10 free websites that are so valuable they feel illegal to know:

1. TinyWOW:

Get free versions of tools you usually pay for. Includes free versions of:

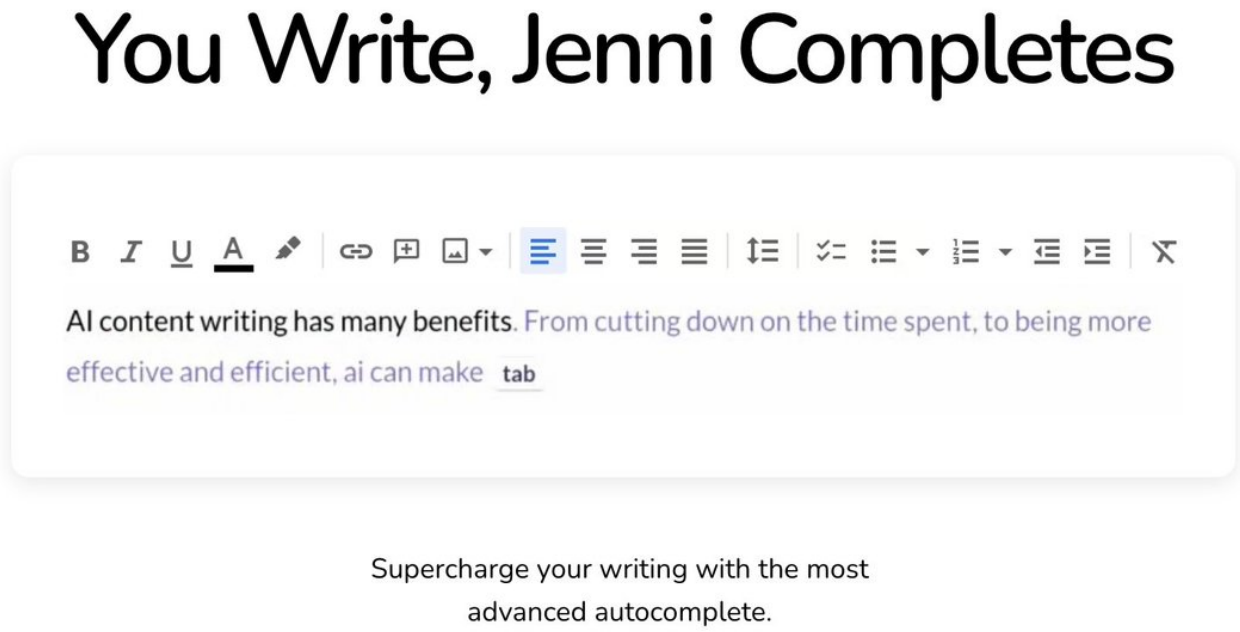

• Adobe Acrobat Pro (PDF editor)
• Photoshop (image editor)

