It's time to face the hard truth:
Qanon was a psyop. I know you
don't want to hear it, but it's true.
Why was it used? There are several
reasons, but here are the 2 most
important: 1. To prevent the Patriots
from revolting while all of our
freedom is taken away. We've
talked about this several times, but
what I want to address now is
reason number 2: Q was also
created to get rid of anyone who
questions the narrative.

@theycantsuicideusall2.0

Again, 2: Q (cue) was also created to get rid of anyone who questions the narrative.

Cue has created a following full of irrational, emotional people who have abandoned all logic & reason. Their HOPE has blinded them. Their emotional response to anything or anyone speaking up against Cue has taken a dark, drastic turn for the worst. The truthers have desperately tried to warn those who follow Cue because we knew it would end badly & we knew that the MSM would only put this much effort in a psyop if it was VITAL for their agenda.

@theycant suicideusall2.0

This week I realized just how vital it was. We saw a huge piece of the puzzle this week with the incident at the capitol. We know that these were actors (not just Antifa, ACTORS) but what message was sent by doing this?

They used the capitol incident to 'prove' that cue/Trump followers are emotionally unstable, violent and DANGEROUS. If you haven't noticed, the media has been pushing just how 'detrimental' this was to our 'safety' and 'society.' They have been pushing this tirelessly 24/7 to make sure that these people are shamed and condemned from society.

So you ask, I don't believe in cue; what does that have to do with me?

@theycantsuicideusall2.0

If you pay close attention, notice that the media (for years) has been lumping ANYONE who questions the narrative with cue-anon. Do you question vaccines? Cue anon. Against the lockdown? Cue anon. Anti masker? Cue anon! They're even associating Christians with cue! Just like how the CIA made up the term 'conspiracy theorist' to make us sound clinically insane

@theycantsuicideusall2.0

But why? Because they are brainwashing people to HATE US! To want us gone! Between this lockdown, what happened at the capitol and what might happen on Inauguration Day, the 'conspiracy theorists' are going to be blamed for ALL of it. Even people you know are going to want us gone. You think they emptied the prisons for the elite? That is absolutely laughable at this point and it couldn't be more clear where they are going with this. The truthers have said several times that cues messages aren't against the elite, they're against US! 'Soon they won't be able to walk in the street'. 'Nothing can stop what is coming.'

They used Parler as an example. They showed us just how easily our voices can be taken away. IT IS TIME TO WAKE UP! The false information that is spread and the irrational ideologies are going to affect EVERYONE around you! This is something that will without a doubt ruin your life. It will ruin your family's life. It's worth it if it's the truth but it isn't! It's time to let go, because things are going to get very difficult very soon. Don't use the last of your freedom of speech to perpetuate a lie! Use it to spread TRUTH & to UNITE and PLAN! Use this time to find truthers nearby! You are going to need this, I promise you. If I'm wrong then you'll be prepared for the next disaster & have new friends. But if you're wrong.... just think about that.

'Pastel QAnon' Is Infiltrating the Natural Parenting Community

There's long been a link between those who distrust hospital births and those who distrust vaccines — but

Reddit has an entire section called 'Qanon Casualties'. This is the one of VERY MANY examples that they have of associating cue with evangelicals. Take a look for yourself, they use this to lump ALL of the 'conspiracies' together

For those of us who were raised by right wing conspiracy theorists

I just realized that right now in our country is actually triggering low grade (or high grade for some!) chronic childhood trauma, especially the gaslighting.

Even if your parents weren't involved in this, it's still bringing up rough feelings.

My father died years ago, but it's still like watching his racist misogynist antisemitic homophobic white supremacist redneck ass storm the capital with an incompetent chronic alcoholism induced brain injury level of planning and execution.

It really is. I was brainwashed as a kid to believe all the same stuff but I got out. Still, it's bringing up a lot of past trauma and my folks are still gaslighting, still trying to convince me of their conspiracies. It's scary and frustrating and deeply sad because people I love are lost. I don't think they can come back.

Four years of trauma, to be exact. The gaslighting, the threats, the hate. Reminds me too much of my childhood being raised by an evangelical abuser.

I wanted to mention one more thing... the 'Qanon shaman' that was saw at the Capitol... his role was VITAL. They made sure that he was front and center and that he would come off as a complete lunatic. It worked and I guarantee that the whole country will associate him with conspiracy theorists.

Now, this next slide is important. It all comes down to this! This is a bill from September 2020.. Pay attention to the wording used! Doesn't this sound like something that would have been written AFTER the capitol incident? They have been planning this for a while & if you still believe in cue you are going to be caught off guard when this starts knocking on your door.

Whereas, according to the Combating Terrorism Center at the United States Military Academy at West Point, “QAnon is arguably no longer simply a fringe conspiracy theory but an ideology that has demonstrated its capacity to radicalize to violence individuals at an alarming speed”;

Whereas Facebook, Twitter, and Google have removed or blocked QAnon groups and content from their platforms for violating their policies against misinformation, bullying, hate speech, and harassment;

Whereas QAnon adherents have been harming legitimate efforts to combat child exploitation and sex trafficking, including by overwhelming antitrafficking hotlines with false reports;

Whereas the conspiracy theories promoted by QAnon undermine trust in America’s democratic institutions, encourage rejection of objective reality, and deepen our Nation’s political polarization; and

Whereas our Nation’s polarization is further accentuated by others, from the far left to the far right, promoting extreme ideologies and antigovernment conspiracy theories, hijacking legitimate peaceful protests, and encouraging followers to damage, deface, or vandalize local, State, and Federal Government properties and to attack law enforcement: Now, therefore, be it
