We are belatedly entering the hearing.

Ian Wise is setting out arguments.

Ian Wise:

Transgenderism is very controversial territory. ‘Perceived by the victim’ very controversial.

References the Miller case. Complaint could be made by third party.

Ian Wise:

A comment that is ‘perceived’ to be transphobic.

In the Miller case this led to police action which was found to be unlawful.

Ian Wise:

My client is concerned that a boy may enter the girls toilets.

On page 336, Activity 1c we see the toilet activity.

My client has a genuine concern.

She has sufficient interest in the application.