2. Jenni AI:

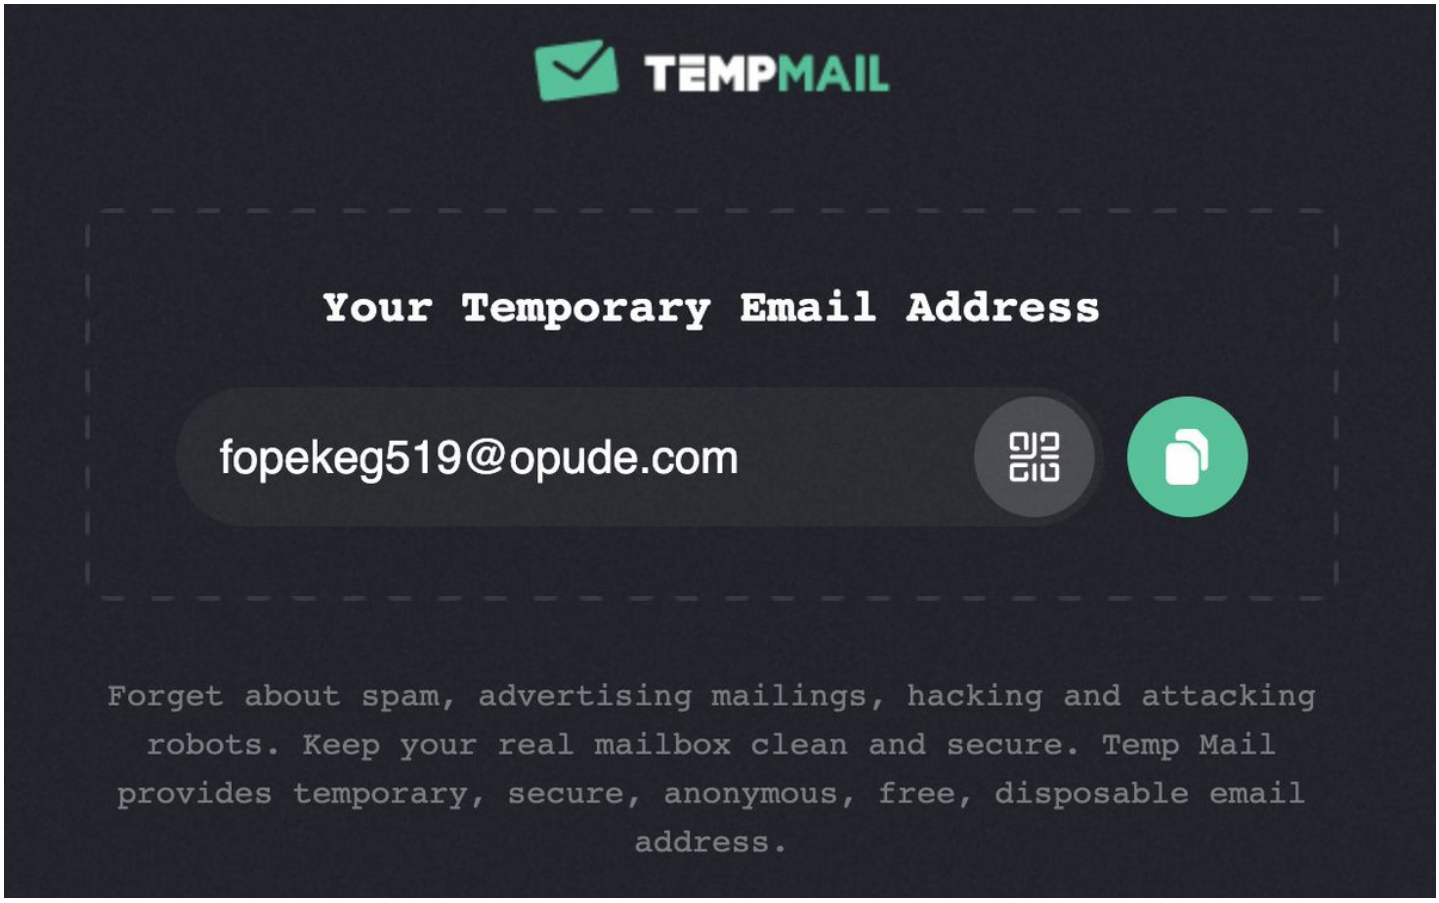

An AI auto-writing tool that automatically writes your essays and emails for you.

All you have to do is give it a title and a couple of sentences.

