@sewneo

A thread of #digitalart drafts, inspired by optical ring resonators:

It started with #Neff:

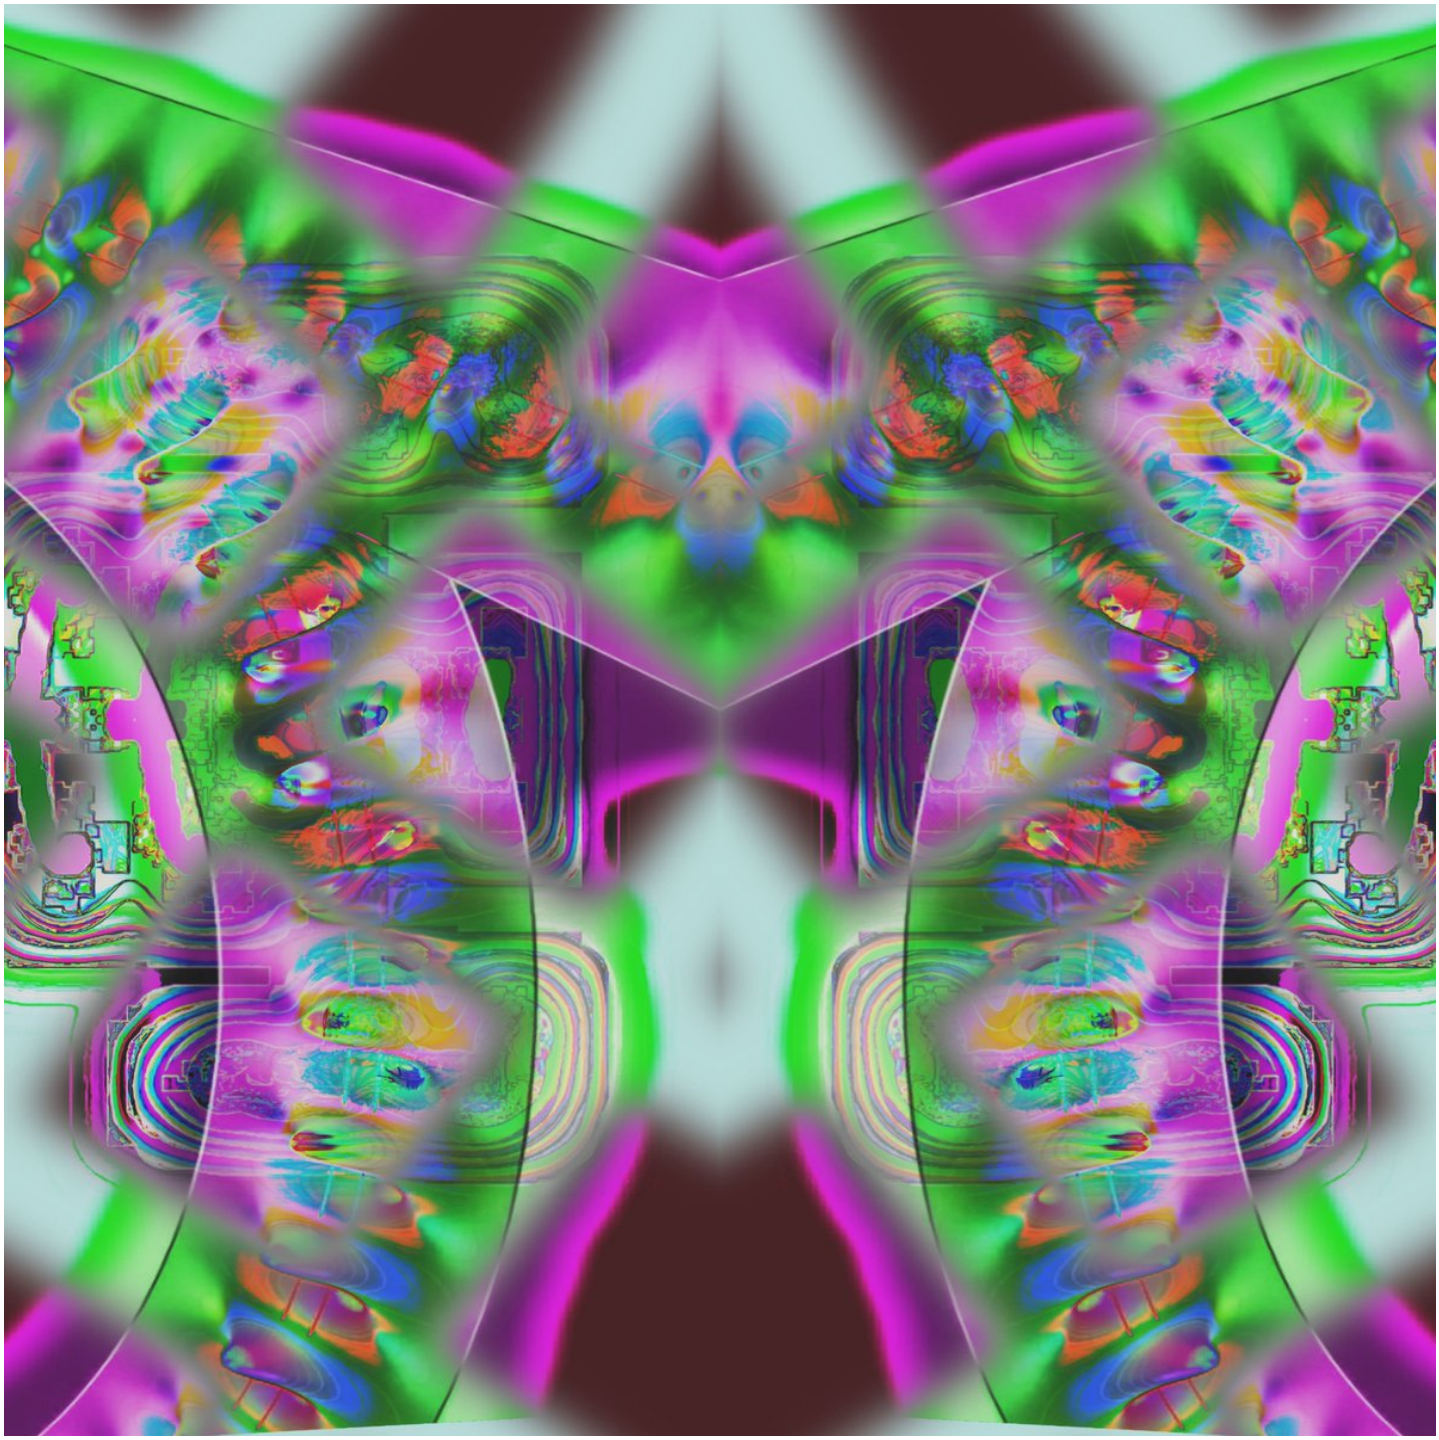

And then Neff ring matters:

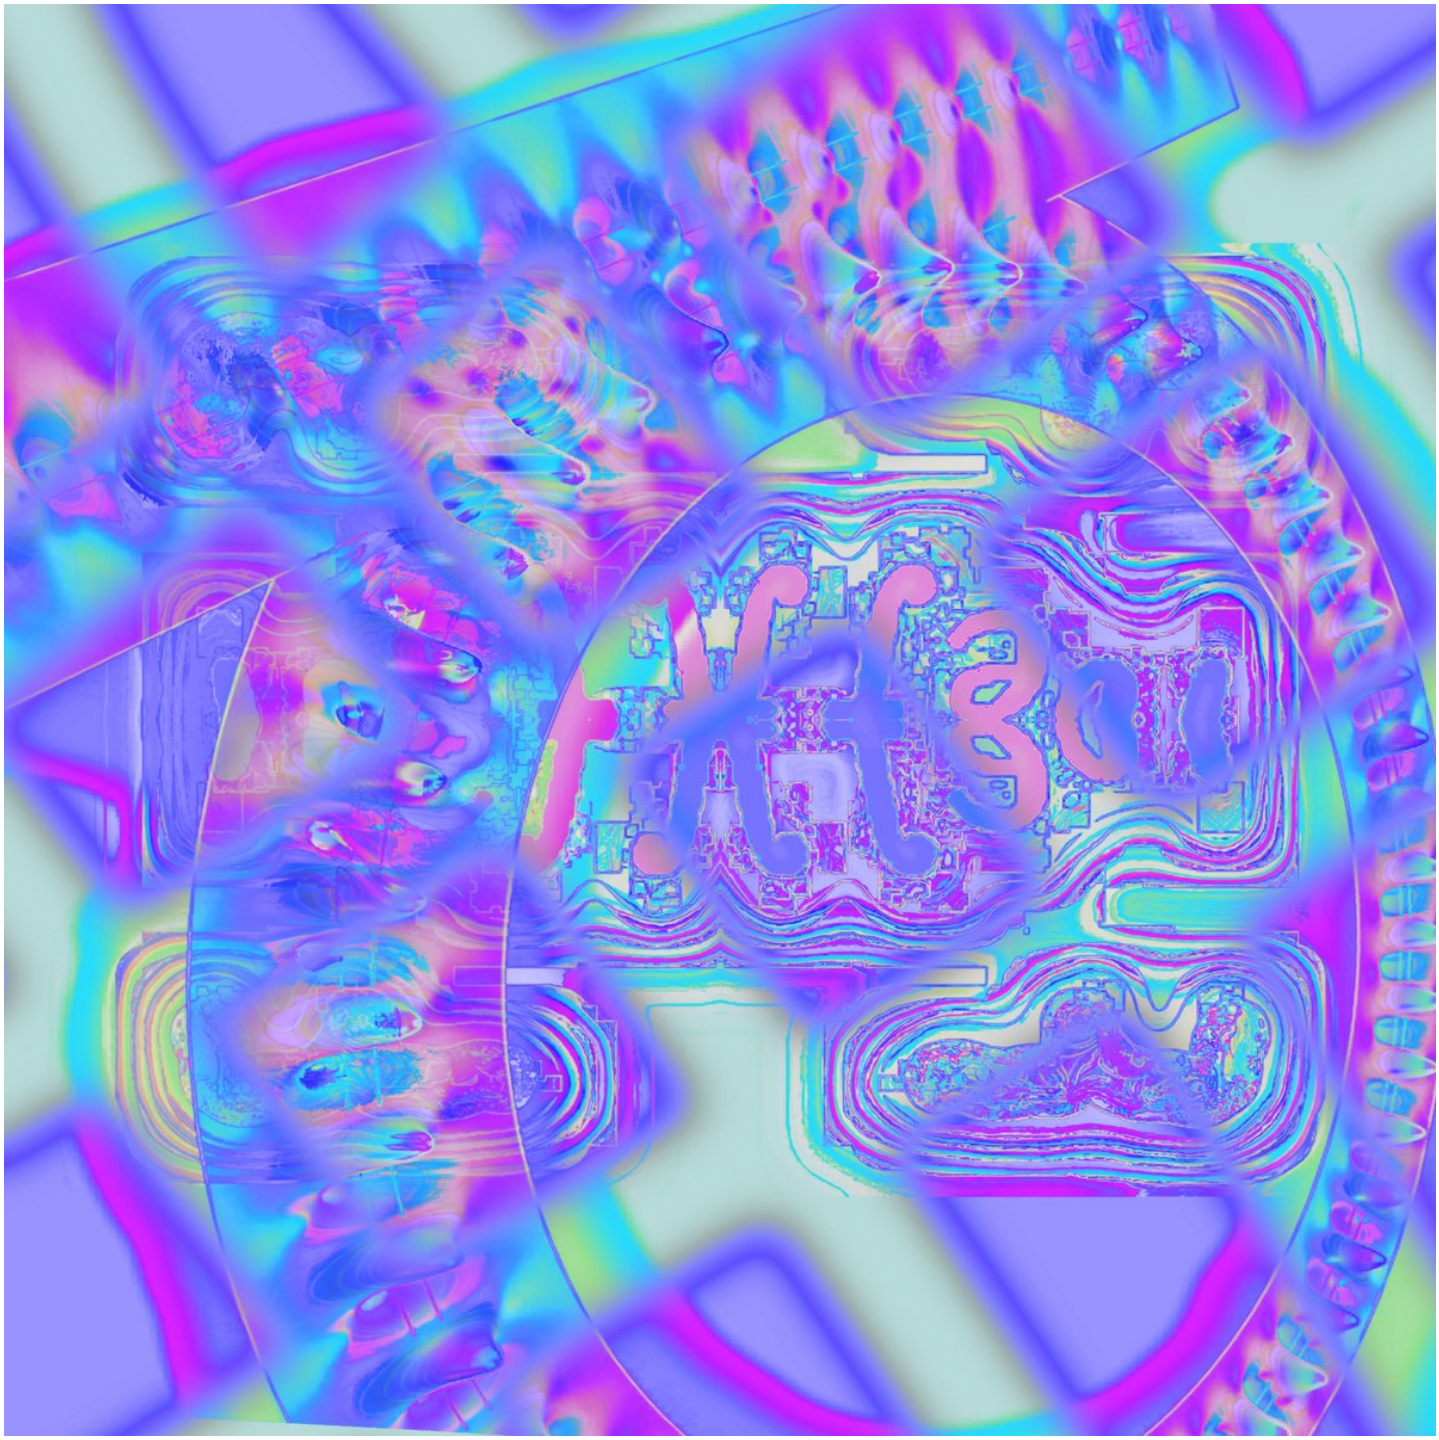

And alas I digress:

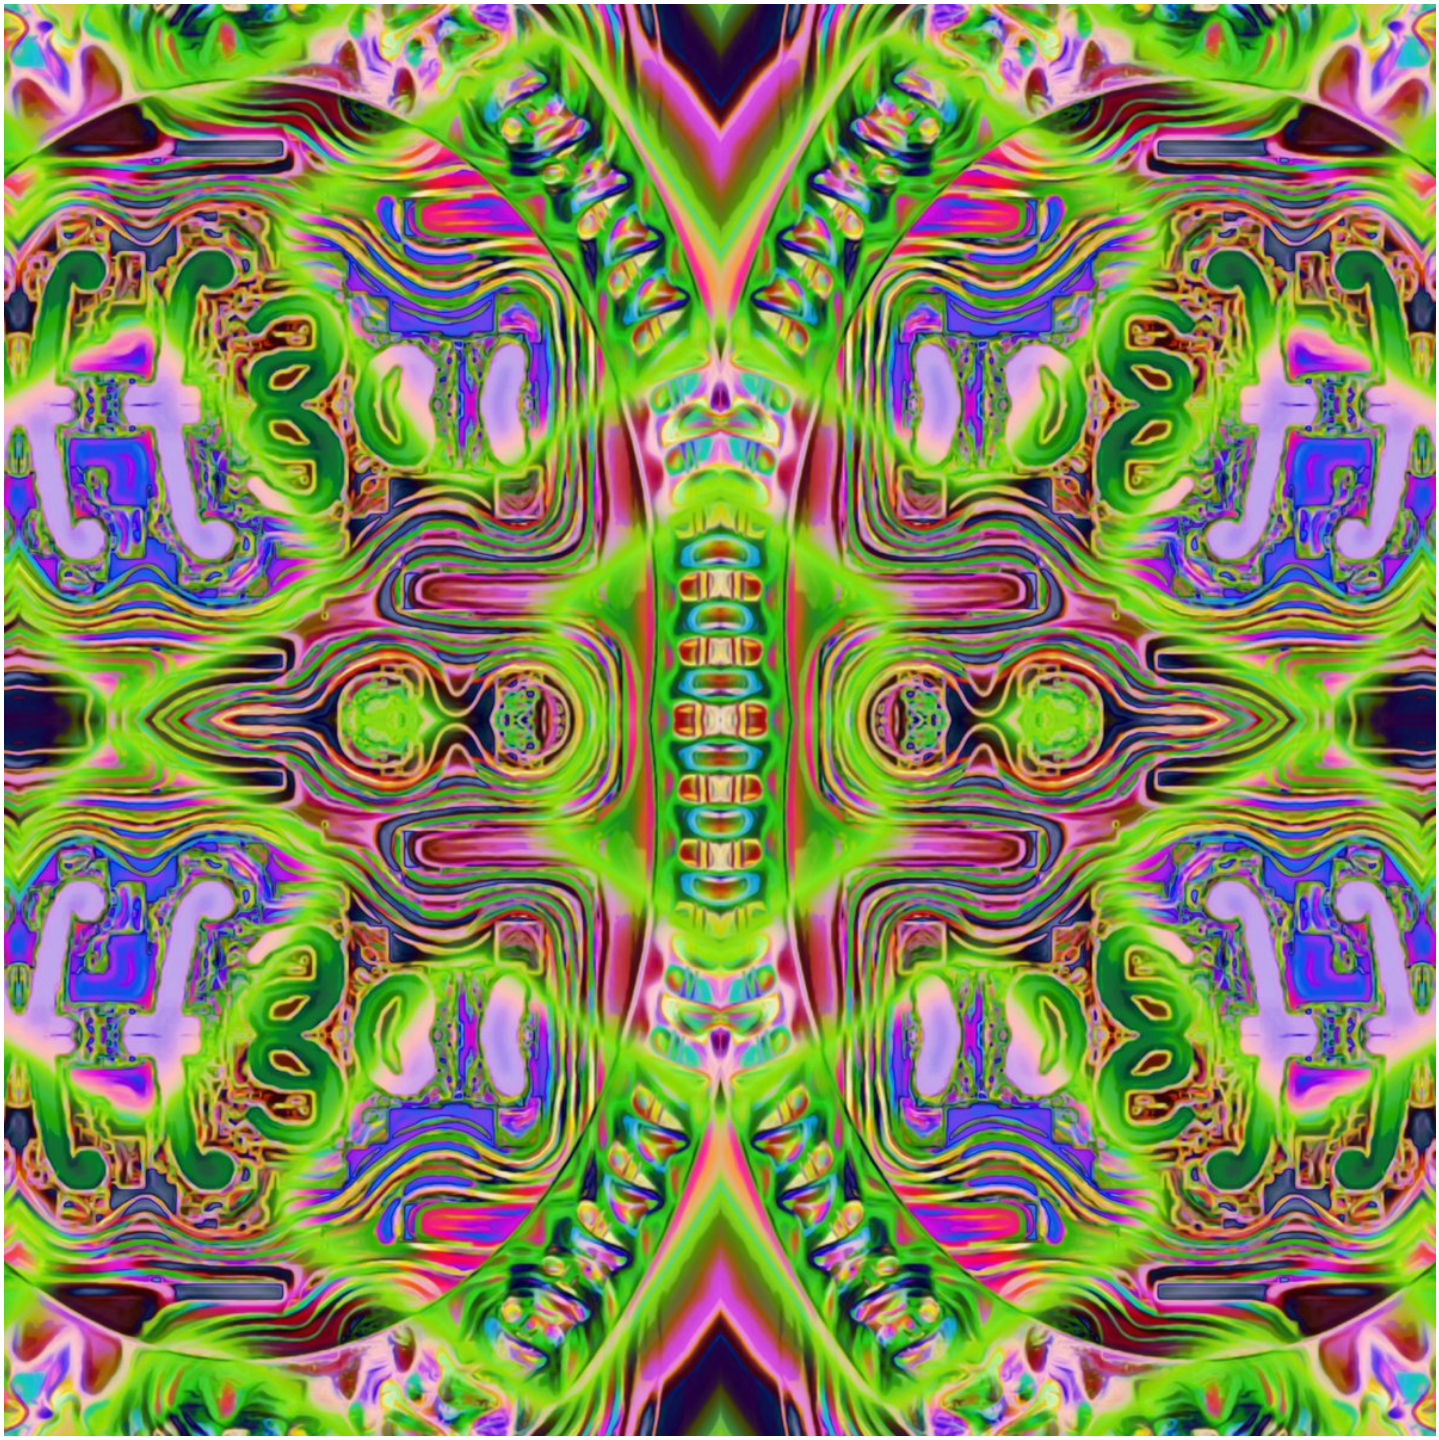

And moreso

And even more

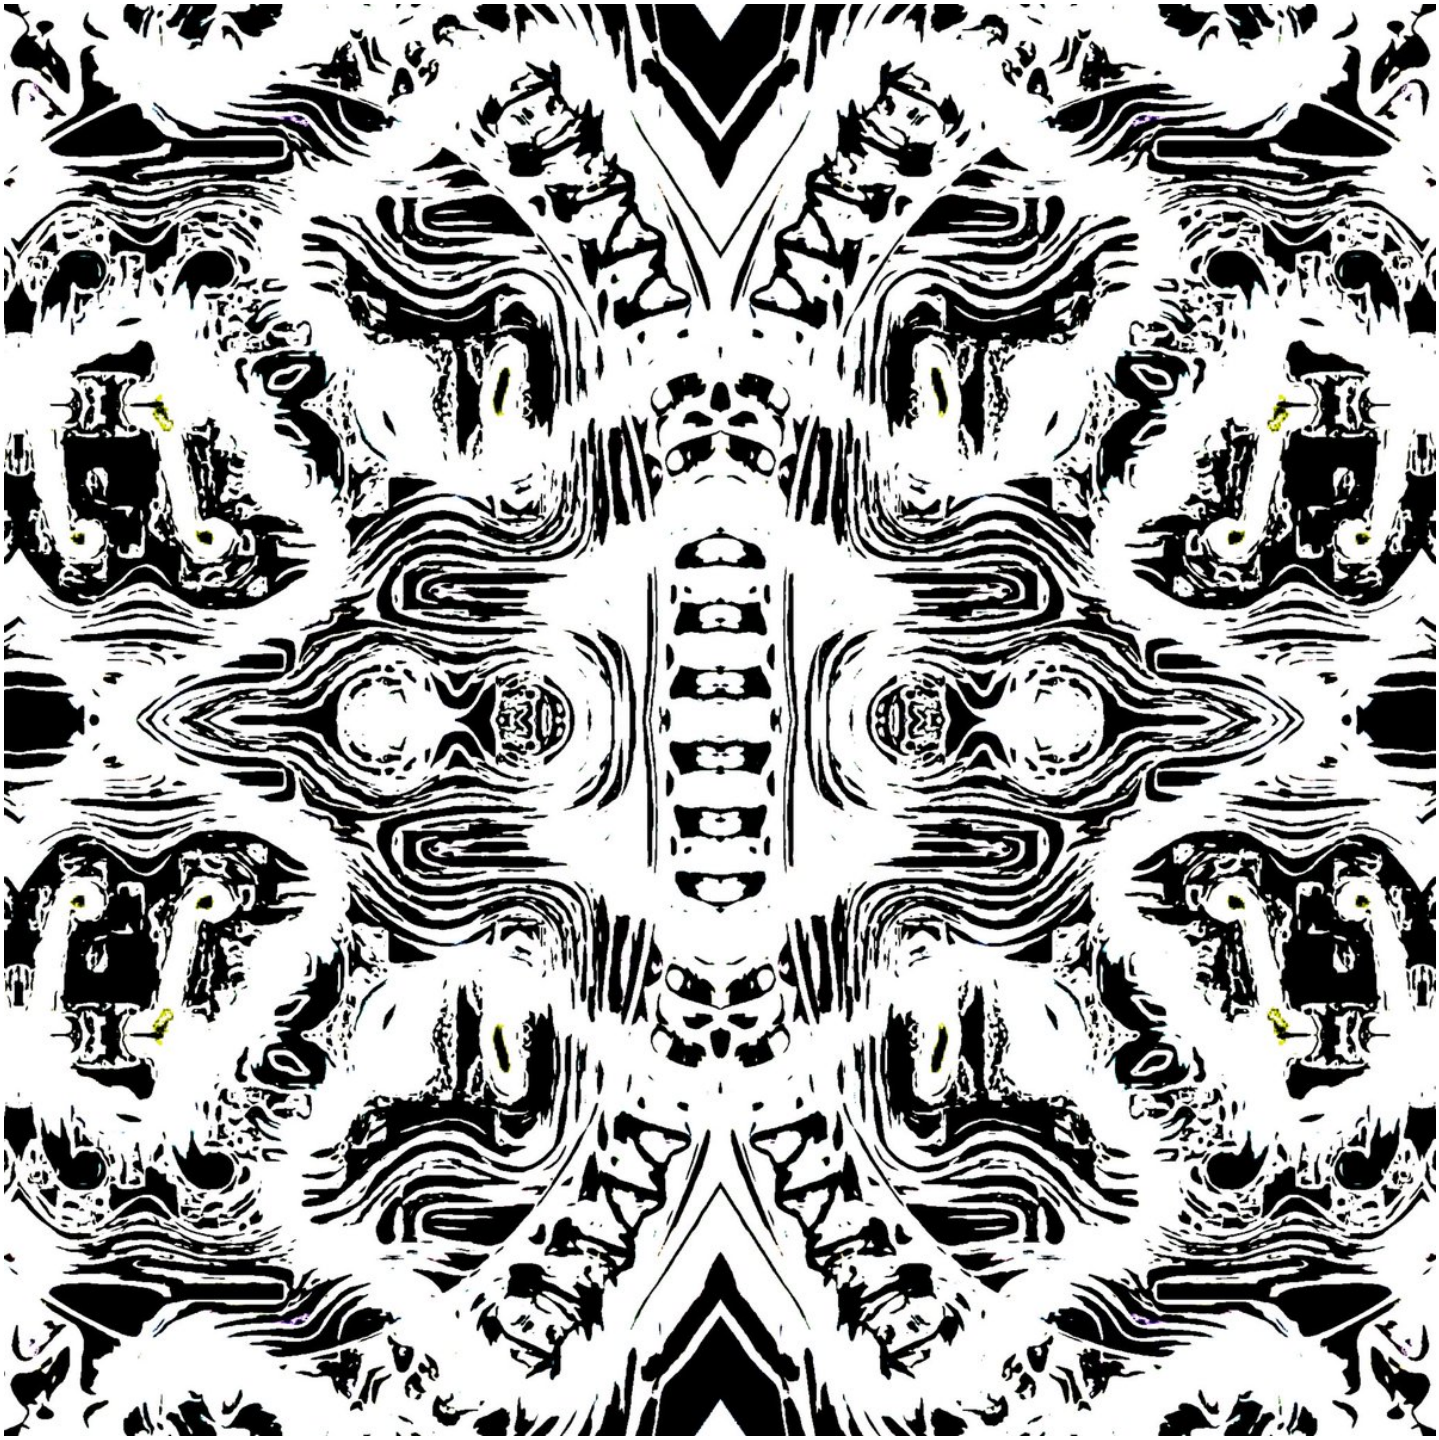

