this propaganda is intransigent & despicable #covid BS

#CCP & @billgates have taken over @who which has steadfastly moved to intimidate 196 nations into signing binding/enforceable contracts to FOLLOW @WHO dictates over their own

THIS IS A DICTATORSHIP with no accountability

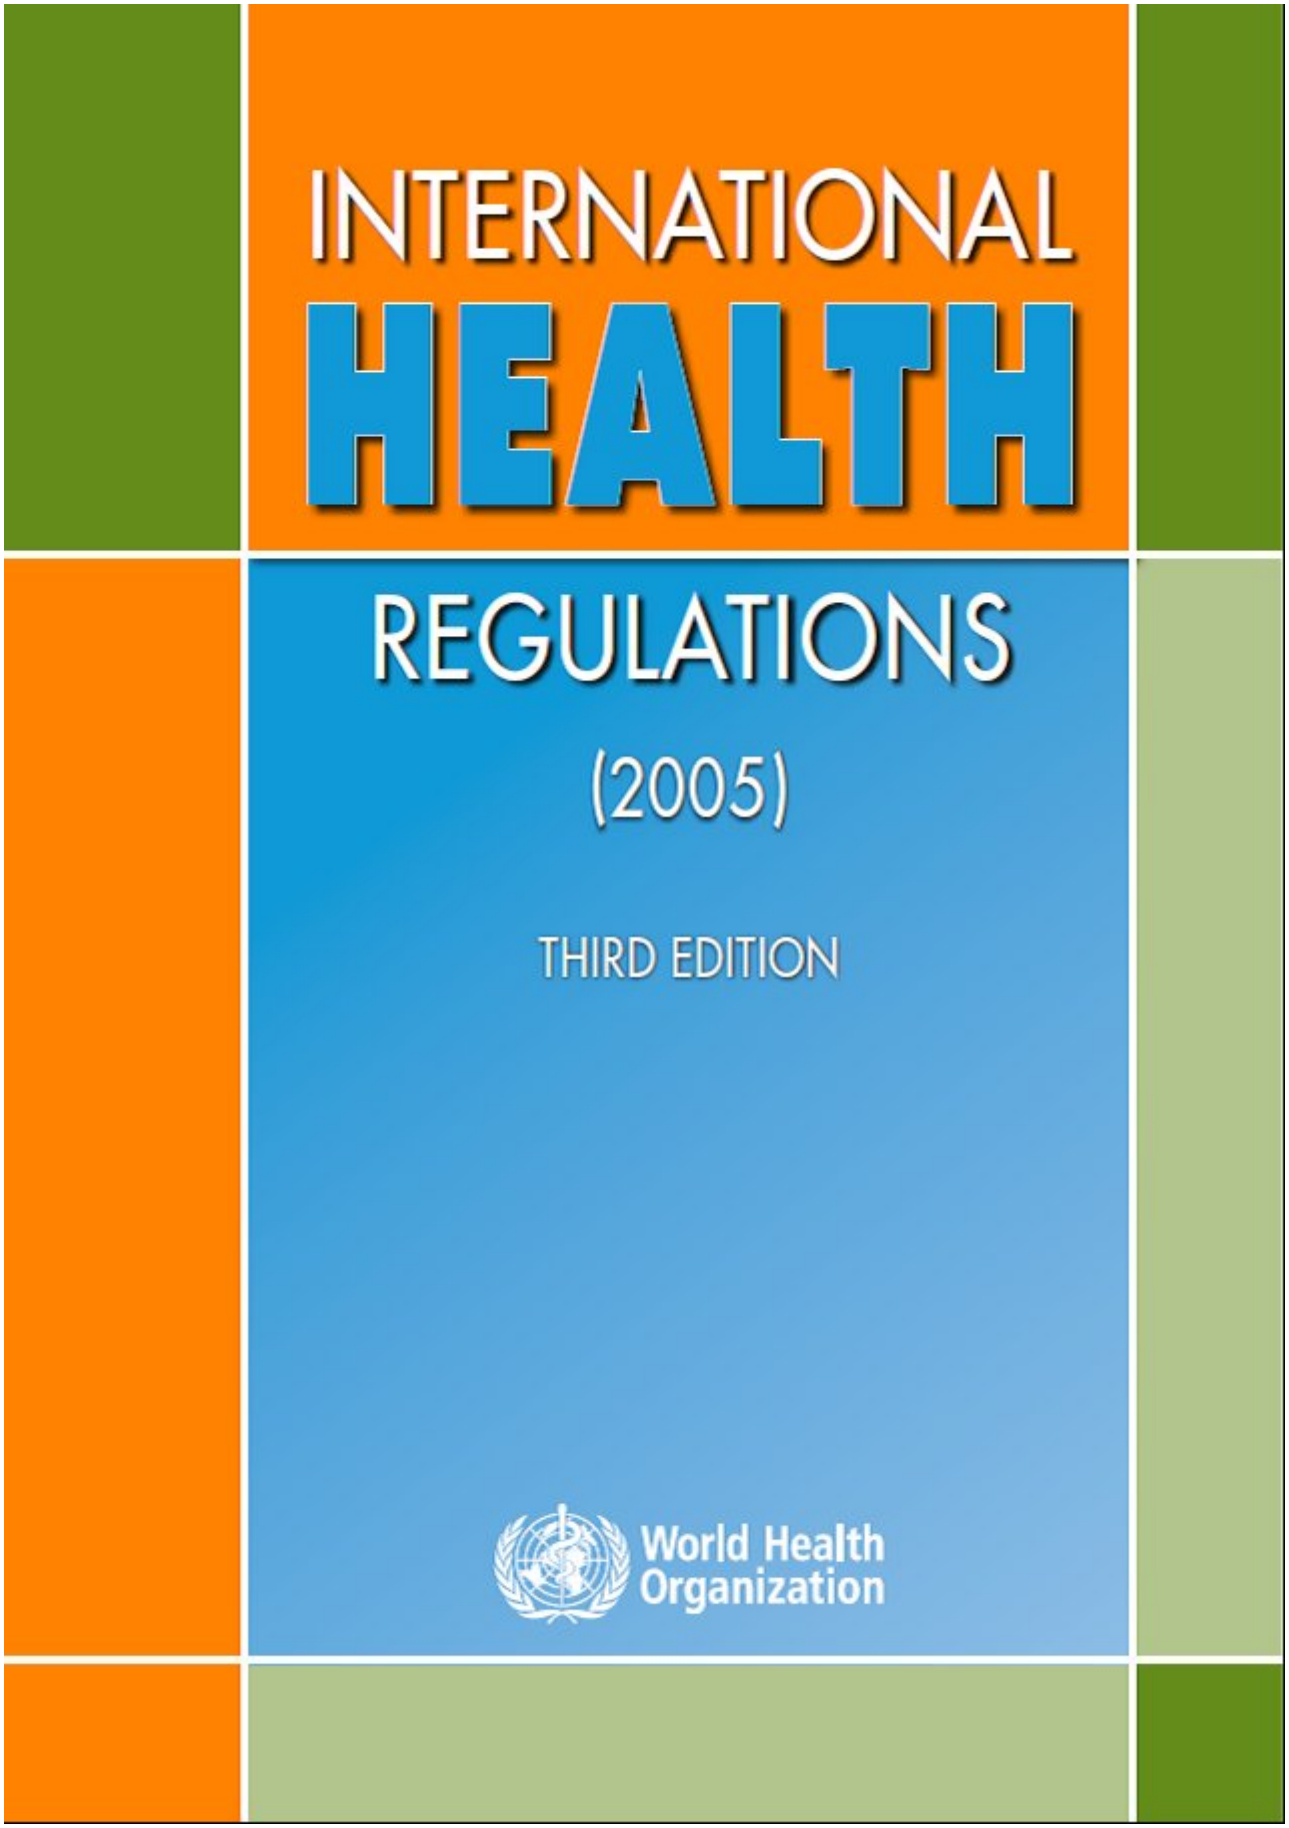

> The so-called open letter by some scientists on a "new probe" following the @WHO's study in #Wuhan are completely out of ulterior motives and smear the joint research between the WHO and #China: Chinese FMhttps://t.co/Tt9mzxdJq9

My comments re @MichaelPSenger & @robert_spalding's excellent discussion

ITS BIGGER THAN #CCP & China

its centrally planned by @un @IMFNews @BIS_org @wef @gatesfoundation @BillGates to implement control of sovereigns

Here's the 2005 @who Regulation doc
https://t.co/OtPbEWi7XJ

the reason #china is at the center of all this is that these megalomaniacs DESIRE in their dreams a #chinese style system/control and because in the case of @billgates he has an traitorous relationship with china re @microsoft technology deals - consider the following facts

The first draft of International health regulation was designed and planned in 1969

And comprehensively in 2005 which was implemented into reality in 2008 to 2014

The center for much of this activity centers in Switzerland around