3. Temp-mail

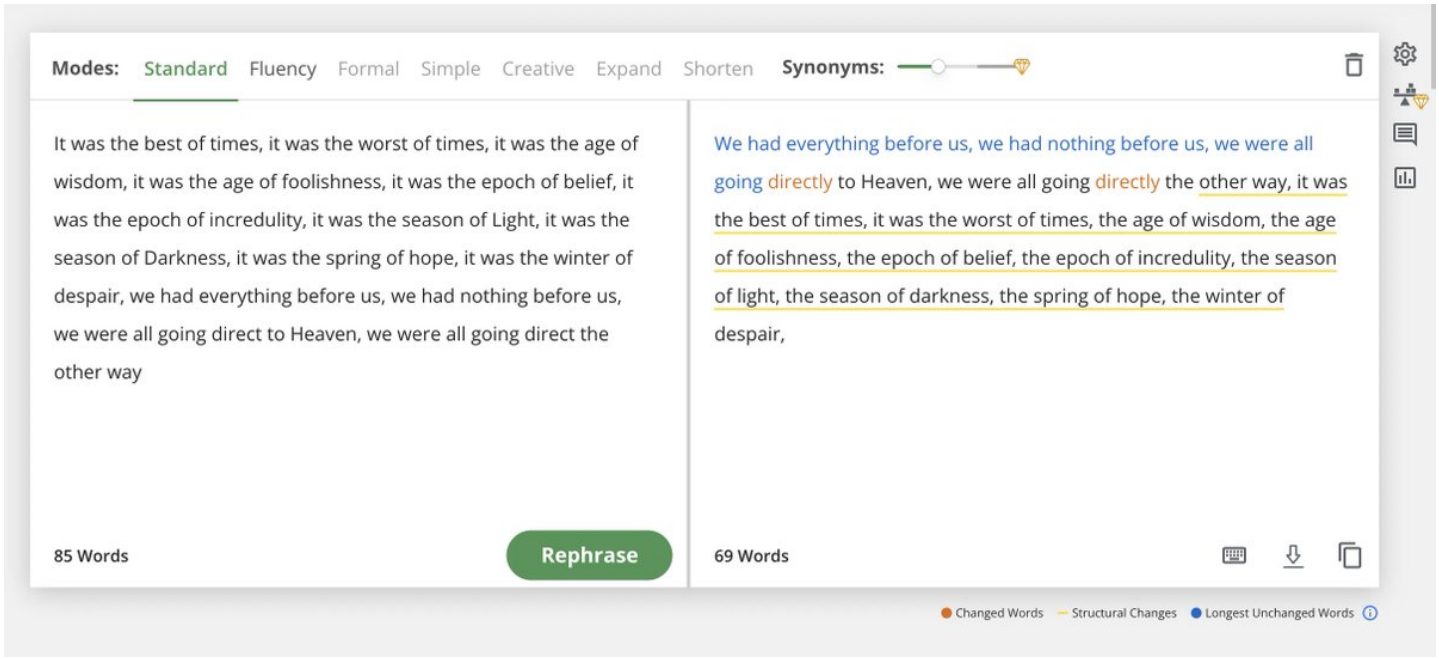

Temp-mail gives you a temporary email and inbox to help you sign up to a website and avoid all the spam down the line.

4. Quillbot:

Quillbot is a paraphrasing website that rewrites everything as plagiarism free text.

