2/ Here are some additional images of #BullhornLady that we've pulled from various videos taken during the Jan. 6 insurrection:

3/ This video from outside the Capitol looks to be taken before she acquired the bullhorn. At around 1:50 in the clip, you can see her spryly climb up and into a recently shattered window.

4/ It’s possible that this early entry into the building is where she got the lay of the land that she would later use when shouting instructions to those inside the building.

5/ In this short clip, you can see a woman that appears to be #BullhornLady approaching the shattered window on the left and being handed the bullhorn:
