When you see 4 digit in this stock give me a party ■■(Kidding)

Today I see a very strong signal of this happening in 3-4 years. Trail sl as pernur risk.

#Indiacem

India Cement Could not cross 226 in the last attempt to trigger multi year breakout.

Stock in this leg crossing 212 can trigger this 14 years breakout. CMP 180 taking a SL 150

Revised Target 4 digits by 2024-2025. I am not kidding \U0001f600#Indiacement <https://t.co/xhWjqrJm4jpic.twitter.com/42Q8qO7tO7>