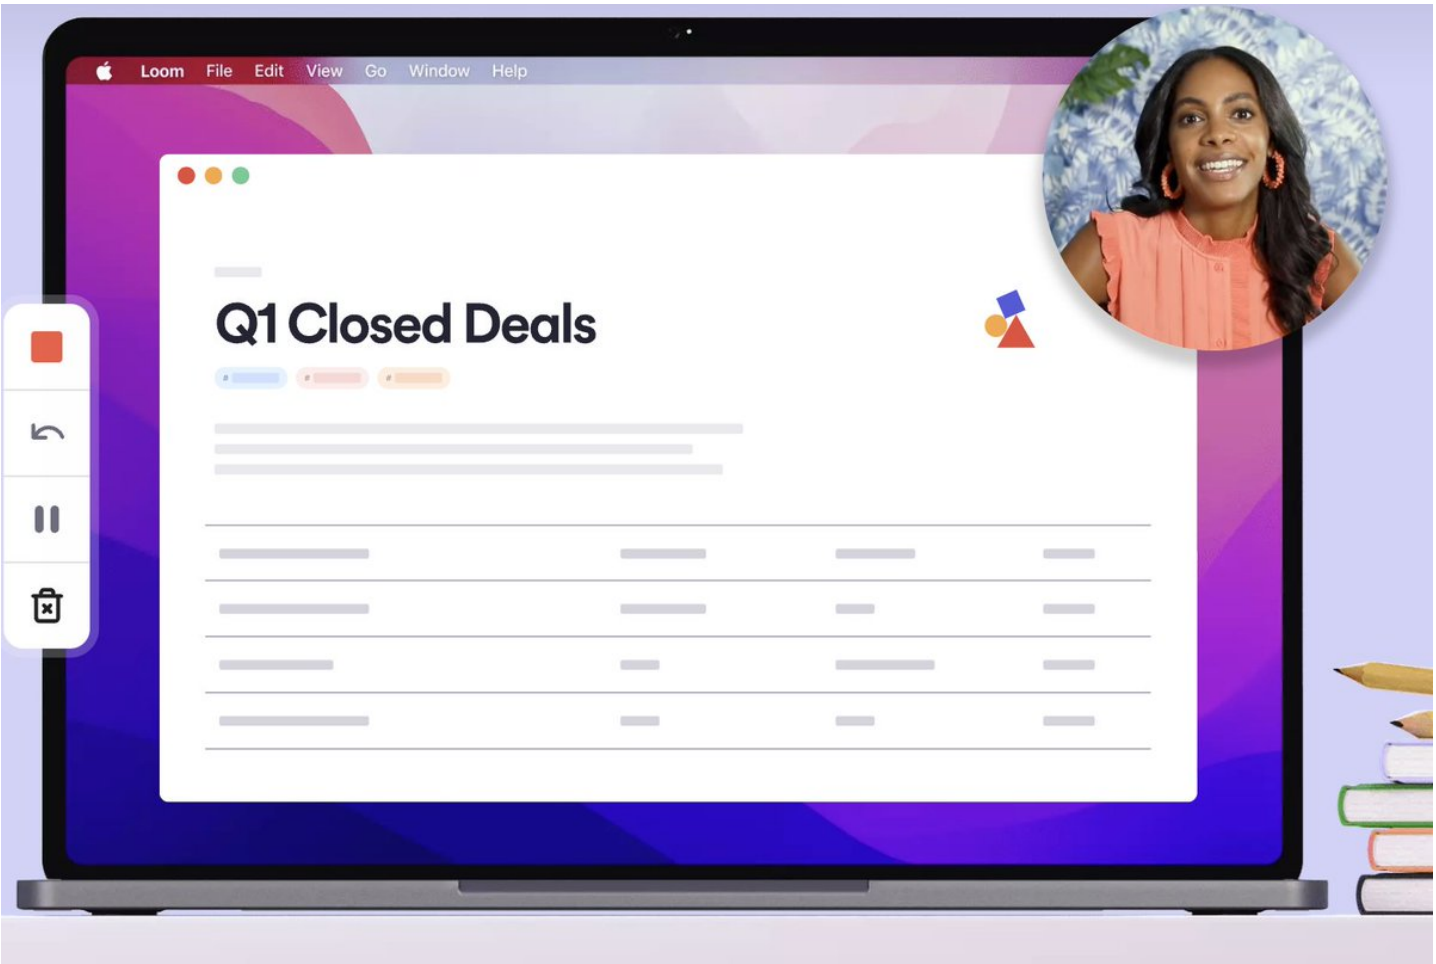

Super handy if you're in college.

5. Loom

A nifty little tool that lets you record your screen and yourself at the same time, so you can explain things just the way you