We can keep going

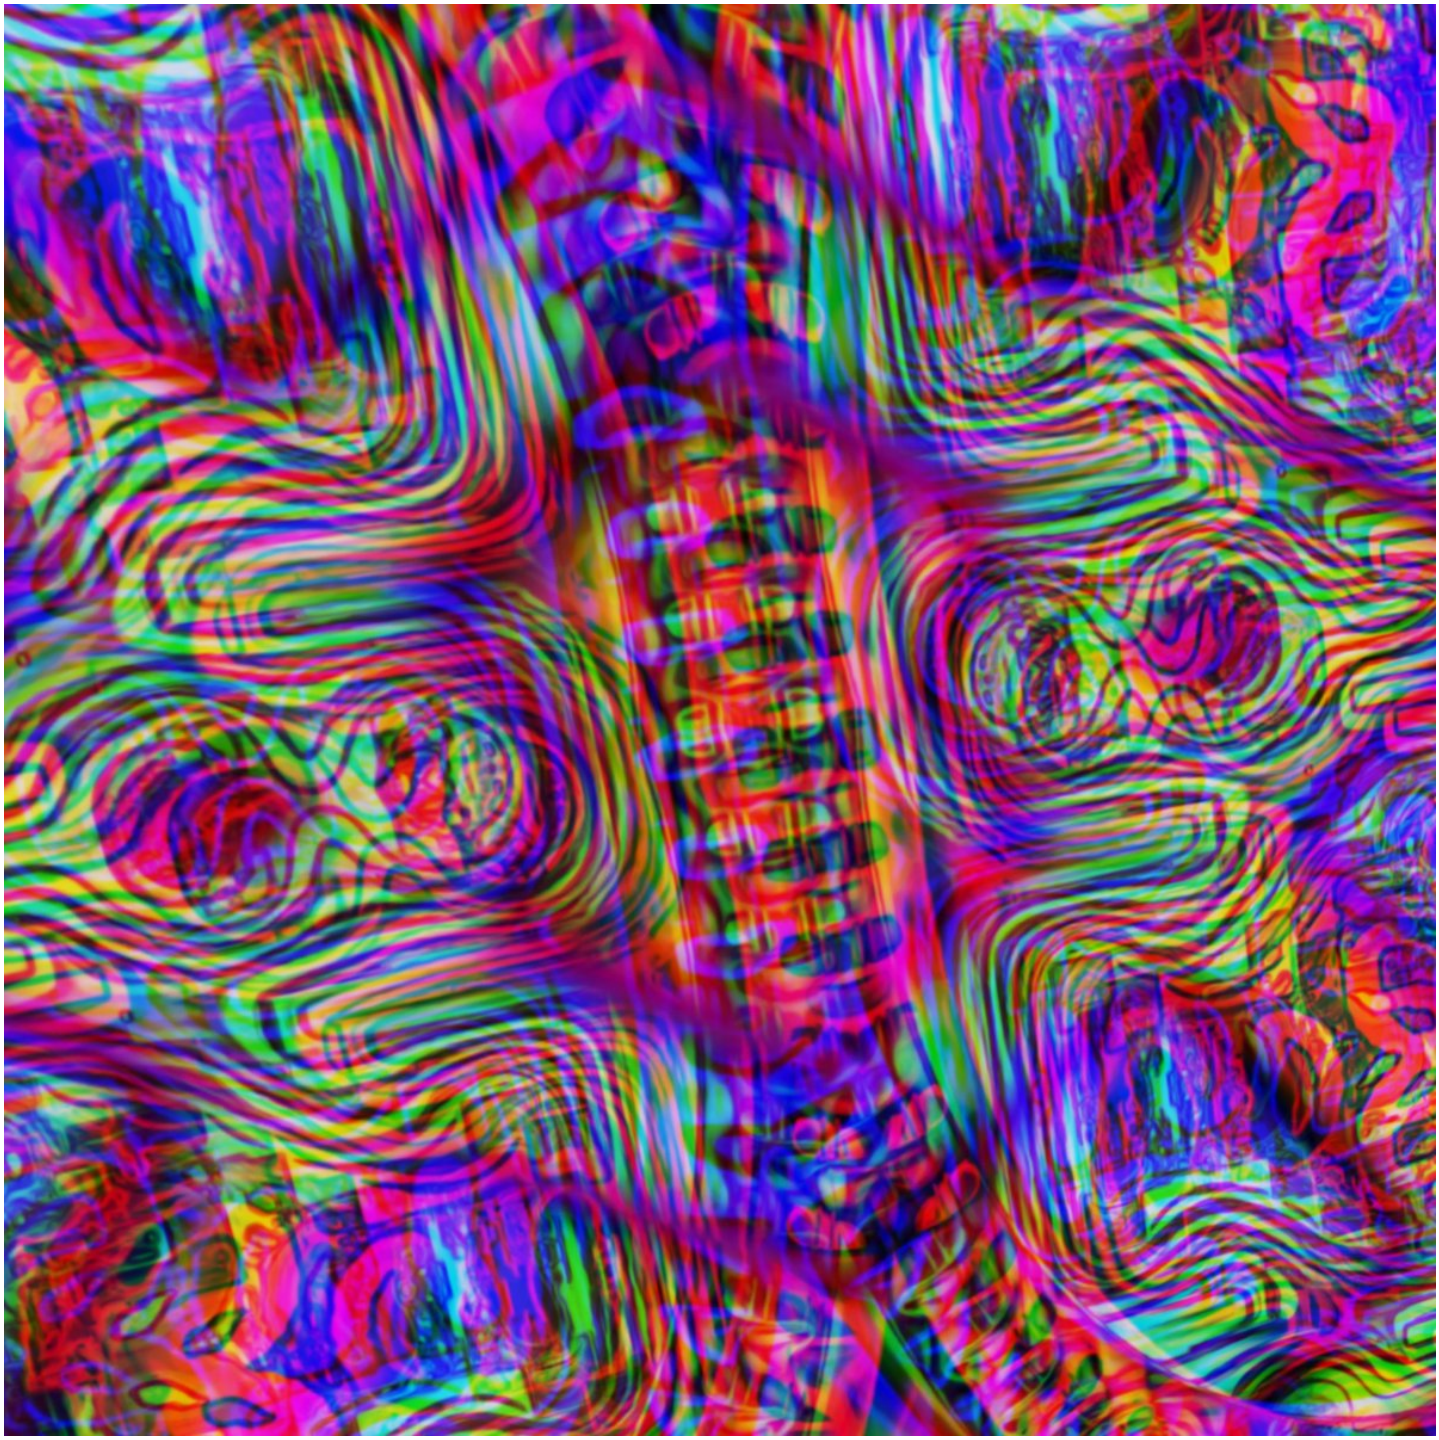

...and going

