In last 2-3 years we have seen that automobile companies have been in competition in term of car features. Features like digital speedo meter, fully digital instrument cluster, wireless charger, air purifier, digital screen monitor, GPS, IoT, and many other such features. …

…Like kia and Hyundai gives good features in just Rs 17 lakh car as compared with Rs 45 lakh BMW. Kia and Hyundai gives almost all features of BMW in just Rs 17-20 lakh car. So there is huge competition in automobile companies in terms of features, who gives more features in…

…low budget. And in all such digital features ASM TECHNOLOGIES is a leading player. #ASMTechnologies.
