Title: On Fire for God

To be on fire for God is not how much you shake your head or shout but a consciousness. When you have it, you know it. Your desire is aligned with God's desire.

Triangle of Fire

Fuel
Heat
Oxygen

Without these three fire can't take place in the natural realm.

As a child of God, you need to consistently be on fire for God. Here are three things you need to stay on fire for God.

1. Word of God. This is the fuel that ignites the fire in you. The Word of God is spirit and life.

Your faith cannot grow when you don't study the word. Personal revelation and study matter a lot. As a child of God, you need to be loaded with the Word.

2. Prayer. Prayer is the oxygen that sustains the fire. You can only pray right when you pray in line with the word and will of God. Praying outside the will of God is a strange fire.

3. Right environment. Fire doesn't burn everywhere. The environment is crucial to keep the fire ablaze. As a believer your environment is important. Fellowship with fellow believers who are on fire as well.

Ask for a reignition of the fire in you. Ask God to give you fresh wood. Also, ask for the grace to sustain the fire of God in your life.

May your fire never go out.