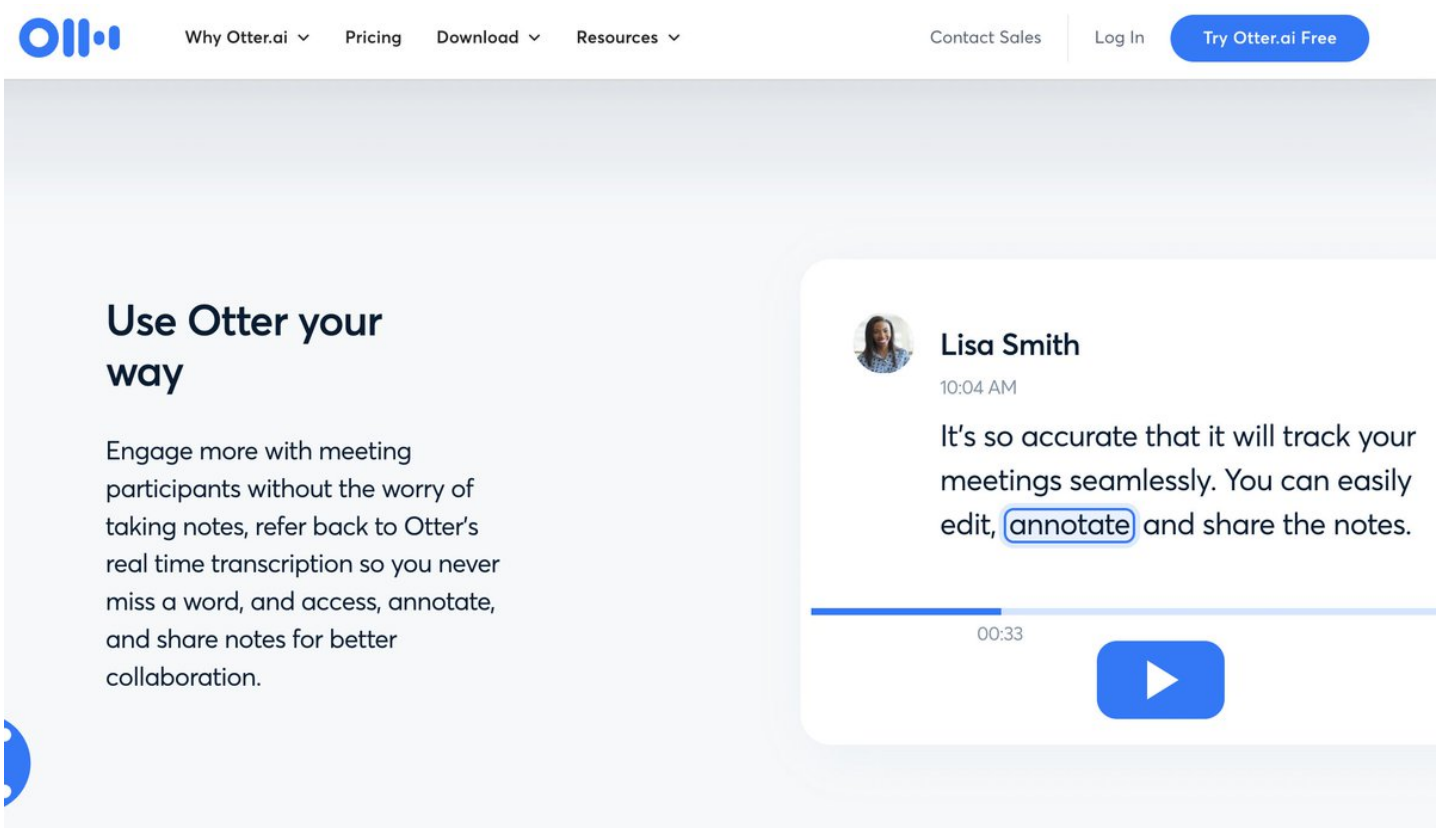

want to.