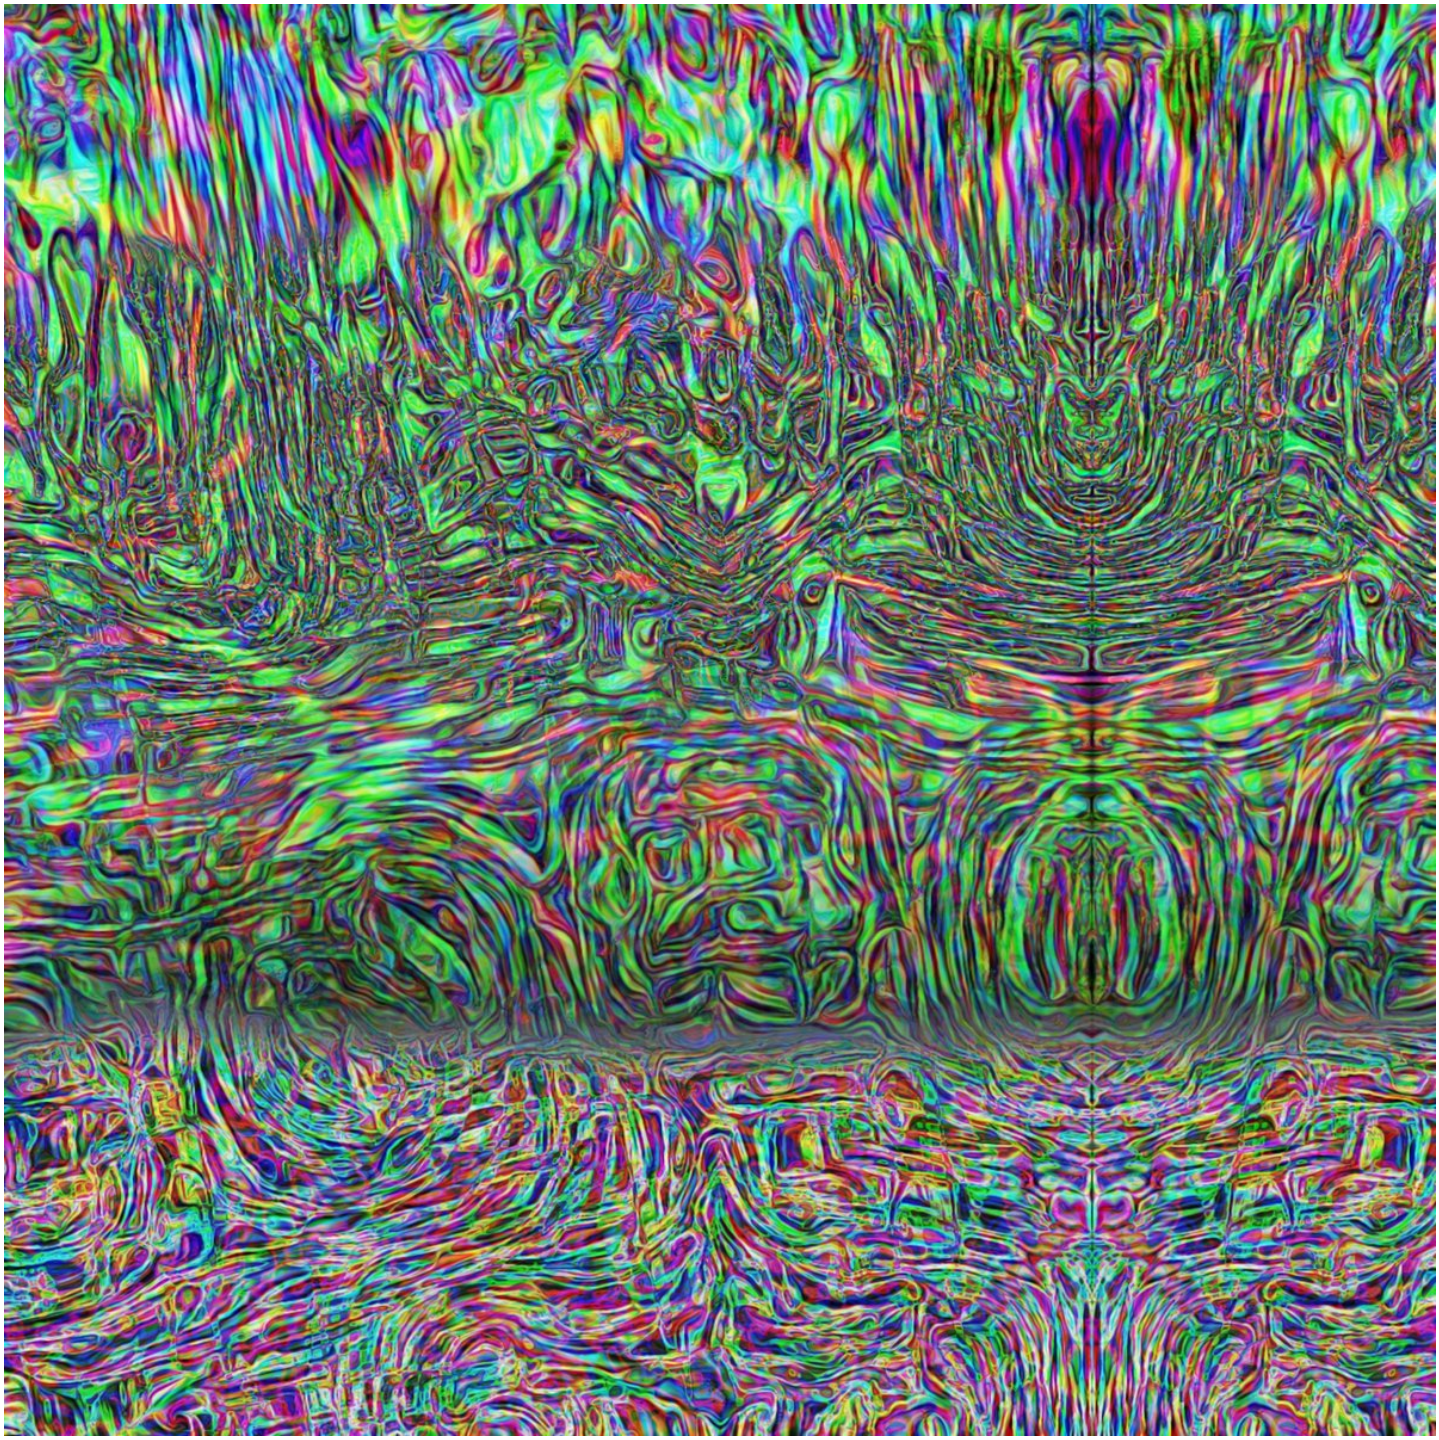

It's like it's forever

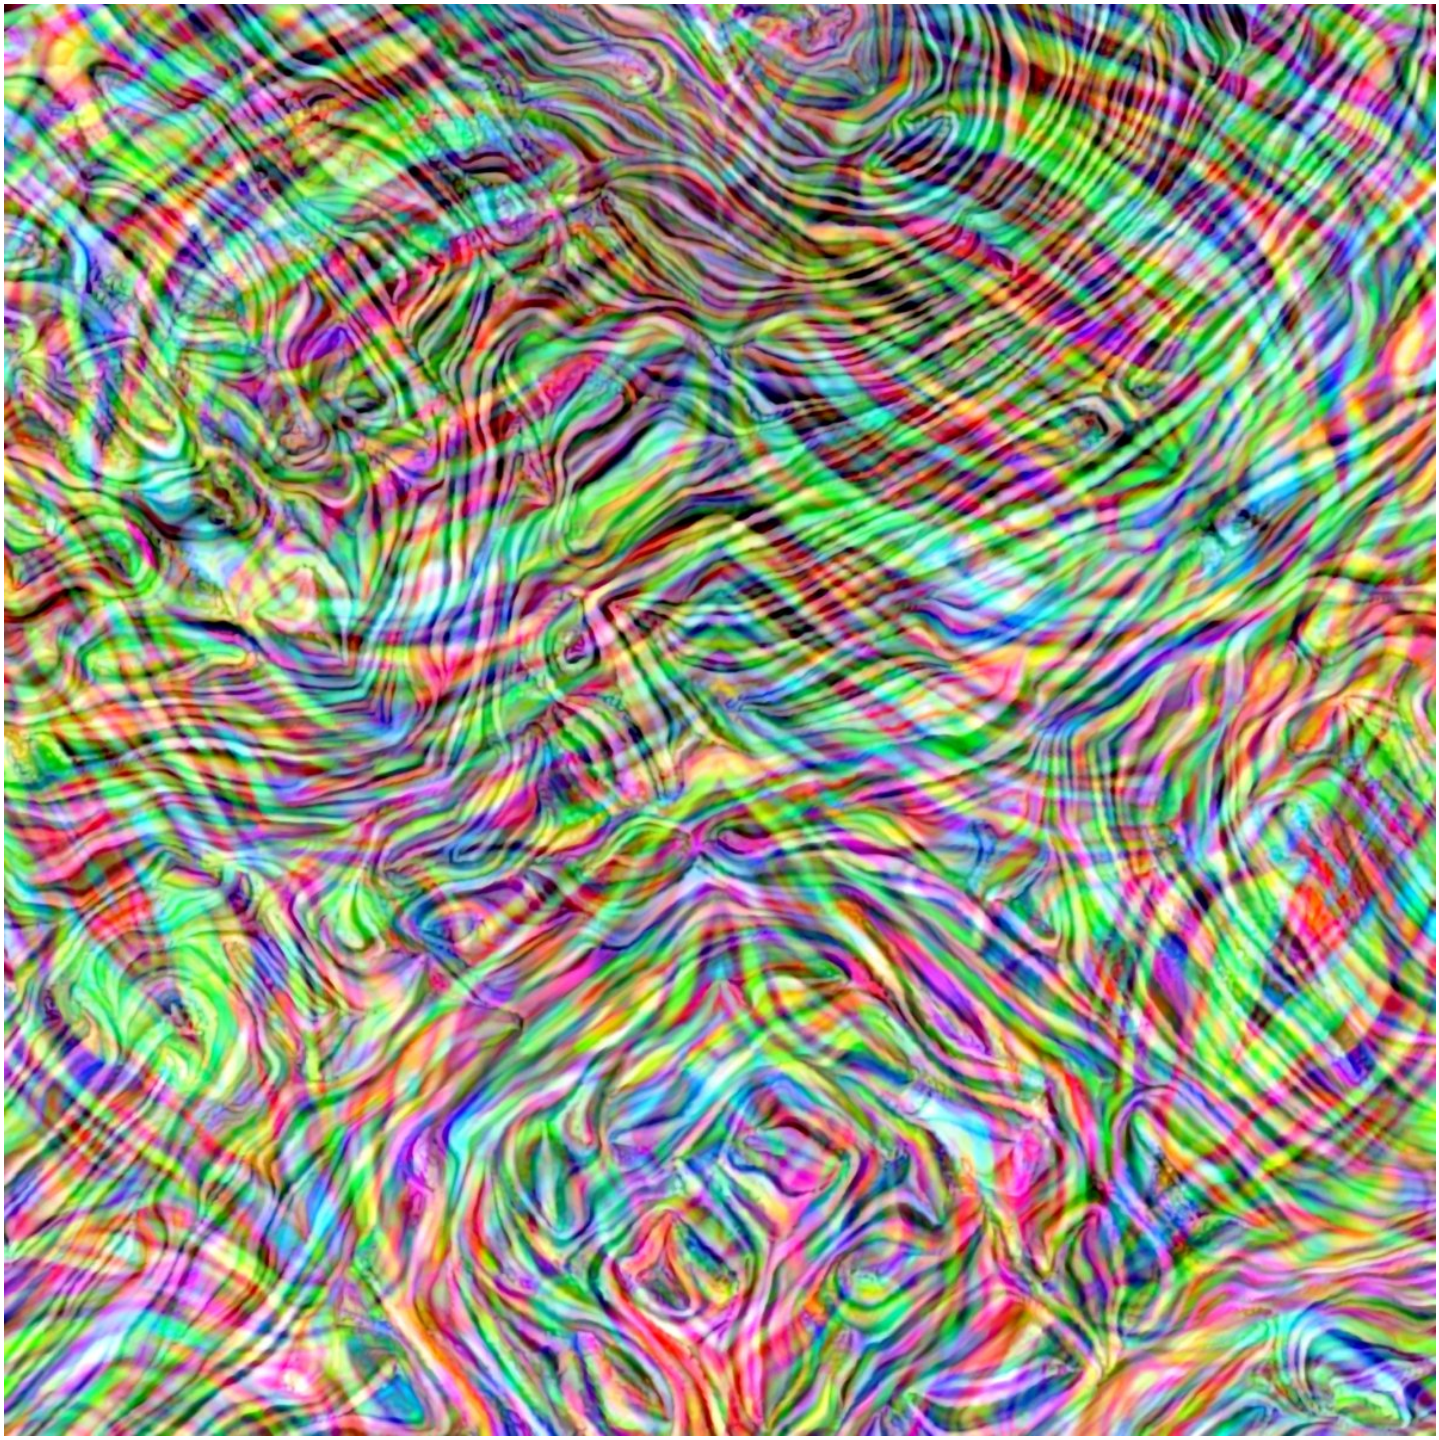

Until it changes

