**[Cause]**
**Define 'Subversion'.**
**The act of subverting : the state of being subverted; especially : a systematic attempt to overthrow or undermine a government or political system by persons working secretly from within?**

[Effect]
"The United States seeks to impose tangible and significant consequences on those who commit serious human rights abuse or engage in corruption, as well as to protect the financial system of the United States from abuse by these same persons."

"I therefore determine that serious human rights abuse and corruption around the world constitute an unusual and extraordinary threat to the national security, foreign policy, and economy of the United States, and I hereby declare a national emergency to deal with that threat."
