ELEPHANTS & INDIA TO DIE FOR!
@rawincaremoo

Kanchi Elephants were taken out & gifted to a Rogue NGO to beg westerners for donations shaming India. A business model invented by traitors. All the 3 girls were bleeding as they were forcefully taken out of the Mutt! ■

With no help from any Hindu organisation, Kanchi Mutt or @BJP4TamilNadu we filed a PIL at Madras HC & Brought the girls back to forest department camp at M.R.Palayam near Trichy.

Judgement ■

The Anti Hindu mafia then gathered Anti India forces across the world to attack us personally & called the judgement rogue! Sangita Crypto Iyer the rogue Nari Sakthi awardee is one among them who was in charge to shame India worldwide. @Manekagandhibjp gave the award!

That didn't deter us. We also stalled Gomathi of Thiruvidaimaruthur being taken away to the same Scamtuary with another judgement from Madras HC! ■

We then went after Sangita Crypto Iyer & Exposed her illegality by filing a PIL at Kerala HC to ban her entry into India. Also an RTI reply confirmed that she lied about her profession to @MEAIndia as film industry while she was traveling in Tourist visa sabotaging.

She made an India shaming documentary abusing 5 out of 500 Elephants of Kerala. Used it to shame India with traitors to collect donations.
Hari Rama Varma catches the Rogue documentry in this review & exposes her stupidity! ■

The entire sabotage happened with the same family which was behind the Jallikattu, Circus & all the other Anti Indian culture related activities! Incidentally Nandita & all those who were sabotaging Desi animals related to Hindu culture had Nari Sakthi Purashkar award! ■

Irked by various expose, the traitors filed two defamation case & a PIL questioning my citizenship! Their sabotage was countered when PMO intervened for my Citizenship which I had won after a 16 year legal battle against bureaucracy! ■

Their frustration increased. They then tried to Took out Lakshmi Elephant of Manakula Vinayagar Temple, Pondicherry. It was the same poop picker who worked at the Rogue shelter where Kanchi Elephants were kept. He sent an email from Kerala to @BoardWelfare to rescue.
9/14

This was done on the behest of @Manekagandhibjp who advised him to do so. She then told the AWBI to write to Pondicherry forest department to remove Lakshmi thru Ms. @thekiranbedi the Hon. Pondy Governor.
10/14

Then congressman @americai brought Lakshmi back by speaking to Hon. CM of Pondy @VNarayanasami whom we are indebted.
