**1st Stock in this list is #Greenpanel**

**CMP 470/-**

**First shared at 302 with an open target then went to 625. Again to add more for another 100% in the next 2 years maximum.**

**SL can be kept below 400 on WCB**

**Rest do your own diligence before taking position.**

**To be continued ■■**

Working out on the list.. found good Micro and small cap stocks stood strong in this carnage..

Will bring you some of them this weekend.. but but no rush to add

Will shuffle some previous ones and add new ones in tranches... 30 30 40 <https://t.co/bHRHu5qxh4>
