Indian Muslims are not acknowledging the bitter truth. Open your eyes. This is not the same India that we knew. If anyone is still selling old history & redundant Tehzeeb he's misleading you & doing disservice. It's better to get real & look ahead. Rules of the game have changed

When they tell you India is still the same or you don't need to do anything different they're misleading you■
You don't fight with swords today because 200 years ago your ancestors won fighting with swords. It's a changed world & a changed India. If you want to survive, "Adapt"

When I say harsh things about political immaturity by North Indian Muslims, it's not because I'm connected to any party. I see that we've failed in last 73 years & we were sleeping with enemies. Cant trust any Yadav, Harijan or Brahman leadership. Muslims got to fight own battles

In the present scenario Indian Muslims will have to look at future than history. Think ahead what worse laws & restrictions that may come up in coming years. You're always caught unprepared because you don't want to look at bad things & keep thinking of the rosy picture. Wrong ■

Three years ago I wrote this long thread on North Indian Muslims. At that time most Muslims from trolled me & disagreed with me but the reality hit them hard when UP & MP started going Hindutva way. Then came anti CAA protest in 2020 UP Muslims were shot dead. I was warning them https://t.co/rl341Bk9aM

> Muslims of UP & MP are like the Chinese during the opium war. Lakhs of Muslims can come out for poetry and religious gatherings like Ijtema. But 10 people can\u2019t come out to protest Lynching https://t.co/iePNZELEhi

And in 2021 when I'm writing such threads on other sects making a mistake by appeasing the killers & throwing Muslim majority under the bus. Some outdated & sellout Muslims are accusing me of being sectarian. I'm actually warning them in their own interest. They won't be spared https://t.co/OaPWcqtJRn

> One way of fighting oppression & islamophobia is to take the battle to the other side & raise the cost for them. Let the Bohri & Shia clerics come out & declare their position on Rizwi, Naqvi & Poonawala. They can\u2019t have best of

> both by slandering Muslim sentiments & pay no cost

I wrote this thread on the mistakes made by Indian Muslims post 1947. Each word was painful but I had to spell it out. If we still don't change then we have to remember #Allamaiqbal words

Na samjhoge to mit jaoge

> This day was inevitable. Indian Muslims always lived in La La Land. They bad mouthed real well wishers & slept with the enemy who never considered them as part of them. In Gulf, Indian Muslims were busy with Javed Akhtar & Sonu Nigam. Never interacted with South Asian diaspora