at the center of all this since 2009 and esp dramatically increasing starting in 2016 is @billgates and his @gatesfoundation and @gavi foundation which has total immunity in Geneva Switzerland & pays NO TAXES in Switzerland

What has been implemented is a LEGAL OBLIGATION and WITH COMPLIANCE ENFORCABLE UNDER INTERNATIONAL LAW as 196 sovereigns have agreed to BINDING LAW to in membership in the @WHO

these 196 member states agree to their obligation comply with the international health regulations mandated/recommended by @WHO

there are many conflicts for example: @Swissmedic_ (health agency/system of Switzerland) has signed contracts with @who @gavi @gatefoundation (ie @billgates) to allocate medical supervision, treatment protocols and policy to subservience's to the @who and @billgates operations

International health regulation was rolled out in 2014 and came into global force in 2016

in 2017 @billgates requested to become part of the executive board in class of a member state due to the amount of the funding he provides to @WHO

@DrTedros a man with no medical science/practice and experience and a very checkered past was installed by @billgates @gatesfoundation and #ccp and these people are defacto and enforcably mandating health policy and law globally

TOTALLY CORRUPT

here is the 1969 international regulation from @who

International health regulations (https://t.co/qvn4TgZWhw)
International Health Regulations (1969). Third Annotated Edition, WHO, 1983International Health Regulations (2005). WHO. Geneva. 2006
