[Thread]: Old school "medicine" ads obviously created by aliens.

Let's begin with cocaine toothache drops, for only 15 cents.

Dr. Batty's asthma cigarettes were not recommended for "children under 6."

Best prescription for malaria, chills and fever: Grove's tasteless Chill Tonic, obviously.

"It is simply iron and Quinine in a tasteless form".

Best Prescription for Malaria, Chills and Fever,

Grove's Tasteless Chill Tonic

It is simply Iron and Quinine in a tasteless form. . . . Sold by every druggist in the malarial sections of the United States. . . . . No cure, no pay. . . . Price, 50c.

First Tasteless Tonic ever manufactured.. All other so-called "Tasteless" Tonics are imitations.. Ask any druggist about this who is not PUSHING an imitation.

They All Recommend Grove's.

Gentlemen:—I handle seven or eight different kinds of Chill Tonics but I sell ten bottles of **Grove's** to where I sell one of the others. I sold 36 bottles of **Grove's Chill Tonic** in one day and could have sold more if I had had it on hand. Mr. Dave Woods cured five cases of chills with one bottle.

Respectfully,

JOHN T. VINYARD.

Gentlemen:—I write you a few lines of gratitude. I think your **Grove's Tasteless Chill Tonic** is one of the best medicines in the world for Chills and Fever. I have three children that have been down with malarial fever for 18 months and have bought Chill medicines of all kinds and Doctor's bills coming in all the time until I sent to town and got three bottles of **Grove's Tonic.** My children are all well now and it was your Tasteless Chill Tonic that did it. I cannot say too much in its behalf.

Yours truly,

Is "Smoker's Fag" Beginning To Get You?

Now Found 90% Correctable, According to Scientists

How by Doing One Simple Thing, *You Can Minimize the After-Effects of Tobacco* to a Remarkable Degree » » WHAT YOU DO—

Would you like to add the element of reasonable safety, freedom from smoker's fag, head dullness and depression to your smoking?

You can, according to scientists, to an almost amazing extent, in a single way. Millions of smokers are already doing it.

THIS IS WHAT YOU DO: Simply take 1 teaspoon of Phillips' Milk of Magnesia in a glass of water EVERY NIGHT before bed.

That acts to alkalinize your system. *And an alkalinized system is largely impervious to the bad effects of tobacco. Science has found that it's the acid system that cannot tolerate tobacco.*

This small, daily dosage of Phillips' Milk of Magnesia tends to neutralize those acids in your system.

Hence, those bad after-effects you feel now after heavy smoking go. Your head is clear. Your mouth sweet. You have fewer headaches. Less heaviness across the eyes, at the back of your head, across your forehead.

If you are a regular and consistent smoker—be fair to yourself and follow this method. Don't let tobacco "get" you. Fortify your system against its effects.

Get genuine Phillips' Milk of Magnesia at any drug store. See that you get the genuine, as endorsed by doctors. It comes in a blue wrapped package with label as illustrated here.
