@LDbuildz

When DT as a candidate said Russia, if you got the emails. I smelled the bs & knew they were in on it together. At this point, Putin & DT had been bro jockeying each other in the media for the last 6 months. Putin, who is a talented politician had the understanding that his (1)

@BaddCompani candidate needed a prop. Putin knew he couldn't over compliment or people would smell through it. At this point Trump had no credibility as a candidate from world leaders! More so, his stock was falling fast. This is during the winter of 2015. In the beginning of DT's campaign (2

@BaddCompani So, he called him "colorful" Which was just enough to give DT a start on his worldwide credibility problem that he needed to establish. While acting as the interaction was purely genuine. These numerous interactions in the last couple of months of 2015 & first 6 mos. of 2016. (3)

@BaddCompani Additionally, why was DT/fam/associates in Russia so much during the years of 2013 & 2014. Smells like a lot more than just building skyscrapers in Moscow. DT's little ego was hurt bc he felt like a lot of Americans did not give him the respect that he felt he deserved. Typical(4

@BaddCompani of a small man. DT may be large in stature but he is small in character. That has always been his downfall & he knew it yet he has made the same mistakes repeatedly and failed numerous times because of it throughout his life. Do you remember the faces he would make during his (5)

@BaddCompani transition & beginning of his presidency! He knew he was caught red-handed & the guilt on his was CLEAR! There was more to the story, that we as Americans still do not know about. Also, many people always talk about the convos in Helsinki btw DT & Putin. The meeting more (6)

@BaddCompani disturbing than that. Was when DT & Putin met in Latin America. During this meeting. Only those two met in private with zero witnesses, records, notes, NOTHING! This never happens in world politics. There is always numerous people on both sides to witness & if need be back up (7)

@BaddCompani their own leader. So, what was so private & very unusual, that it had to be in complete private! In the world of diplomacy & politics on the world stage. This is very alarming & rings bells as highly suspicious! Add to it, that the two

countries are known enemies of multiple (8)

@BaddCompani decades. Those scars run deep! Moreover, this would be the perfect partner for a traitor to team up with to assist in overthrowing his naturalized country, the United States of America. There is a good case that since he is in the middle of a trial in another of three branches (8

@BaddCompani of government than any pardons issued during that time, whether for others or himself & the end results of the trial is a conviction. Then pardons issued during that trial are null & void. Irregardless, the Constitution was clear & was designed for this exact moment which the (9)

@BaddCompani Founding fathers writing essays & posting it in all the major newspapers across the Thirteen Colonies. Also, a few wrote a book called the Federalist. Which were a series of essays explaining their exact intentions on every part of the constitution. They made clear that a (10)

@BaddCompani sitting President conspiring with a foreign enemy to overthrow the United States of America. Can be charged with the highest Law of the Land. Which is high treason. He will be recognized at this point as the most dangerous man to our country. He needs to recognize that he (11)

@BaddCompani needs to lay low & cause no more problems the last few days of his presidency. This is his best & only way to try to soften the damage of what will come next. Otherwise, he will regret in the end. For not knowing when to relent. I find amazing is that most criminals know when (12

@BaddCompani to shut up & not dig yourself a bigger hole. You are the biggest criminal in America. The line up of other crimes you can be charged with either state, federal, or worldwide. Yes, worldwide! Think about it! If you get convicted & lose secret service protection. Remember, Iran (13

@BaddCompani and Iraq have issued warrants for your arrest. If they know you're a sitting duck w/o security. Well, naturally, they will be motivated to hunt you down & you know their pissed. Speaking of, remember, that former Iraqi dictator Saddam Hussein tried to kill #41,George H.W. Bush(14

@BaddCompani & he had secret service protection & they still tried. So, you have problems worldwide. Best suggestion, is to put your tail btw your legs & start repairing the damage you have done to yourself, your family, your legacy & your remaining days of your life.The first step in (15)

@BaddCompani the process. Would be to hold a press conference & admit you blatantly lied about losing the election and spread deceit to millions of people for which you will spend the rest of your life working back from. Moreover, I do concede the election was won by Joseph R Biden & will (16

@BaddCompani Assist in all matters possible. To ensure a peaceful transition on 1/20/21 @. 12:01 pm. Last, that you condemn any and all violence from this point moving forward. It is unpatriotic & unequivocally do not endorse it whatsoever! In fact, I thoroughly condemn it! Now it is time (17

@BaddCompani for healing from the numerous tragedies we are dealing with & must come together for the good of our country and as one people. We will solve these crises of our country under the leadership of President Joe Biden. This is not only your best hope but this is your only hope (18)

@BaddCompani This is your, you, Donald Trump your only chance if you want any thought of mercy from all the American people you have put through tremendous pain & hurt over these last 5&1/2, nonsensical years. Your are doing this for your family, your-self & so many more in your orbit (19)

@BaddCompani Including any legacy you could possibly save! Anything less would be foolish & will only guarantee you a drop of Thor's gavel & much pain on all you(fam, etc.). Will experience the pain that so many of us have felt under your leadership! Real men know when to relent! Will you(20

@BaddCompani be a man for once in your life & at least be able to walk-out with some dignity & not go-out like a foolish, out-of-control madman hellbent on his own demise!!! The choice is yours to make? Your future, if you want any, is in your hands! Which path are you going to take?!?! (21)

@BaddCompani You are 75, so maybe time to finally do what's right? Think it through & let us know. I'm pretty sure many will be anticipating your answer!! You're welcome! For me showing you a path out of your mess! Good luck in your coming decision!!!! (22 of 22)
