Happy #WorldEggDay everyone! Let's share a few egg facts to celebrate.

Did you know... a chicken's earlobes can predict what colour egg they will lay?

Fake chicken eggs are a problem in China. Manufactured false eggs made from resin, coagulent and starch in a counterfeit shell are being sold as real by fraudsters. #WorldEggDay

ROBOTICS

In 1806 con artist Mary Bateman scratched the words "Christ is coming" on numerous eggs before inserting then back up a chicken. She then charged people to see the 'miracle eggs' being laid. #WorldEggDay

MAY

The world record for eating hard boiled eggs is 65 swallowed in 6 mins 40 secs by Sonya Thomas. She could have eaten more but they ran out of eggs. #WorldEggDay

24-HOUR VEGETABLE SALAD 8A

INVITING VEGETABLE SALADS

Serve *24-Hour Vegetable Salad* when you're having a bunch for dinner. It's a super make-ahead salad with all preparation done the day before. Layers of ingredients include lettuce, eggs, peas, bacon, cheese, mayonnaise, and green onion. Toss the mixture just before serving.

And finally... Canadian scientists concluded in 2008 that the egg did indeed come before the chicken: dinosaurs were laying them long before they evolved into birds.

Every day's a school day... #WorldEggDay