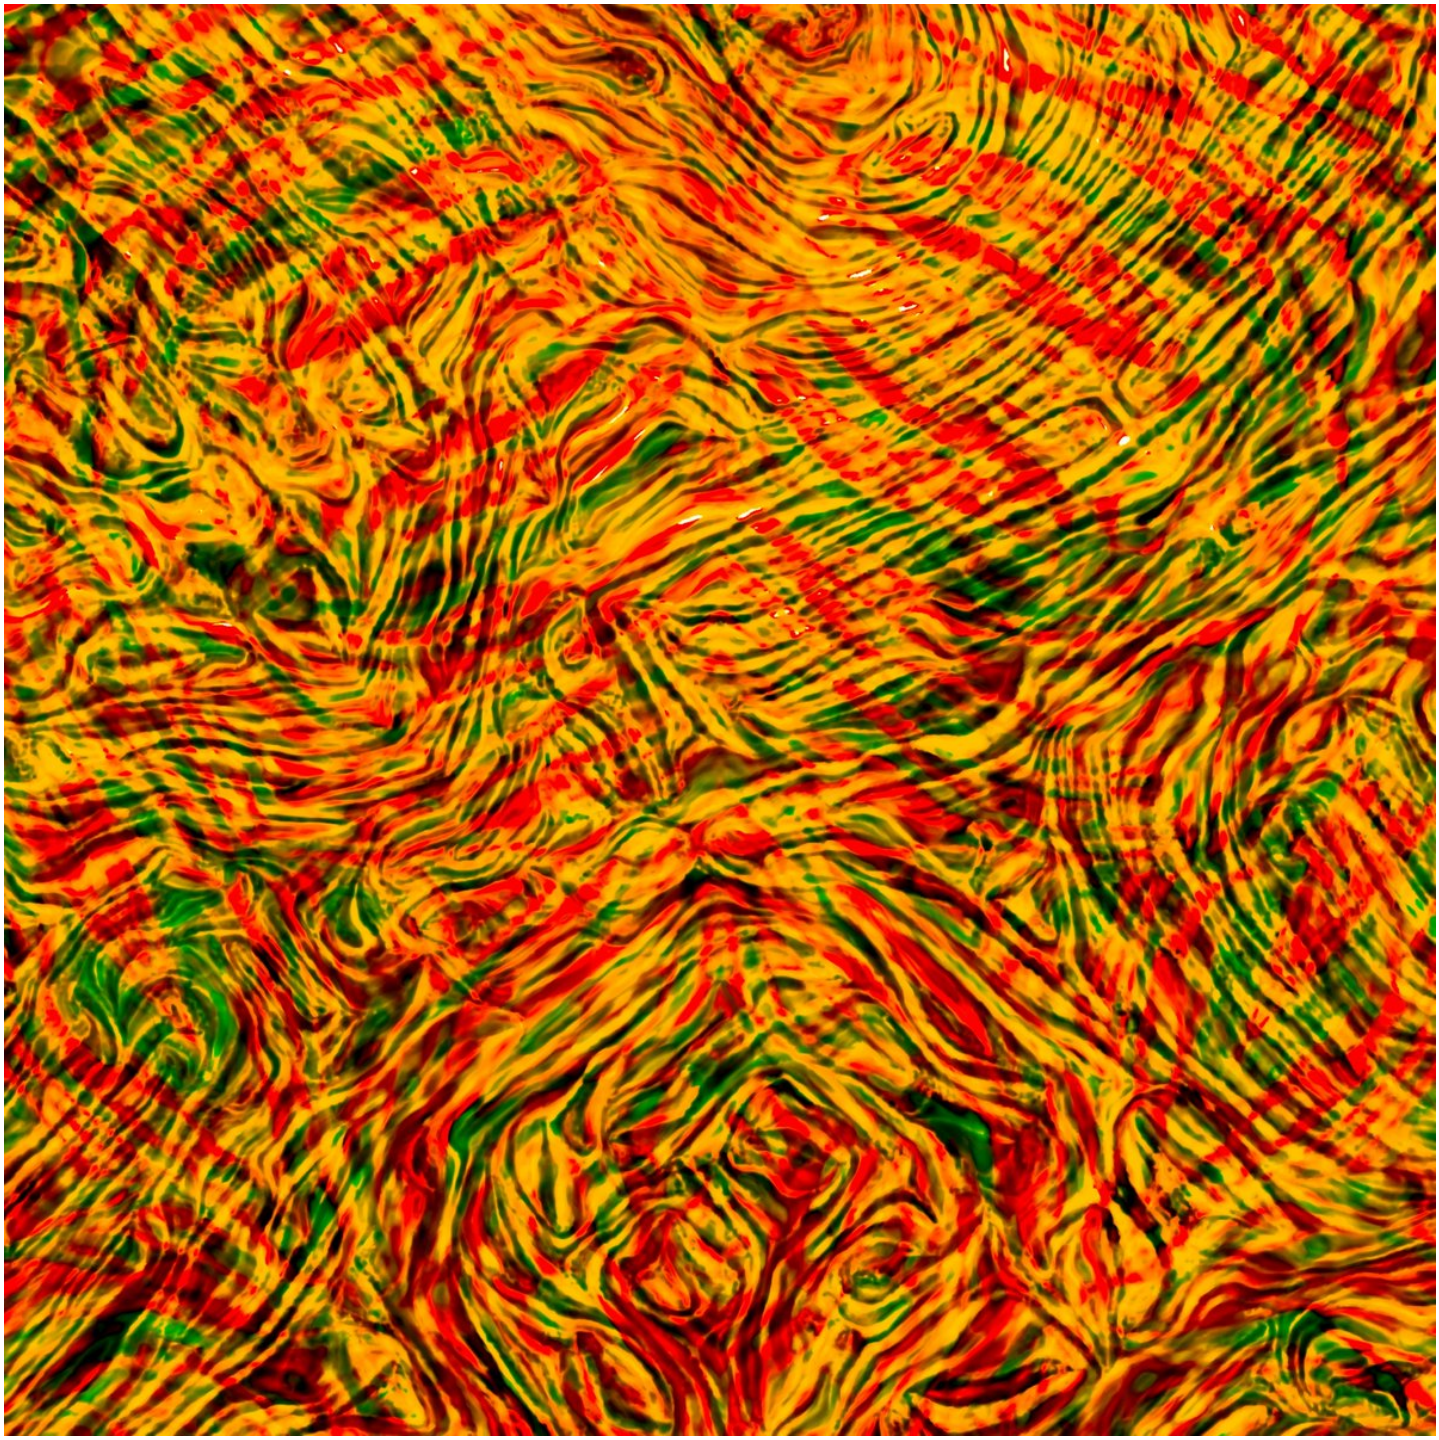

And changes faster

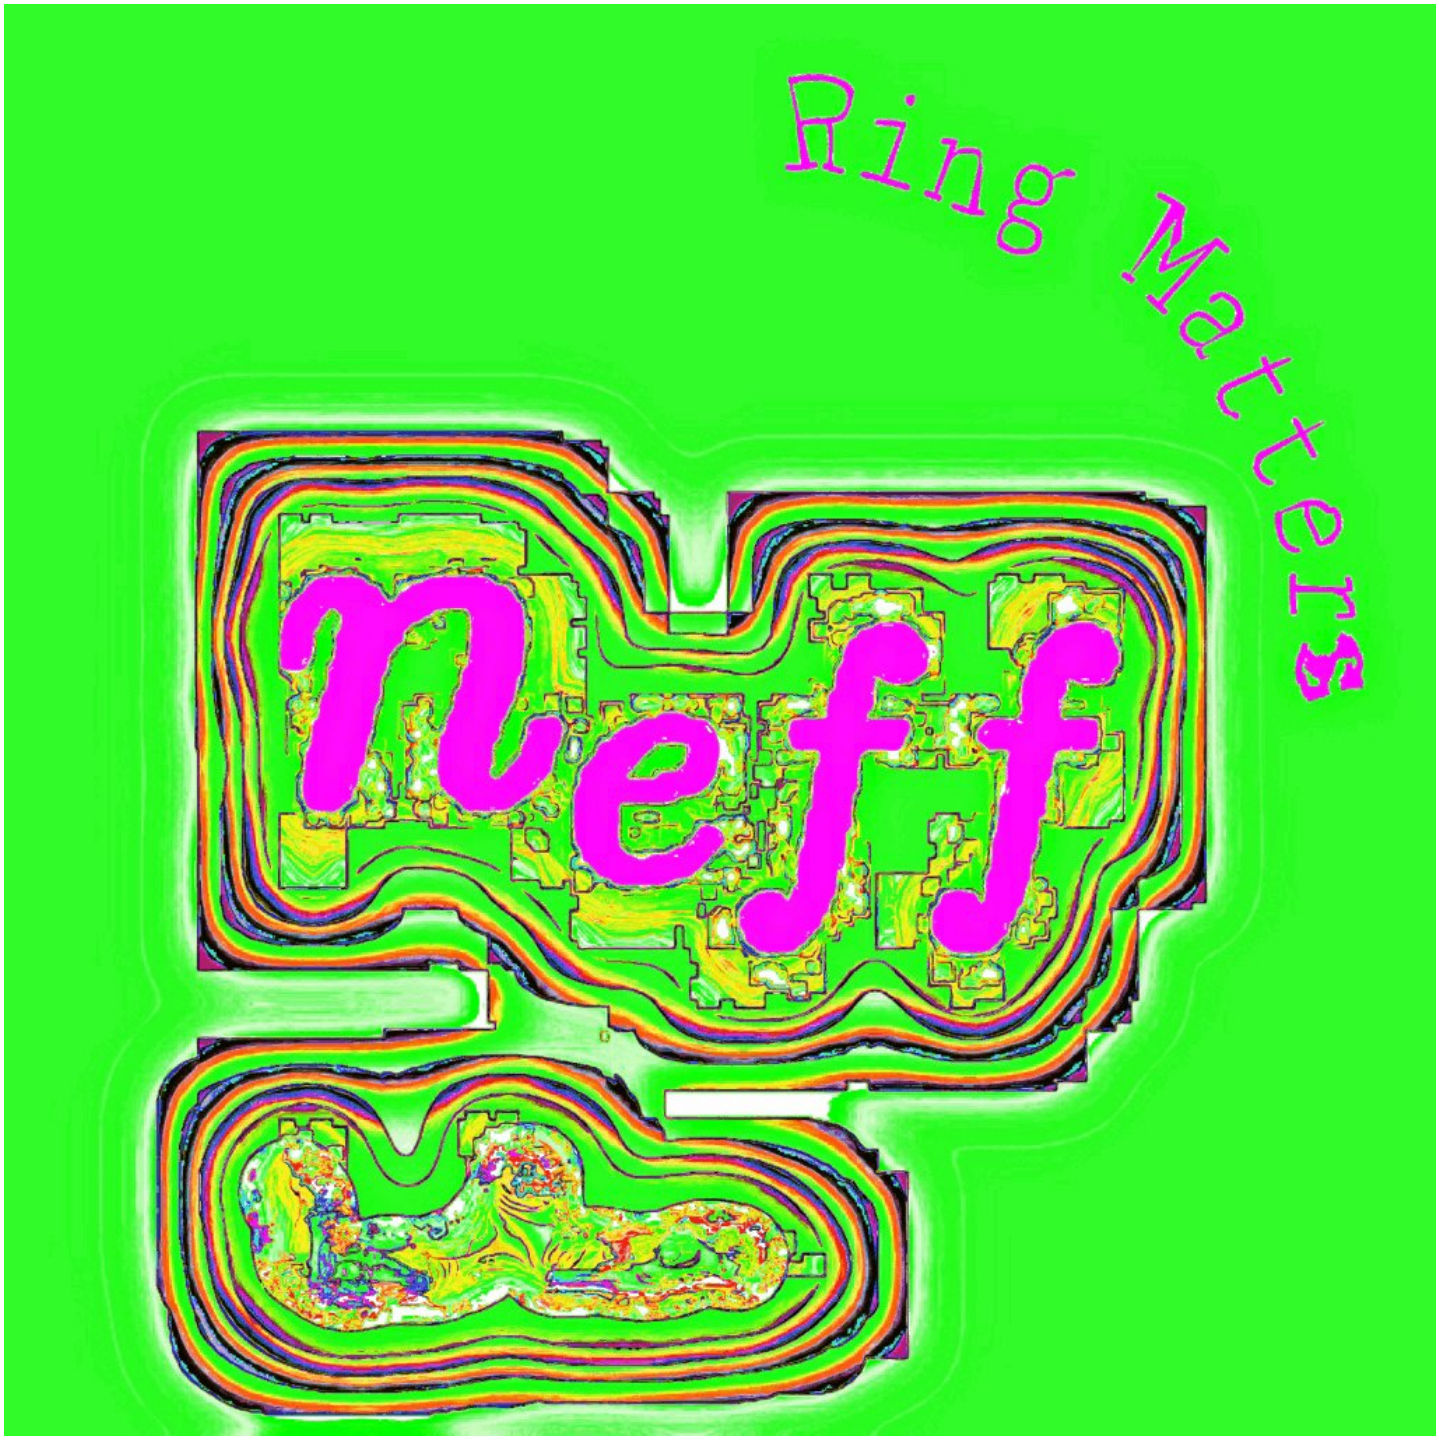

And soon we're beyond recognition

Yet again

And finally these two gifs, at the end.

Ty if you made it to the end.

Please share this if you enjoyed it.

Inspired partly by: @NotTheMacAnon1
