#AWeekToRemember Thread:

I stumbled across this when I was re-reading old Drops, like we were advised to by 17, and I'll explain why I think this week starting today, is the WEEK TO REMEMBER.

We're all chomping at our bit for arrests.
Most of us have been waiting for awhile now, and ever since President Trump's personal acct was permanently suspended from Twitter, we can almost taste the arrests coming.

Ok, "A Week To Remember" - keep in mind, this would be President Trump's last week in office in his 1st term, thus also why #AWeekToRemember.

• Drop 1357:
- WHAT must happen pre 11.11?
- 11.11 provided as strategic marker.
- Strength = Military
- Justice = Tribunals

I'll explain.

Q: How do you write January Eleventh out as a date in America?

A: 01/11/21

Q: How do we usually shorten it when conversing & given the year is understood?

A: 01/11

Q: Can you see what I see?

A: Now, turn forward slash (/) upright.

Q: Now do you see?

A: 1111 = 11.11

Now, I started staring at this post & I wondered if there was more to this.

• 11.11.18

What if you split the #'s of 11.11.18?
Like in groups of 3's.
1.) 11.1
2.) 1.18

Now this is just theorizing that 11.11.18 could be the WEEK TO REMEMBER!

Cont...

If you split up 11.1 1.18 and add a hyphen, you get a date range after removing decimals.

• 11 1 & 1 18
• 1/11 & 1/18
• 7 day difference

I recalled seeing a 7 somewhere & voila!
• Drop 582:
- :stay at home<
- [-7]
- Safe comms (> for Whit Hats)

Could that [-7] be connected to this week? We'll have to wait & see.

But the following is eerily lining up that it possibly could.

• We've seen Lin Wood's bomb-drops on Parler about telecoms & Devin Nunes stating Parler will be terminated at midnight.

Just checked my Parler app & looks like [they] terminated Parler. My app us just spinning with no info popping up.

Okay, now let me tell you the juicy stuff I stumbled upon that blew my mind cause it was right in front of us the entire time!

• Who is the 1st Indictment unsealed?
• Who is the 2nd?
• When?

■Drop 15:
• 11.3 - Podesta indicted
• 11.6 - Huma indicted

Do you see what I see? Right on top of one another?!

• 11.11
• as in => 1/11 as in January 11th.
• The 'STRATEGIC' marker from Drop 1357.
• Strength = MILITARY
• Justice = TRIBUNALS

PODESTA & HUMA on deck.

Now same Drops of 15 & 34 referencing Podesta & Huma indicted.

Apply same logic & reasoning I used above with decoding 11.11.

• 11.3 - Arrest announcement of Podesta
• 11.4 - Actionable on Podesta
• 11.6 - Huma indicted.

Now remove all decimals and add a forward slash after each 1st number in each set.

• 11.3 => 1/13 - Podesta indicted announcement
• 11.4 => 1/14 - Podesta actionable arrest
• 11.6 => 1/16 - Huma indicted

Then you add the above to knowing this is President Trump's final week in his 1st term.
