■■DOMINION MAP■■ Look at GA! No wonder @LLinWood has been going after @GabrielSterling @GaSecofState @BrianKempGA so hard. Knowing the statistically impossible overperformance on Dominion, now we need to focus on Gabe and the contract deal 2/

2/Part of the steal. Across the country.

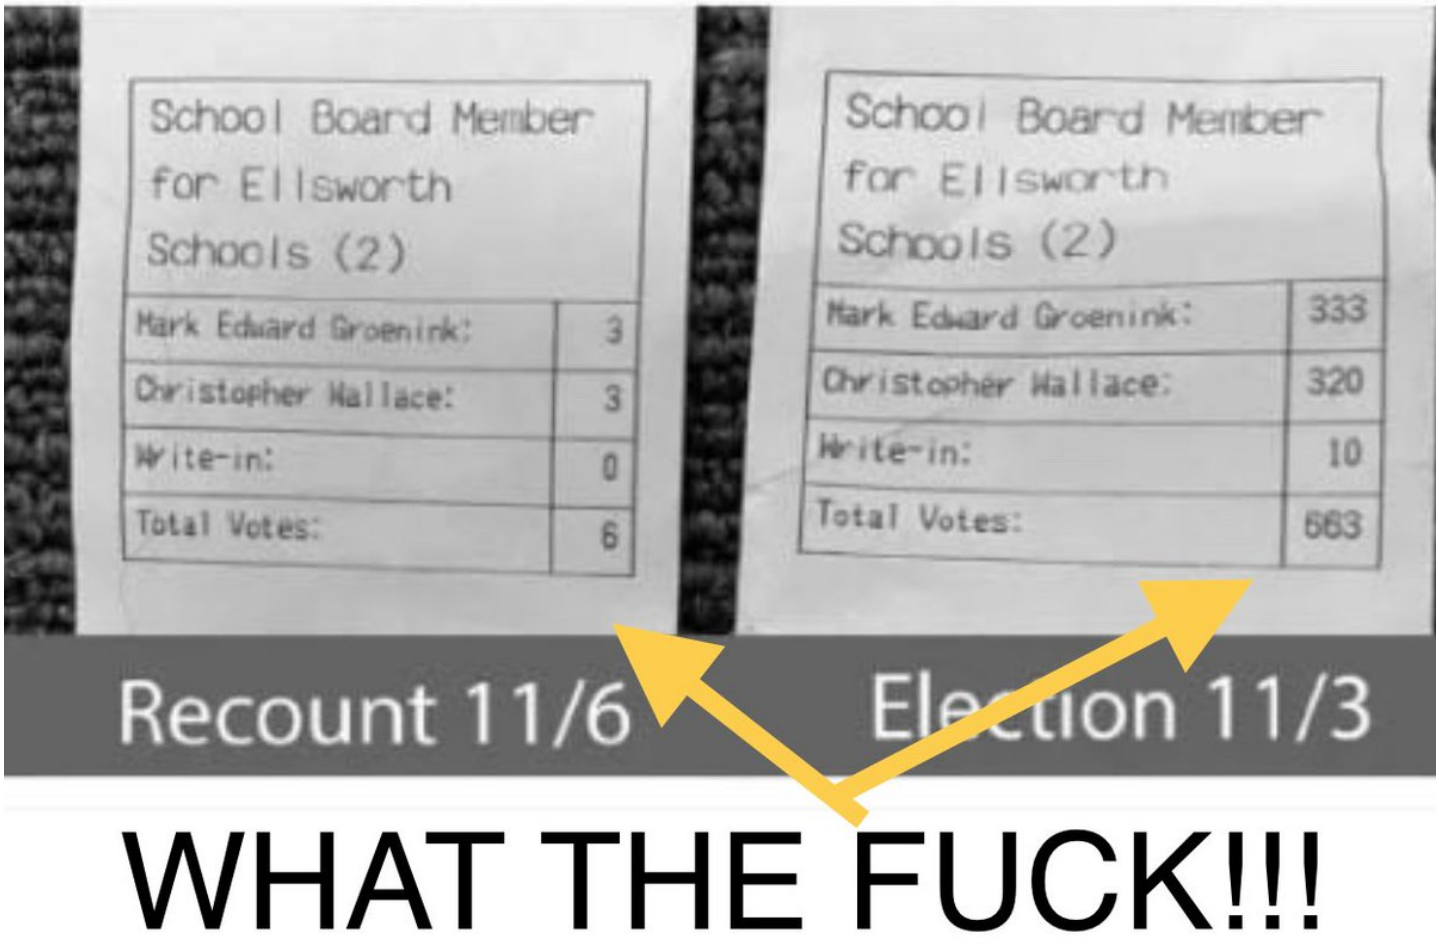

3/Simple stats across the country shows how Dominion perfectly lines up with the overperformance.

4/Reminder how CEO scoffs at “Chinese” money yet UBS is Chinese owned, they invested $400M in State Street Capital who owns Dominion. Pretty simple. CEO obfuscates like OJ trying on the glove.

5/Some more charts and evidence of malfeasance.

WHAT THE FUCK!!!