6. Otter AI:

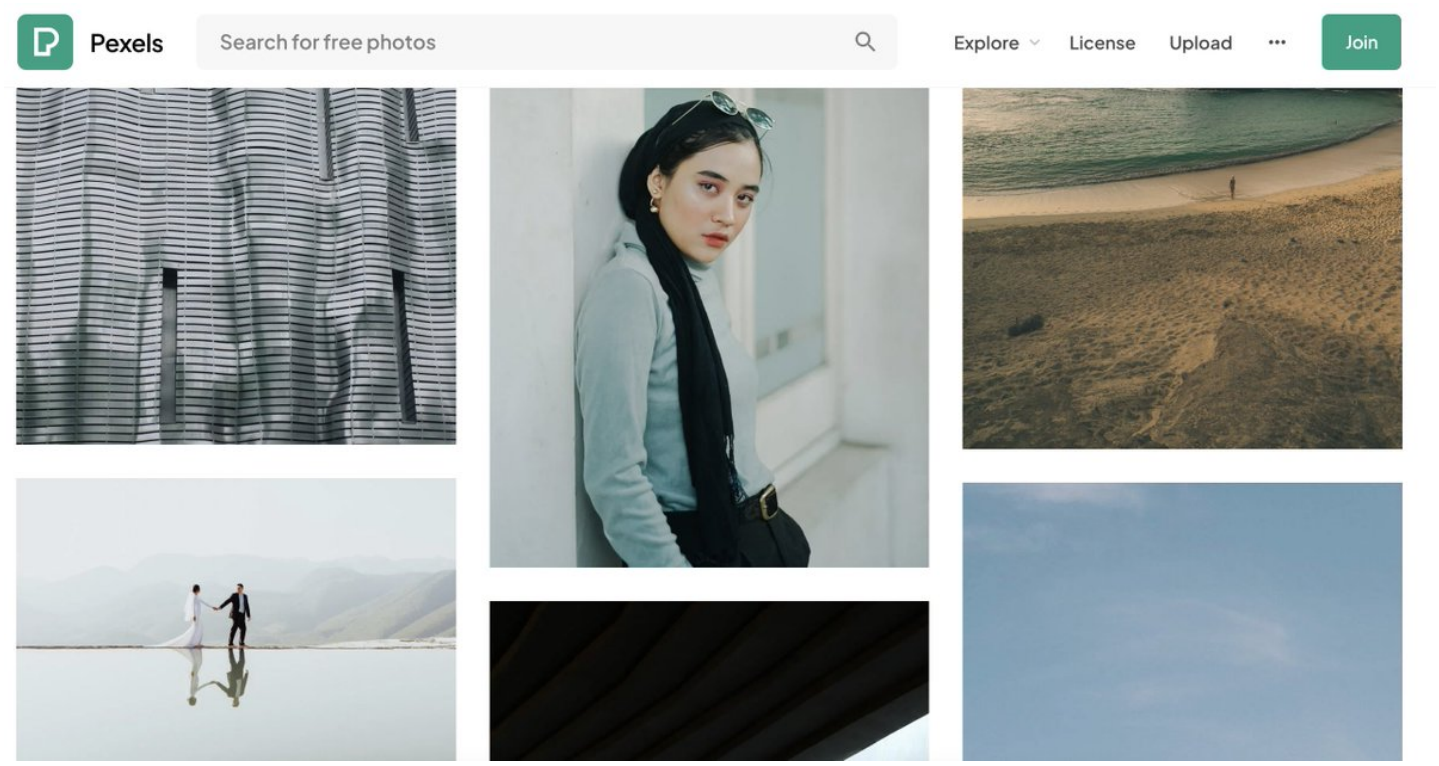

Have trouble taking notes in meetings?

Otter records your meetings and automatically transcribes them to text.

