TPG is looking at a floor of 5x-6x returns ■

[@_soniashenoy](#) [@_soniashenoy](#) Here's what TPG's investment brings in (1/2):

- a. A much-needed longer runway
- b. Strong governance and no-slack attitude
- c. Push to get the EV strategy right - start transitioning from buy and assemble to a build in-house model
- d. De-risking the existing business
