It's time for another rendition of "why Sam Heughan is not responsible for your actions!"
- a thread -

I rarely use the term "hate" for obvi reasons. But there are two kinds of people that I ABSOLUTELY loathe with a passion: liars and thieves. I've realized through my course of adulthood that there's a third category:
those seemingly allergic to personal responsibility

I read the article that the d*ily rec*rd put out and I noticed one things all these women have in common (aside from their audacious gullibility) none of them acknowledge they were duped.

"He should be doing more than putting up a temporary story on IG" CHILD HE'S BEEN SAYING THIS FOR YEEEEEARS WHERE THE FUCK HAVE YOU BEEN?!

These bitches are acting like Sam is ONLY NOW acknowledging that scammers are going after his fans in this way. They're acting like he's the first one to be involved in this, like this is some new concept. Honey, no. Not even close.

What they fail to realize is that Sam DOESN'T HAVE TO DO OR SAY ANYTHING. They should be grateful that he even went as far as to FIND fake accounts, screenshot them, then blast them on IG. That takes time, which he has very little of these days.

The poor guy has done his best to shield his family and close loved ones from the onslaught of his fans and this fandom because of how rabid they are. There's only so much he can do.

They've been doxxed and harassed online, and scammers haven't just impersonated him, they've impersonated his MOTHER. HIS FUCKING MOTHER.
Do you have any idea how degrading that is?? But sure, he doesn't do enough to stop it. Whatever.

I doubt the women who were stupid enough fall for this and lose their entire life savings will ever see this, but just in case they do: YOU'RE THE FUCK UP. NOT SAM.

Sam does not run the internet. He does not have ANY control over his fans and what they are capable of. No actor or celeb does. He is not responsible for anyone but his own damn self. If you can't accept that, then maybe you need to reflect on yourself-

- and stop worrying about others. Take some fucking responsibility for your actions, and get off social media if you can't help but he fooled in such a manner.