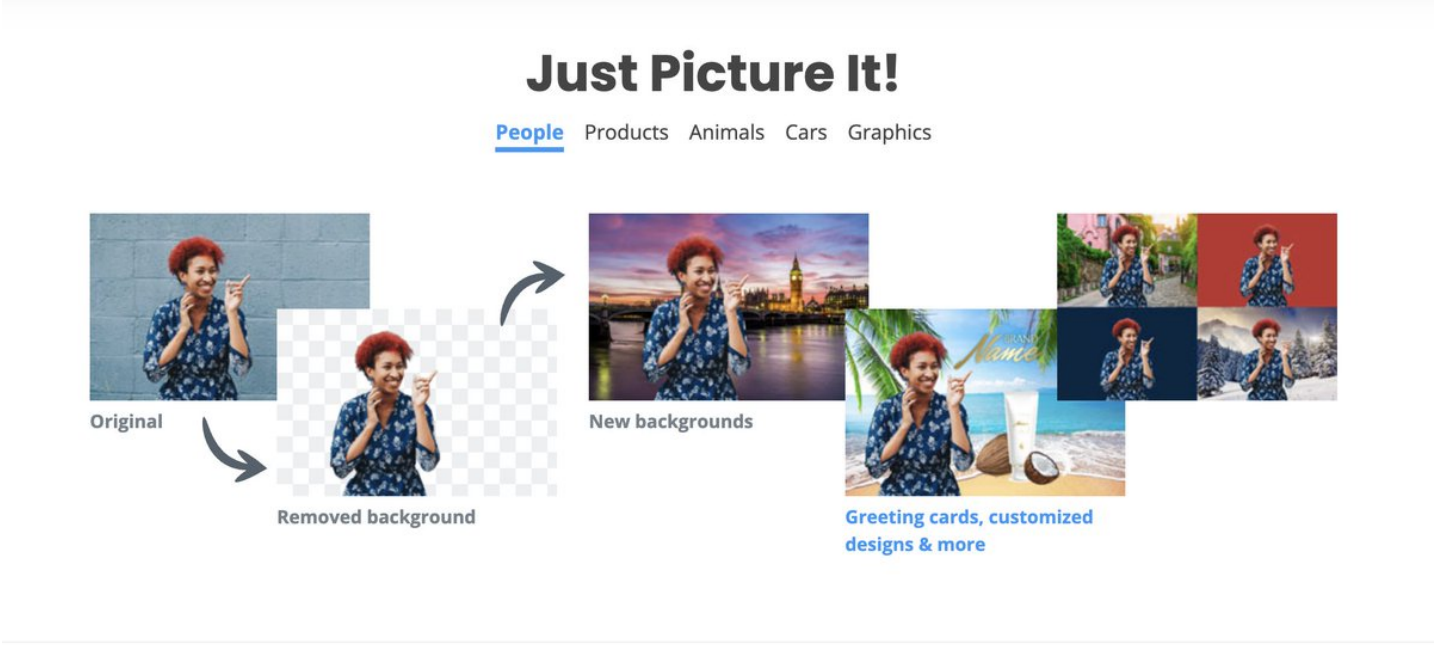

7. Pexels:

An awesome website that lets you download high quality stock images for all your work and personal projects.

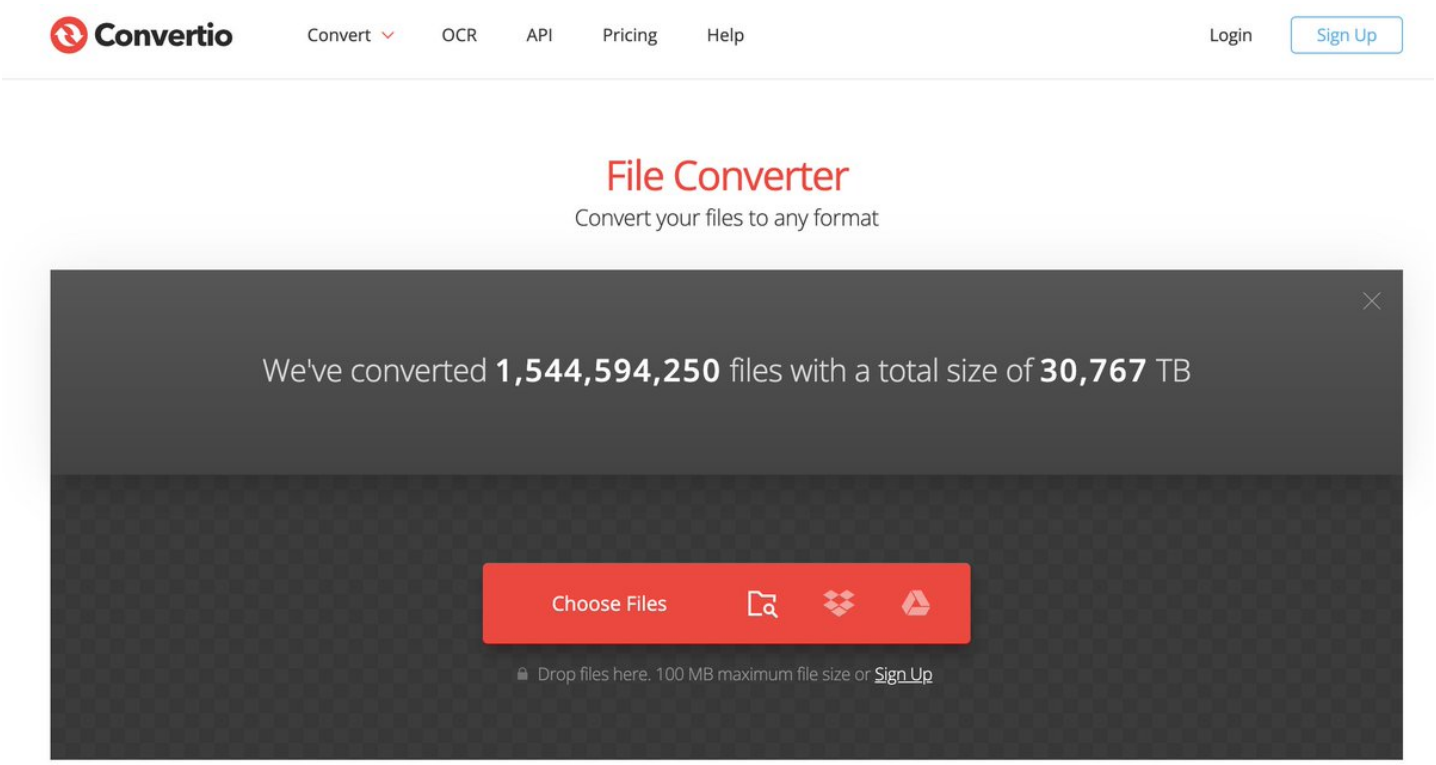

8. Removebg:

An insane tool that lets you easily remove the background from your image and add in any background you like.

