NEVER FORGET how stupid [THEY] have been from the beginning!!!

BOTH @GenFlynn and #AdmMikeRogers went to Trump Tower on Nov 17, 2016.

IMPORTANT DATE to remember!!!! (THREAD)

@GenFlynn AND Adm. Rogers arrived at Trump tower on NOVEMBER 17, 2016.... Rogers discovered @BarackObama '702' Illegal Spying Operation and Briefed Trump @ Trump Tower...

THE NEXT DAY (Nov. 18, 2016) @realDonaldTrump MOVED transition meetings to private golf club in New Jersey... It was even reported in the press!!

The following week (4 days later) POTUS tweeted, "Great meetings will take place today at Trump Tower concerning the formation of the people who will run our government for the next 8 years."

The only problem for [THEM] spying??? Trump Team ALREADY MOVED OUT OF TRUMP TOWER!!!!

This was a SETUP by #POTUS and Team because they KNEW about surveillance (From Adm Rogers/Flynn)....

(Trump later in 2017 tweeted that he "just found out" about Obama surveillance...KEK!)

I noticed the timeline and got an @(You) from 17 when I pointed out the "Great meetings will take place today..." tweet on Nov. 22.

That Nov. 22 tweet was BAIT to CATCH THEM spying in the very beginning (and they spied even before that)!!
