**#ICICIBANK low made 670 and now 800.**

**Channel reversals are the best price points to buy a stock or add more.**

**We saw this in #SBIN as well ■https://t.co/EATq54Pgbw**

**These stocks have a long way to go! https://t.co/wUyJUqUlUE**

#FnOstock #SBIN has completed a 9 month time correction towards the primary trend line & is all set to head higher from here.

This could also be a #SIP stock considering it broke out from a decade long consolidation in Feb'21.

Might continue to outperform #Nifty & #Banknifty pic.twitter.com/mYk4exvOn7