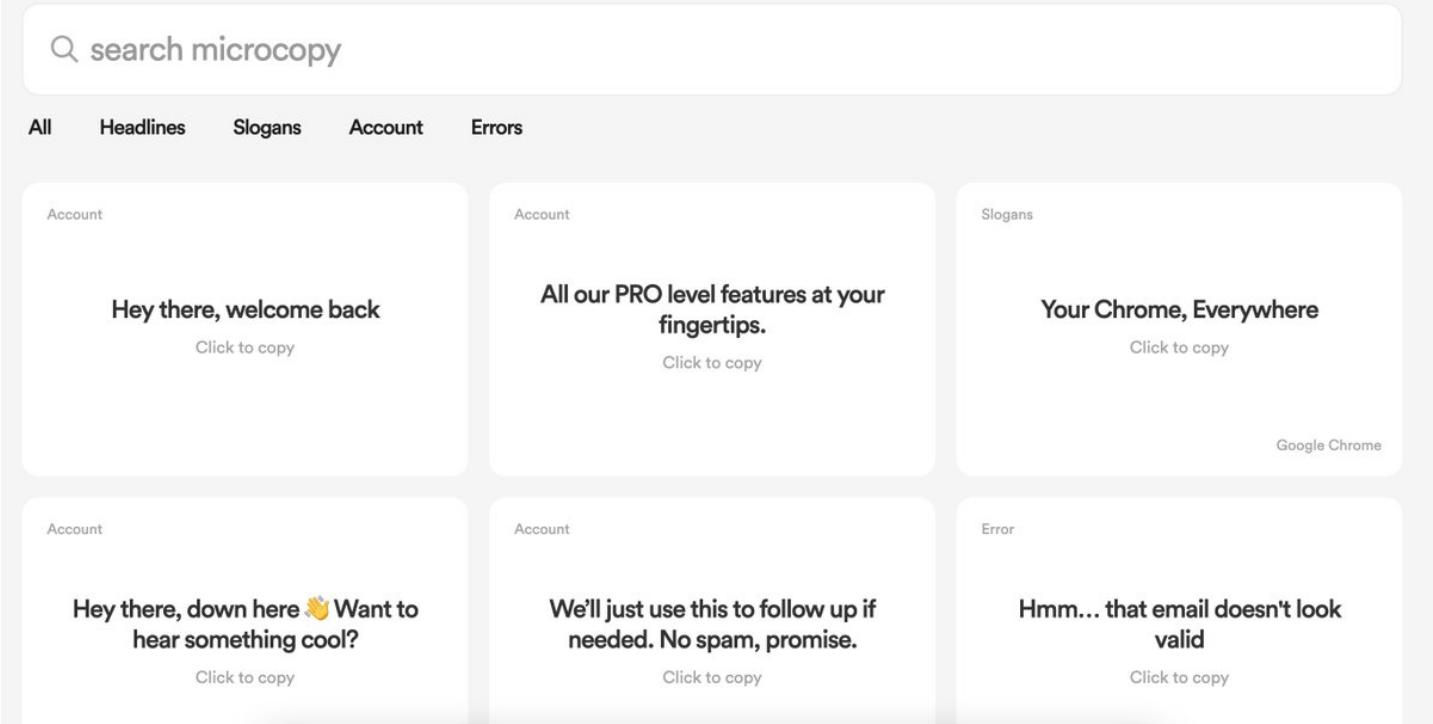

9. Convertio:

This website lets you convert files to any format you want for free.

9. Microcopy

An awesome resource that helps you find persuasive headlines and slogans.

Edit:

Quillbot is a tool for paraphrasing and summarizing, not blatant plagiarism, in case it wasn't clear. Paraphrase but please add correct citations and credit the author. Quillbot also has a feature which will help you scan your text for plagiarism.

QuillBot

Premium

Plagiarism Checker

QuillBot's Plagiarism Checker

Scan your document for unintentional plagiarism against billions of sources.
