Working for the middle class is low on the agenda of Modi govt. Modi govt has successfully failed the mindset that the middle class lives on someone's mercy which was nurtured by the Congress.

While it might seem like a laughing matter, the purpose here is to demonstrate that a non government entity sitting in BJP's office is controlling what a Union Minister is tweeting.

For eg, in the past, @PonnaarrBJP tweeted that bringing 'down' approval time "600 to 1800" is an improvement. No one noticed this. Because they didn't know that they were tweeting from an edited document even back then.

[#Modi4NewIndia](#) Dishonesty & lack of transparency is the hallmark of a New India under Modi govt. In just 1.5 years of the introduction of GST, 55 lakh additional taxpayers got added, an increase from 65 lakh taxpayers in 2014.
