Iki meaning 'to live' and gai meaning 'reason'.

Your Ikigai is your reason to live.

- What does the world need from me?
- What can I get paid for?

Everything can be taken from a man but one thing:

The last of the human freedoms - to choose one's attitude in any given set of circumstances, to choose one's own way.

2. Take It Slow.

- Be passionate about everything you do.
- Be relaxed and enjoy all that you do.
- Celebrate all the time, even the little joys of life.
- Slowing down is a conscious choice and not always an easy one.

' There is nothing wrong in enjoying life's pleasures'.

3. Don't Fill Your Stomach.

- Eat only until you are 80% full.

Ways to get started:

4. Surround Yourself With Good Friends.

- Friends affect your health even more than family.
- The key is to have 3 or 4 good friends that care for you the same way you care for them.
- Thinking about what you can do help the people closest to you be happier.

5. Smile.

- One of the secrets of long life is smiling and having a good time.
- Cheerful attitude is very relaxing.
- The truth is it takes 46 muscles to frown and only 17 to smile.

- It lowers stress levels and improves optimism.

8. Exercise.

- To stay healthy, you don't need to go to gym for an hour daily or run marathons.

- Practice anything like yoga, tai chi. This is an excellent way to seek harmony between your body and mind.

9. Live In The Moment.

- Flow is the state in which people are so involved in an activity that nothing else seems matter.
- The experience of doing a task itself becomes highly enjoyable.
- The way is to identify tasks that align with your abilities but are still challenging.

10. Never Retire.

- Live intentional, purposeful life.
- Feel that you are needed, you matter and you contribute.
