Freedom of assembly is a Constitutional right, Mayor Bowser.

9/12/2018 President Trump declared election interference a national emergency and authorized the use of government resources to address and intercept the threat. https://t.co/hRW6OowVNx

11/28/1861 President Lincoln “ordered government departments closed for a local day of thanksgiving.” https://t.co/aTtHclBGCK

11/26/1789 “As President of the United States, George Washington proclaimed the first nationwide thanksgiving celebration in America ....”to be observed by acknowledging with grateful hearts the many and signal favours of Almighty God".

Today is 1/2/2021. I propose that President Trump make January 6 into a National holiday, proclaiming it “National Liberation Day” or similar.

This presumes public awareness of the reality of our situation, Biden stepping down, Pence replaced, etc. as reported unverified.

On Thursday I propose we have a gigantic military parade along the lines of what President Trump spoke of several years ago already.

Planning for Trump's military parade finally begins https://t.co/uVheTmLbt4 via @nypost

Let’s use Federal Government resources in support of this new national holiday and parade. That way the President can make sure the roadways are open, security and emergency personnel are on hand, and water and bathrooms are available to the public at the very least.

Planes, trains and buses can be charters to bring visitors into the Nation’s capital.

Food trucks can be granted permission to park in easily accessible locations.

All of this can be done between today and Thursday if the President works fast.

Or maybe he has planned it already ■
