It had to be this way.

Take what Mr. Lin Wood said just now and compare/contrast it against Sidney Powell's statements regarding the Anthony Weiner laptop.

Compare/contrast Flynn's original tweet re: same laptop.

In addition, add in the missing 33k emails from HRC's illegal AF server that people thought we didn't have. Imagine for a moment that we do have them.

Yoga? Wedding?

Or, Huma go-between from SoS to CF?

Add to that at least 3 Hunter Biden hard drives: 1 laptop, at least 2 other hard drives where 1 contains Xi's "financial transactions" to US persons (blackmail files/payoffs).

Separate is actual blackmail videos of MANY & similar description as Lin Wood's tweet next...
