the worst time to rush? (2nd & long)

2nd and long Pass Rate, 2020

NGS and @nflfastR CPOE finished pretty similar

Completion percentage over expected from NGS versus nflfastR model

Josh Allen & Patrick Mahomes overlapping!

Quarterback Efficiency versus Pass Protection

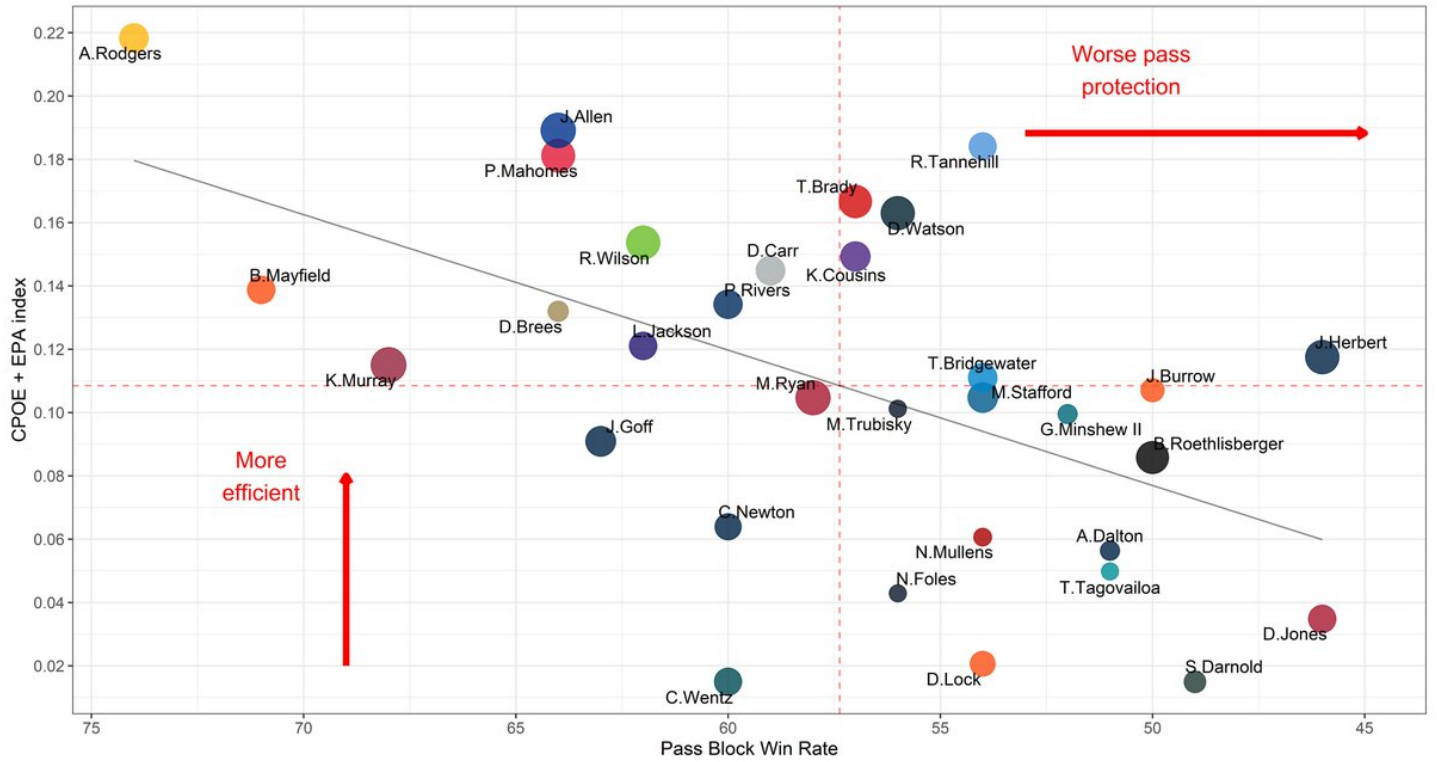

Figure: @benbaldwin | 2020, min 340 plays | Data: @nffastR and ESPN

<https://t.co/hLVtDLfg2n>

2020 Quarterback DAKOTA Ratings

Predictive **EPA/play** & **CPOE** composite

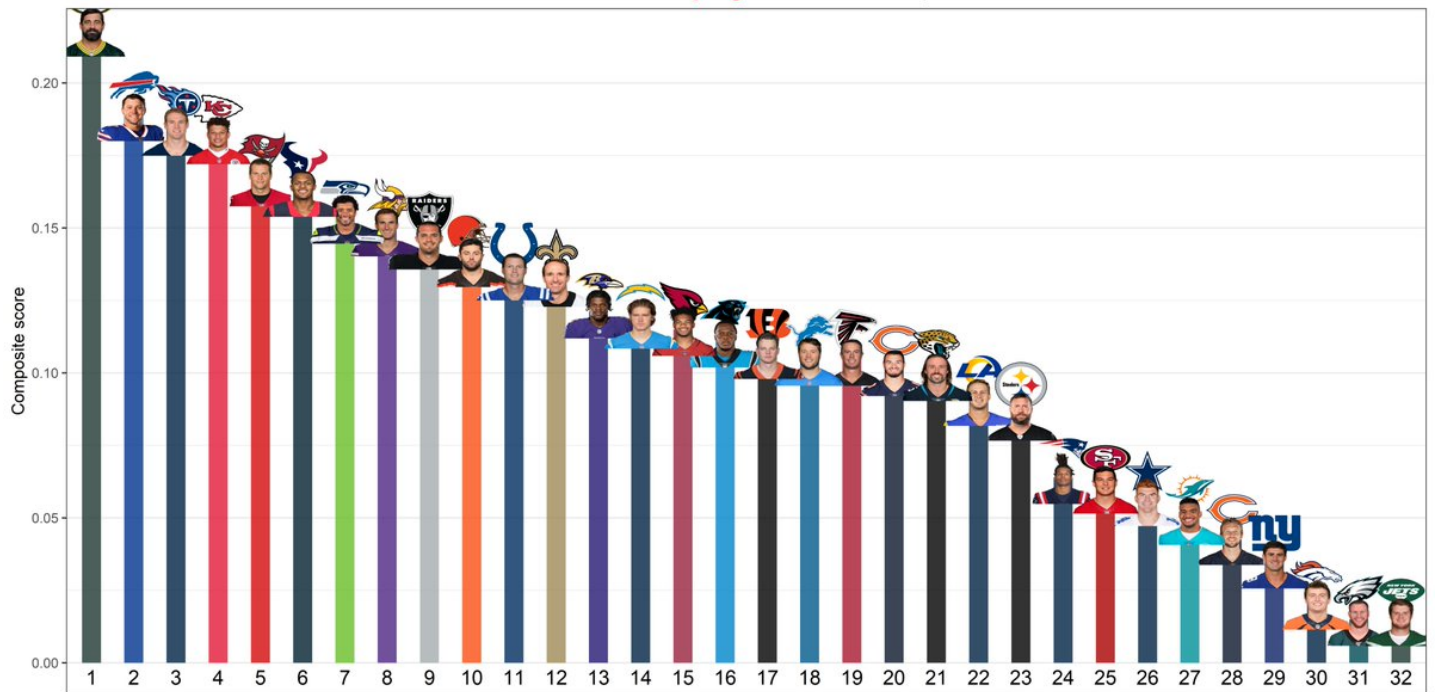

Figure: @benbaldwin | Data: @nffastR | Min 340 plays

Ok that's all. Back to work!

Oops forgot this one.

I wonder who is going to win MVP!

2020 Most Valuable Player Candidates				
	Aaron Rodgers	Josh Allen	Patrick Mahomes	Ryan Tannehill
Player stats				
EPA + CPOE index	0.22 (1)	0.19 (2)	0.18 (4)	0.18 (3)
EPA/play	0.37 (1)	0.28 (4)	0.32 (3)	0.33 (2)
CPOE	7.2 (1)	6.6 (3)	2.9 (10)	2.7 (12)
PFF Offense Grade	94.5 (1)	90.9 (5)	91.4 (4)	90.3 (6)
Team support				
Pass Block Win Rate (%)	74 (1)	64 (4)	64 (5)	54 (22)
Defense EPA/play Allowed	0.03 (13)	0.04 (16)	0.07 (19)	0.13 (28)
Non-QB EPA/rush	0.04 (2)	-0.08 (19)	-0.08 (21)	0.04 (3)
Table: @benbbaldwin Data: @nflfastR, ESPN, PFF CPOE = Completion Percentage Over Expectation based on target depth Player stats shows rank among QBs with minimum 340 plays
